Erling, 2023-11-30 This edited volume provides the follow up to Erling et al s 2021 Multilingual Learning and Language Supportive Pedagogies in Sub Saharan Africa The strategies put forward in Volume 1 included multilingual pedagogies that allow students to draw on their full linguistic repertoires translanguaging and other language supportive pedagogies While there is great traction in the pedagogical strategies proposed in Volume 1 limited progress has been made in terms of multilingual education in Sub Saharan Africa SSA Thus the main focus of this follow up volume is to explore the question of why former colonial languages and monolingual approaches continue to be used as the dominant languages of education even when we have multilingual pedagogies and materials that could and do work and despite substantial evidence that learners have difficulties when taught in a language they do not understand This book offers perspectives to answer this question through focusing on the internal
