New Zealand *Elton John All the Songs* Romuald Ollivier, Olivier Roubin, 2023-04-04 This first of its kind catalog of Elton John's decades long career tells the story of one of rock's all time greatest artists album by album and track by track. Organized chronologically and covering every album and song that EGOT winner Sir Elton Hercules John has ever released, *Elton John All the Songs* draws upon years of research to tell the behind the scenes stories of how each song was written, composed and recorded, down to the instruments used and the people who played them. Spanning more than fifty years of work from Elton and his longtime collaborator Bernie Taupin, this book details the creative processes that resulted in seminal albums like *Goodbye Yellowbrick Road*, *Madman*, *Across the Water* and *Tumbleweed Connection* as well as Academy Award wins for 1995's *Lion King* and 2020's *Rocketman*. Newer work like *The Lockdown Sessions* which released in 2021 is also featured alongside Billboard stats, tour dates, producing and mixing credits and other insider details that will keep fans turning pages. Starting with the artist's early days working as a studio musician in London and featuring interviews with actors, musicians, collaborators and confidantes, *Elton John All the Songs* offers readers the most detailed portrait of the artist and his creative process that has ever been produced. Featuring hundreds of vivid photographs that celebrate one of music's most visually arresting performers, *Elton John All the Songs* is the authoritative guide to one of rock n roll's greatest stars.

It presents the relationship between cars and music in an effort to understand how music behaviour in the car can either enhance driver safety or place the driver at increased risk of accidents. A great deal of work has been done to investigate and reduce driver distraction and inattention, but this book is the first to focus on the in-cabin aural backgrounds of music as a contributing factor to human error and traffic violations. *Driving With Music* begins by outlining the automobile's relationship to society and the juxtaposition of music with the automobile as a complete package. It then highlights concepts from the fields of music perception and cognition and within this framework looks at the functional use of background music in our everyday lives. Driver music behaviours, both adaptive and maladaptive, are explored with the focus on contradictions and ill effects of in-car music listening. To conclude, implications, applications and countermeasures are suggested.
