Challenging the Chain N. Bharosa,R. van Wijk,N. de Winne,2015-04 What is digital business reporting Why do we need it And how can we improve it This book aims to address these questions by illustrating the rise of system to system information exchange and the opportunities for improving transparency and accountability Governments around the world are looking for ways to strengthen transparency and accountability without introducing more red tape which is a source of growing frustration and costs for businesses In 2004 the Ministry of Finance and the Ministry of Justice in the Netherlands started to investigate the potential of XBRL eXtensible Business Reporting Language as a uniform data standard for business to government information exchange In 2006 there was a comprehensive architecture for Standard Business Reporting SBR including the requirements for the information infrastructure One year later the first reports in XBRL were successfully delivered to the Tax and Customs Administration and the Chamber of Commerce via a secure infrastructure Today millions of business reports are being exchanged using SBR As a solution SBR empowers organisations to present a cohesive explanation of their business operations and helps them engage with internal and external stakeholders including regulators shareholders and creditors Challenging the chain describes the journey of SBR from challenge to solution Specialists in the field flanked by academics provide detailed insights on the challenges actors faced and the solutions they achieved In its versatility this book exemplifies the necessary paradigm shifts when it comes to such large scale public private transformations Policy makers managers IT specialists and architects looking to engage in such transformations will find guidance in this book

Greece International Monetary Fund. European Dept.,2017-02-07 This Selected Issues paper analyzes insolvency and enforcement issues in Greece The Greek insolvency and creditor rights framework has improved since the onset of the crisis as a result of successive reforms Nonetheless it remains

underutilized fragmented and distortive and is not supported by an adequate institutional setting This is because many of the reforms undertaken in recent years were not part of a coordinated and comprehensive nonperforming loan resolution strategy but were instead piecemeal and taken without proper stakeholder consultation and impact analysis Also the frequent and uncoordinated reforms have undermined legal predictability and certainty This situation of distress if left unaddressed affects enterprises households and financial and public creditors by preventing investment credit and consumption from recovering

Southern Powers and Global Development Laura Trajber Waisbich, 2025-10-16 Responsibility and accountability are key concepts in global development and no less so in the case of South South cooperation SSC This book illustrates how donorship responsibility and accountability are being debated negotiated and operationalised in the context of Southern rising powers development cooperation The book examines how Southern powers justify and improve the performance of their global development efforts to multiple audiences at home and abroad Through a multi site and multi scalar tracing of diplomatic and domestic foreign policymaking processes in Brazil China and India the book depicts Southern powers integration in the donorship regime where they simultaneously engage and contest existing donor accountability norms

Tunnel Visions Michael Riordan, Lillian Hoddeson, Adrienne W. Kolb, 2015-11-20 In October 1993 the US Congress terminated the Superconducting Super Collider at the time the largest basic science project ever attempted with a total cost estimated to exceed 10 billion Its termination was a watershed event a pivot point not only in the history of physics but also for science in general Tunnel Visions follows the evolution of the endeavor from its origins in the Reagan Administration s military buildup of the early 1980s to its post Cold War demise a decade later The failure of the SSC raises the question of whether Big Science has become too big and expensive can scientists and their government backers effectively manage such enormous undertakings The case of the Super Collider offers important lessons about the conditions required to build and sustain a large scientific laboratory and the rise and fall of the SSC also serves as a cautionary tale about the long term viability of a research community that comes to depend as much as did US high energy physics upon a single experimental facility of such an unprecedented scale Riordan Hoddeson and Kolb have written the definitive history of the SSC

International Wildlife Management John L. Koprowski, Paul R. Krausman, 2019-09-10 A call for wildlife conservationists to transcend the boundaries of locality share best practices and unite with a common voice to influence global policy Habitat loss disease management predator human conflict illegal trade these are among the many conservation challenges faced by wildlife experts around the world But how wildlife professionals approach these issues has historically been geographically fragmented By providing a broad perspective on issues faced by wildlife on an international scale the authors of International Wildlife Management make vital connections drawing attention to underlying causes and strategies for mitigation that may look surprisingly similar from Montana to Zimbabwe Bringing together wildlife professionals from around the globe to discuss shared challenges International Wildlife Management examines widespread patterns of wildlife loss covers key

conservation strategies including species reintroduction community engagement and wildlife commerce explores the urgent concerns of climate change habitat loss and fragmentation invasive species and poaching reviews major organizations involved in wildlife management at an international level highlighting examples of cooperation among groups and nations in effective wildlife management efforts features stories of success and struggle from authors across 17 countries on 6 continents This timely and thorough overview thinks big by assessing threats to wildlife on a global scale Wild creatures don't recognize artificial geographic borders This useful compendium demonstrates that researchers and scientists should follow their lead

Hybrid Virtual Teams in Shared Services Organizations Thomas Afflerbach, 2019-11-25 This book focuses on virtual teams which are fraught with cooperation problems It offers novel insights into how team members experience and overcome these problems by empirically studying hybrid virtual teams in Shared Services Organizations It firstly enhances the reader's understanding of contextual challenges relating to cooperation and shows how members of such teams experience faultlines through distance disconnection through reliance on communication technology and discontinuity through temporality of team composition Secondly it explores how they use 22 practices to overcome the cooperation problem which can be categorized as strategies of identity constructing trusting and virtual peer monitoring Lastly the study analyzes the role of technology demonstrating that state of the art media can facilitate but not ensure the use of these strategies and practices As such the book has implications for both researchers and practitioners
