The Medieval Natural World Seminar Studies:

The Medieval Natural World Richard Jones, 2013-11-14 How did medieval people make sense of their surroundings and how did this change over the years as understanding and knowledge expanded This new Seminar Study is designed to familiarise students of medieval history with the ways in which medieval people interpreted the world around them how they rationalised their observations and why they developed the models for understanding that they did Most importantly it shows how ideas changed over the medieval period and why With extensive primary source material this book builds up a picture using medieval encyclopedias prose literature and poetry records of estate management agricultural treatises scientific works annals and chronicles as well as the evidence from art architecture archaeology and the landscape itself An excellent introduction for undergraduate students of Medieval history or for anyone with an interest in the medieval natural world

Sustainability in the Arts and Humanities , **Old English Ecotheology** Courtney Barajas, 2025-10-01 Old English Ecotheology examines the impact of environmental crises on early medieval English theology and poetry Like their modern counterparts theologians at the turn of the first millennium understood the interconnectedness of the Earth community and affirmed the independent subjectivity of other than humans The author argues for the existence of a specific Old English ecotheology and demonstrates the influence of that theology on contemporaneous poetry Taking the Exeter Book as a microcosm of the poetic corpus she explores the impact of early medieval apocalypticism and environmental anxiety on Old English wisdom poems riddles elegies and saints lives Digital Gaming Re-imagines the Middle Ages Daniel T.

Kline, 2013-09-11 Digital gaming's cultural significance is often minimized much in the same way that the Middle Ages are discounted as the backward and childish precursor to the modern period Digital Gaming Reimagines the Middle Ages challenges both perceptions by examining how the Middle Ages have persisted into the contemporary world via digital games as well as analyzing how digital gaming translates adapts and remediates medieval stories themes characters and tropes in interactive electronic environments At the same time the Middle Ages are reinterpreted according to contemporary concerns and conflicts in all their complexity Rather than a distinct time in the past the Middle Ages form a space in which theory and narrative gaming and textuality identity and society are remediated and reimagined Together the essays demonstrate that while having its roots firmly in narrative traditions neomedieval gaming where neomedievalism no longer negotiates with any reality beyond itself and other medievalisms creates cultural palimpsests multiply layered trans temporal artifacts Digital Gaming Re imagines the Middle Ages demonstrates that the medieval is more than just a stockpile of historically static facts but is a living subversive presence in contemporary culture *Women Medievalists and the Academy, Volume 2* Jane Chance, 2018-05-22 Long overlooked in standard reference works pioneering women medievalists finally receive their due in *Women Medievalists and the Academy* This comprehensive edited volume brings to life a diverse collection of inspiring figures through memoirs biographical essays and interviews Covering many different nationalities and academic disciplines

including literature philology history archaeology art history theology or religious studies and philosophy each essay delves into one woman's life intellectual contributions and efforts to succeed in a male dominated field Together these extraordinary personal histories constitute a new standard reference that speaks to a growing interest in women's roles in the development of scholarship and the academy The collection begins in the eighteenth century with Elizabeth Elstob and continues to the present and includes among more than seventy profiles such important figures as Anna Jameson Lina Eckenstein Georgiana Goddard King Eileen Power Dorothy L Sayers Dorothy Whitelock Susan Mosher Stuard Marcia Colish and Caroline Walker Bynum among others

The Book of Nature in Early Modern and Modern History Klaas van Berkel, Arie Johan Vanderjagt, 2006 From 22-25 May 2002 the University of Groningen hosted an international conference on The Book of Nature Continuity and change in European and American attitudes

towards the natural world From Antiquity down to our own time theologians philosophers and scientists have often compared nature to a book which might under the right circumstances be read and interpreted in order to come closer to the Author of nature God The reading of this book was not regarded as mere idle curiosity but it was seen as leading to a deeper understanding of God s wisdom and power and it culturally legitimated and promoted a positive attitude towards nature and its study A selection of the papers which were delivered at the conference has been edited in two volumes The first book was published as *The Book of Nature in Antiquity and the Middle Ages* this second volume is devoted to the history of that concept after the Middle Ages

Interdisciplinary Studies in the Humanities Elizabeth Bayerl,1977 *The Marvels of the World* Rebecca Bushnell,2021-03-12 Long before the Romantics embraced nature people in the West saw the human and nonhuman worlds as both intimately interdependent and violently antagonistic With its peerless selection of ninety eight original sources concerned with the natural world and humankind s place within it *The Marvels of the World* offers a corrective to the still prevalent tendency to dismiss premodern attitudes toward nature as simple or univocal Gathering together medical texts herbals and how to books as well as scientific religious philosophical and poetic works dating from antiquity to the dawn of the Enlightenment the anthology explores both mainstream and unconventional thinking about the natural world Its seven parts focus on philosophy and science plants animals weather and climate ways of inhabiting the land gardens and gardening and European encounters with the wider world Each section and each of the book s selections is prefaced with a helpful introduction by volume editor Rebecca Bushnell that weaves connections among these compelling pieces of the past The early writers collected here wrote with extraordinary openness about ways of coexisting with the nonhuman forces that shaped them Bushnell demonstrates even as they sought to control and exploit their environment Taken as a whole *The Marvels of the World* reveals how many of these early writers cared as much about the natural world as we do today

Storied Places Virginia Reinburg,2019-04-18 Pilgrim shrines were places of healing holiness and truth in early modern France This book explains how this came about

The Grove Encyclopedia of Medieval Art and Architecture Colum Hourihane,2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture

Handbook of Pre-Modern Nordic Memory Studies Jürg Glauser,Pernille Hermann,Stephen A. Mitchell,2018-11-19 In recent years the field of Memory Studies has emerged as a key approach in the Humanities and Social Sciences and has increasingly shown its ability to open new windows on Nordic Studies as well The entries in this book document the work to date of this approach on the pre modern Nordic world mainly the Viking Age and the Middle Ages but including as well both earlier and later periods Given that Memory Studies is an ever expanding critical

strategy the approximately eighty contributors in this volume also discuss the potential for future research in this area Topics covered range from texts to performance to visual and other aspects of material culture all approached from within an interdisciplinary framework International specialists coming from such relevant fields as archaeology mythology history of religion folklore history law art literature philology language and mediality offer assessments on the relevance of Memory Studies to their disciplines and show it at work in case studies Finally this handbook demonstrates the various levels of culture where memory had a critical impact in the pre modern North and how deeply embedded the role of memory is in the material itself

Inscribing the Environment Connie Scarborough, 2013-03-22 Ecocriticism as a theoretical model has primarily been used in the study of Romantic post Romantic and contemporary literary texts Applications of the concepts to medieval literature however are a fairly recent phenomenon This book examines key canonical works from medieval Spain showing how descriptions of the natural world in these texts are informed by both the authors perceptions of the environment and established literary models

Stanford Bulletin, 2006 *Exploring the Future of Christian Monasticisms* Greg Peters, 2020-01-15 The institution of monasticism in the Christian Church is in general decline at least in so called first world nations Though there are many reasons for this monastic leaders are confronted by the reality of fewer communities monks and nuns nonetheless At the same time many younger Christians are rediscovering the rich heritage of the monastic tradition Though they themselves might not be called to join a traditional monastery they are eager to appropriate monastic practices in their own lives This had led to a movement known as the new monasticism or secular monasticism Despite lacking a unified vision and any central organization these new secular monastics are attempting in their own ways to carry on the tradition and practices of Christian monasticism As well there is a movement within historical Christian monasteries to pour new wine into old wineskins Traditional forms of monasticism are also generally flourishing in developing nations breathing new life into monasticism This volume looks at the current monastic landscape to assess where monasticism stands and to imagine ways in which it will grow in the future leading not only to a renewed Christian monasticism but to new monasticisms

Nature in the Middle Ages and the Early Modern Times Albrecht Classen, 2024-07-01 The study of pre modern anthropology requires the close examination of the relationship between nature and human society which has been both precarious and threatening as well as productive soothing inviting and pleasurable Much depends on the specific circumstances as the works by philosophers theologians poets artists and medical practitioners have regularly demonstrated It would not be good enough as previous scholarship has commonly done to examine simply what the various writers or artists had to say about nature While modern scientists consider just the hard core data of the objective world cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists Only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures social and economic relationships

medical and scientific concepts of human health and the messages about all existence as depicted in major art works In light of the current conditions threatening to bring upon us a global crisis it matters centrally to take into consideration pre modern discourses on nature and its enormous powers to understand the topoi and tropes determining the concepts through which we perceive nature Nature thus proves to be a force far beyond all human comprehensibility being both material and spiritual depending on our critical approaches Routledge Revivals: Medieval Italy (2004). Christopher Kleinhenz, 2017
