Goliath Sammy Davis,2023-03-03 About the Book Trial Error and Disappointment Davis v Goliath is about home ownership and the authors legal battle with their residential mortgage company What makes the story interesting is that during their attempt to raise funds for legal fees the author fell into a trap involving a well structured scam What makes this message relevant is that many were victims of the housing and financial crisis of 2007 while others are taken advantage of by scammers What makes this book unique is the authors choosing to openly document their plight with both experiences recognizing that others have experienced the same The author would like readers to connect with their story recognizing that our courts are courts of laws and not necessarily courts of morals Imagine that *Correspondent Banking* United States.
