ideas **How Power Works in Schools and Why It Matters for Maximizing Students' Learning** Jacob W. Neumann, 2024-02-02 People typically misunderstand how power works in schools Common thinking says that things like high stakes testing school reform efforts and political mandates exert the most power on schools The reality however is that power comes from everywhere It isn't a thing that only certain people possess nor does it operate linearly as in simple actions and reactions Instead power acts more like a web if you exert power in one part of a school the effects often spread across the rest of it The usual emphasis on big easy to see influences causes schools to focus on the wrong concerns the big public ones instead of the ones which make the most impact the small daily ones This book examines everyday phenomena inside schools to reveal the complexity and nuance of power and makes practical suggestions for how schools can manage power more effectively to maximize students learning Setting Performance Standards Gregory J. Cizek, 2012-03-22 Setting standards of performance is a ubiquitous task in education licensure certification and credentialing It is found in elementary schooling the professions commercial applications and governmental and private organizations It is one of the most complex controversial and vexing issues facing specialists and policy makers today This second edition solidifies Setting Performance Standards as the only book providing a comprehensive profile of both the issues and the how to methods that define this thorny field Four chapters have been removed 11 chapters have been added 2 chapters have major revisions and all chapters have been updated Comprehensive Part I provides a conceptual overview of standard setting and its overarching issues Part II provides practical how to information on the newest standard setting methods Part III provides information and advice on persistent and potential challenges in standard setting Practical Part II the heart of the book reviews 16 of the newest standard setting methods far more than any other book Expertise Most of the well known authors from the 1st edition return with authors of equal stature contributing new chapters *Common Sense Questions about School Administration* Gerard Giordano, 2015-03-06 Parents have questions for school administrators They want to know how they hire teachers erect facilities select learning materials protect students allocate budgets use data make forecasts measure progress and compete with for profit schools This book examines the questions they pose the answers they elicit the allies they attract the adversaries they arouse and the improvements they prod **Developing Knowledge Communities through Partnerships for Literacy** Chestin Auzenne-Curl, Cheryl J. Craig, 2021-09-20 Developing Knowledge Communities through Partnerships for Literacy explores the development of knowledge communities safe spaces on the educational landscape where research and professional development with literacy teachers and writers can unfurl
