Basements and Attics, Closets and Cyberspace Linda M Morra, Jessica Schagerl, 2013-01-24 Women's letters and memoirs were until recently considered to have little historical significance. Many of these materials have disappeared or remain unarchived, often dismissed as ephemera and relegated to basements, attics, closets, and increasingly cyberspace rather than public institutions. This collection showcases the range of critical debates that animate thinking about women's archives in Canada. The essays in *Basements and Attics, Closets and Cyberspace* consider a series of central questions: What are the challenges that affect archival work about women in Canada today? What are some of the ethical dilemmas that arise over the course of archival research? How do researchers read and make sense of the materials available to them? How does one approach the shifting, unstable forms of new technologies? What principles inform the decisions not only to research the lives of women but to create archival deposits? The contributors focus on how a supplementary research process might allow for greater engagement with unique archival forms and critical absences in narratives of past and present. From questions of acquisition, deposition, and preservation to challenges related to the interpretation of material, the contributors track at various stages how fonds are created or sidestepped in response to national and other imperatives and to feminist commitments: how archival material is organized, restricted, accessed, and interpreted; how alternative and immediate archives might be conceived and approached; and how exchanges might be read when there are peculiar lacunae, missing or fragmented documents, or gaps in communication that then require imaginative leaps on the part of the researcher.

Vaincre le désordre numérique Lionel Bolnet, 2018-12-16 Ce que ce livre vous propose, c'est d'entamer un voyage sentimental au cœur de vos fichiers, de les considérer non comme des amas binaires mais plutôt comme votre biographie numérique. Enlevez de vos listes que les fichiers sont des outils administratifs et voyez les désormais comme des témoignages poignants de la vie trépidante que vous, vos enfants, vos proches ont vécu. Instillez du bonheur dans votre quotidien grâce à la musique que vous aimez, ne boudez pas votre plaisir devant votre film préféré, revivez la motion d'un mariage. Vous voyez, si vous saviez exploiter vos fichiers, vous ne diriez pas je ne m'en souviens pas, vous ne diriez pas j'ai vu cela un jour, mais oui. Quel que soit l'âge que vous avez, il est certain que vous avez amassé une belle collection de souvenirs numériques qui n'attendent que d'être rangés pour exploser sous vos yeux.
