Winning College Application Essay A student doesn't have to be a star scholar or a superhero to write a great application essay. They just have to show on paper that they know some things about themselves and that life has meaning and perspective. In *How to Write a Winning College Application Essay*, Mason teaches students how to put their best image on paper while letting the essay speak from their heart about what life means to them. Since the publication of the first two editions of his practical manual, thousands of students across the nation have used his techniques in the process of writing their personal statements for college and graduate school. Thousands of good students have been accepted into colleges of their choice because their essays were honest, moving, and sensitive. Their essays revealed their values, insights, and spirit, says Mason.

About the Author: Michael James Mason has helped thousands of students at his College Essay Workshops and in previous editions of this book. In writing the third edition to this popular book, he looked to the experiences of real students and admissions officials, the people who write and read the essays in college applications. He lives in Marina Del Rey, California.
