D., 2011-05 The Entrepreneur s Guide To Start Grow and Manage a Profitable Business In his book The Right Stuff Tom Wolfe describes what it took for the early test pilots to succeed A career in flying was like climbing one of those ancient Babylonian pyramids made up of a dizzy progression of steps and ledges and the idea was to prove at every foot of the way that you were one of the elected and anointed ones who had the right stuff and could move higher and higher and even ultimately God willing one day that you might be able to join that special few at the very top that elite who had the capacity to bring tears to men s eyes the very brotherhood of the right stuff itself Although success as an entrepreneur launching a new business does not include feeling

Touch Valerie Curtis,2013-09-26 Every flu season sneezing coughing and graphic throat clearing become the day to day background noise in the workplace And coworkers tend to move as far and as quickly away from the source of these bodily eruptions as possible Instinctively humans recoil from objects that they view as dirty and even struggle to overcome feelings of discomfort once the offending item has been cleaned These reactions are universal and although there are cultural and individual variations by and large we are all disgusted by the same things In Don t Look Don t Touch Don t Eat Valerie Curtis builds a strong case for disgust as a shadow emotion less familiar than love or sadness it nevertheless affects our everyday lives In disgust biological and sociocultural factors meet in dynamic ways to shape human and animal behavior Curtis traces the evolutionary role of disgust in disease prevention and hygiene but also shows that it is much more than a biological mechanism Human social norms from good manners to moral behavior are deeply rooted in our sense of disgust The disgust reaction informs both our political opinions and our darkest tendencies such as misogyny and racism Through a deeper understanding of disgust Curtis argues we can take this ubiquitous human emotion and direct it toward useful ends from combating prejudice to reducing disease in the poorest parts of the world by raising standards of hygiene Don t Look Don t Touch Don t Eat reveals disgust to be a vital part of what it means to be human and explores how this deep seated response can be harnessed to improve the world Jacket **Extended Reality in Culture and Creative Industries** Almir
