Volume 7 chronicles the Hindi film music of the decade between 1991 and 2000. This volume catalogues more than 1000 films and 7000 songs involving more than 1000 music directors, lyricists, and singers. An overview of the decade highlights the key artists of the decade, music directors, lyricists, and singers, and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided, and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists, and singers and include the names of session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music-related awards are listed. Interesting trivia is listed for most films. This includes information about artist debuts, plagiarized or sampled songs, controversies, and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.
