National Myth and the First World War in Modern Popular Music Peter Grant, 2016-12-09 This book looks at the role of popular music in constructing the myth of the First World War Since the late 1950s over 1 500 popular songs from more than forty countries have been recorded that draw inspiration from the War National Myth and the First World War in Modern Popular Music takes an inter disciplinary approach that locates popular music within the framework of memory studies and analyses how songwriters are influenced by their country s national myths How does popular music help form memory and remembrance of such an event Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens folk maestros including Al Stewart and Eric Bogle the socially aware rock of The Kinks and Pink Floyd metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Gal s and PJ Harvey

The New Nationalism--How The Next Great American Debate Will Restore Our Country By Recasting Our Politics Harlan M. C. Field, 2012-07-10 In this book Harlan Field boldly asks modern Americans to leave behind their old politics which have placed America s greatness in jeopardy and exhorts us to pursue a new political strategy that will assure America s great tradition for its future generations As we enter a new millennium Harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern Nation State The only known entity that is capable of preserving Freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of Globalism The five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought The rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the North American Free Trade Agreement NAFTA the General Agreement on Tariffs and Trade GATT and the European Union E U We no longer can even remember what makes a group of people into a nation A common culture a common heritage a common language shared goals shared sacrifice shared progress This book is a must read for our politicians on the left and on the right lest because of party politics America is made to give into a secondary role on the world stage of ruthless politics and demagoguery

Jewish Soldiers in the Collective Memory of Central Europe Gerald Lamprecht, Eleonore Lappin-Eppel, Ulrich Wyrwa, 2019-04-15 World War I marks a huge break in Central European Jewish history Not only had the violent wartime events destroyed Jewish life and especially the living space of Eastern European Jews but the impacts of war the geopolitical change and a radicalization of anti-Semitism also led to a crisis of Jewish identity Furthermore during the process of national self discovery and the establishing of new states the societal position of the Jews and their relationship to the state had to be redefined These partially violent processes which were always accompanied by anti-Semitism evoked Jewish and Gentile debates in which questions about Jewish loyalty to the old and or new states as well as concepts of Jewish identity under the new political circumstances were negotiated This volume collects articles dealing with these Jewish and gentile debates about military service and war memory in Central Europe

Franklin Rall,1918 **The Commercial and Financial Chronicle** ,1922 Grounded Nationalisms Siniša

Malešević,2019-02-21 Globalisation is not the enemy of nationalism instead as this book shows the two forces have developed together through modern history Malešević challenges dominant views which see nationalism as a declining social force He explains why the recent escalations of populist nationalism throughout the world do not represent a social anomaly but are in fact a historical norm By focusing on ever increasing organisational capacity greater ideological penetration and networks of micro solidarity Malešević shows how and why nationalism has become deeply grounded in the everyday life of modern human beings The author explores the social dynamics of these grounded nationalisms via an analysis of varied contexts from Ireland to the Balkans His findings show that increased ideological diffusion and the rising coercive capacities of states and other organisations have enabled nationalism to expand and establish itself as the dominant operative ideology of modernity

Competing Catholicisms Jean Luc Enyegue,2022 At a time when most African countries were moving towards independence and African nationalism was on the rise the Vatican speeded up the Church's indigenization agenda in an effort to secure its survival in sub Saharan Africa Following the collapse of its colonial empire France was also attempting to reassert its influence on the continent This book reveals how different Catholicities the Vatican and different Jesuit missions and different Christianities Roman Catholicism and different Protestant missions competed for the evangelization of French Africa during the mid 20th century They shared a common aim to convert African Traditional Religionists and different groups of Muslims to Christ and to contain the spread of Communism and other areligious ideologies Showing how this competition for faith helped build the Church in French West Africa and Africanize the church alongside missionary Christianity in a postcolonial Africa Enyegue also explores the reaction of a rising African clergy and leadership to this diverse and competing global agenda of Christianization especially after Chad and Cameroon became members of the Jesuit Vice Province of West Africa in 1973
