To Have Or To Be:

To Have or To Be? Erich Fromm, 2013-11-05 To Have Or to Be is one of the seminal books of the second half of the 20th century Nothing less than a manifesto for a new social and psychological revolution to save our threatened planet this book is a summary of the penetrating thought of Eric Fromm His thesis is that two modes of existence struggle for the spirit of humankind the having mode which concentrates on material possessions power and aggression and is the basis of the universal evils of greed envy and violence and the being mode which is based on love the pleasure of sharing and in productive activity To Have Or to Be is a brilliant program for socioeconomic change Summary of Erich Fromm's To Have or To Be? Everest Media, 2022-06-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The distinction between having and being is the most crucial problem of existence It has been proven through the study of individuals and groups that having and being are two fundamental modes of experience and the respective strengths of which determine the differences between the characters of individuals and various types of social character 2 The difference between the having and being modes of existence can be illustrated by two poems by a Japanese and an English poet respectively Tennyson reacts to the flower by wanting to have it while Basho simply looks at it 3 Goethe the great lover of life expressed the quality of being in many poems He saw in the little flower a reminder that we must not forget to be joyous employed our faculties productively and was oned to the world 4 The difference between being and having is not essentially that between East and West The difference is between a society centered around persons and one centered around things The having orientation is typical of Western industrial society in which greed for money fame and power has become the dominant theme of life The Legal Observer, Digest, and Journal of Jurisprudence ,1850 **Justice of the Peace** .1850 Queen Anna's Nevy Vvorld of Words, Or Dictionarie of the Italian and English Tongues, Collected, and Newly Much Augmented by John Florio, Reader of the Italian Vnto the Soueraigne Maiestie of Anna, Crowned Queene of England, Scotland, France and Ireland, &c.
