one that emphasizes its major events the stock market crash unemployment the passage of the Social Security Act but also and perhaps even more so its sensibilities its structures of feeling

Lords of Finance Liaquat Ahamed, 2009 Argues that the stock market crash of 1929 and subsequent Depression occurred as a result of poor decisions on the part of four central bankers who jointly attempted to reconstruct international finance by reinstating the gold standard

Unprecedented Power Steven Fenberg, 2013-12-06 In this poignant and timely biography *Unprecedented Power* Jesse Jones Capitalism and the Common Good shows how the Reconstruction Finance Corporation RFC saved the United States economy during the Great Depression and militarized industry in time to win World War II RFC strategies and Jesse Jones's approaches can be adapted now to address the impacts of the new coronavirus and climate change President Herbert Hoover had established the RFC in 1932 to make loans to banks railroads and insurance companies and appointed Jesse Jones Houston's preeminent developer and a former finance chair of the Democratic National Committee to the bi-partisan board With clear implications today Jones complained the RFC was slow and a year late and said if it had judiciously loaned five to seven billion dollars in 1931 and '32 economic collapse would have been prevented Soon after his inauguration President Franklin Roosevelt supercharged the RFC made Jones chair and the government agency began buying preferred stock in banks to stabilize and help them lend again Jones knew capital rather than debt was needed to save the banks and revive the flow of credit just as it was when the program was duplicated in 2008 as the Troubled Asset Relief Program better known as TARP Under Jones's leadership the RFC became the largest investor in the nation and rescued banks businesses homes and farms saved the railroads rebuilt communities after environmental calamities built bridges dams and aqueducts across the nation and brought electricity and appliances to rural America The RFC helped people and saved businesses during the Great Depression through judicious lending not spending and remarkably returned a profit to the government and its taxpayers As war spread Jones and FDR shifted the RFC's focus from domestic economics to global defense In its second cover story about Jones *TIME* magazine reported In all the U S today there is only one man whose power is greater Franklin Roosevelt The President knows Congress will give more to Jones without debate than he can get after a fight Emperor Jones is the greatest lender of all time Accordingly after Germany's European victories Congress on June 25 1940 gave Jones and the RFC the authority to build buy and lease plants to develop and manufacture metals ships airplanes tanks and guns to train aviators and with FDR's approval to do anything required to arm the Allied Forces Almost half of its outsized investments went to corporations to help convert their production to war time needs One of its largest new plants the Dodge Chicago plant covered 145 acres and took in raw metal at one end and produced finished airplane engines at the other Like all its new factories the plant was built and owned by the federal government's RFC leased to corporations to operate and sold to private interests after the war Likewise coordinated national large scale efforts and government investments can be made to address today's daunting challenges *Unprecedented Power* dramatically describes how Jesse Jones and the RFC used every option to save life democracy and

capitalism during two of the 20th century's most threatening events Unprecedented Power provides models for today by looking at successes from the past **New York Magazine** ,1987-11-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Midas Paradox* Scott Sumner,2015-12-01 Economic historians have made great progress in unraveling the causes of the Great Depression but not until Scott Sumner came along has anyone explained the multitude of twists and turns the economy took In *The Midas Paradox* Financial Markets Government Policy Shocks and the Great Depression Sumner offers his magnum opus the first book to comprehensively explain both monetary and non monetary causes of that cataclysm Drawing on financial market data and contemporaneous news stories Sumner shows that the Great Depression is ultimately a story of incredibly bad policymaking by central bankers legislators and two presidents especially mistakes related to monetary policy and wage rates He also shows that macroeconomic thought has long been captive to a false narrative which continues to misguide policymakers in their quixotic quest to promote robust and sustainable economic growth *The Midas Paradox* is a landmark treatise that solves mysteries that have long perplexed economic historians and corrects misconceptions about the true causes consequences and cures of macroeconomic instability Like Milton Friedman and Anna J Schwartz's *A Monetary History of the United States 1867-1960* it is one of those rare books destined to shape future research and debate on the subject **Kid Carolina** Heidi Schnakenberg,2010-02-17 The Reynolds tobacco family was an American dynasty like the Rockefellers Vanderbilts and Astors R J Dick Reynolds Jr was born into privilege and decadence but his disastrous personal life eventually destroyed almost every relationship he cherished and stole his health at a relatively young age Dick Reynolds was dubbed Kid Carolina when as a teenager he ran away from home and stowed away as part of the crew on a freighter For the rest of his life he'd turn to the sea instead of his friends and family for comfort Dick disappeared for months at a time leading the dual life of a business mogul and troubled soul both of which became legendary Despite his personal demons Dick played a pivotal role in shaping twentieth century America through his business savvy and politics He developed Delta and Eastern Airlines single handedly secured FDR's third term election and served as mayor of Winston Salem where his tobacco fortune was built Yet below the gilded surface lay a turbulent life of alcoholism infidelity and loneliness His chaotic existence culminated in a surprise fourth marriage and was shortly followed by a strange death the end of a life every bit as awe inspiring as it was disturbing *Dreamers and Schemers* Barry Siegel,2020-09-14 How one man brought the Olympics to Los Angeles fueling the city's urban transformation *Dreamers and Schemers* chronicles how Los Angeles's pursuit and staging of the 1932 Olympic Games during the depths of the Great Depression helped fuel the city's transformation from a seedy frontier village to a world famous metropolis Leading

that pursuit was the Prince of Realtors William May Billy Garland a prominent figure in early Los Angeles In important respects the story of Billy Garland is the story of Los Angeles After arriving in Southern California in 1890 he and his allies drove much of the city s historic expansion in the first two decades of the twentieth century Then from 1920 to 1932 he directed the city s bid for the 1932 Olympic Games Garland s quest to host the Olympics provides an unusually revealing window onto a particular time place and way of life Reconstructing the narrative from Garland s visionary notion to its consequential aftermath Barry Siegel shows how one man s grit and imagination made California history **Tex Rickard** Colleen Aycock,Mark Scott,2014-01-10 Whether opening saloons raising cattle or promoting sporting events George Lewis Tex Rickard 1870 1929 possessed a drive to be the best After an early career as a cowboy and Texas sheriff Rickard pioneered the largest ranch in South America built a series of profitable saloons in the Klondike and Nevada gold rushes and turned boxing into a million dollar sport As the Father of Madison Square Garden he promoted over 200 fights including some of the most notable of the 20th century the Longest Fight the Great White Hope fight and the famous Long Count fight Along the way he rubbed shoulders with some of history s most renowned figures including Teddy Roosevelt Wyatt Earp Bat Masterson John Ringling Jack Dempsey and Gene Tunney This detailed biography chronicles Rickard s colorful life and his critical role in the evolution of boxing from a minor sport to a modern spectacle **The Tootin' Louie** Donovan L.
