Titian His Life:

Titian Sheila Hale, 2012-11-20 An excellent biography of the Renaissance artist drawing on contemporary accounts and recent art historical research scholarship Booklist Born in the mountains above Venice in the late fifteenth century Tiziano Vecellio or Titian was the greatest painter of the Venetian High Renaissance A poetic visionary and a technical master of oils he painted everything from frescoes and grand altarpieces to mythological stories and portraits works described by his contemporaries as mirrors of nature Sheila Hale's rich biography is the first since 1877 to examine all contemporary accounts of Titian's life and work as well as recent art historical scholarship some of it previously unpublished Her book charts the extraordinary transformation of Titian's style from the radiant minutely realized masterpieces of his youth to the more freely painted work of his middle years to the dark tragic sometimes terrifying visions of his old age Drawing on the latest scientific examinations of his paintings Hale seeks to explain the evolution of his methods and his art In doing so she also gives many different voices from Titian's lifetime to today free reign to explore praise and sometimes doubt his genius When Titian died in 1576 in his late eighties he had spent the whole of his working life in Venice the most celebrated city in Europe traveling as little as possible despite the clamor for his presence at the great courts of the continent He had witnessed wars Ottoman invasions and the rising Protestant threat to the Catholic Church He had become the favored painter of both Charles V the most powerful man in the world and his son Philip II of Spain who became Titian's most important patron Sheila Hale's masterly biography presents Titian through the lens of the turbulent times in which he lived and explores how this innovative sixteenth century master conveyed in his paintings a kind of truth that few other artists have been able to communicate which has fascinated Titian's admirers and followers ever since **Titian: His Life and**

Loh,2019-06-10 At the end of his long prolific life Titian was rumored to paint directly on the canvas with his bare hands He would slide his fingers across bright ridges of oil paint loosening the colors blending blurring and then bringing them together again With nothing more than the stroke of a thumb or the flick of a nail Titian s touch brought the world to life The clinking of glasses the clanging of swords and the cry of a woman s grief The sensation of hair brushing up against naked flesh the sudden blush of unplanned desire and the dry taste of fear in a lost shadowy place Titian s art Maria H Loh argues in this exquisitely illustrated book was and is a synesthetic experience To see is at once to hear to smell to taste and to touch But while Titian was fully attached to the world around him he also held the universe in his hands Like a magician he could conjure appearances out of thin air Like a philosopher his exploration into the very nature of things channelled and challenged the controversial ideas of his day But as a painter he created the world anew Dogs babies rubies and pearls Falcons flowers gloves and stone Shepherds mothers gods and men Paint canvas blood sweat and tears In a series of close visual investigations Loh guides us through the lush vibrant world of Titian s touch Titian Joseph Archer Crowe,2012-05 This is an OCR edition without illustrations or index It may have numerous typos or missing text However purchasers can download a free scanned copy of the original rare book from GeneralBooksClub com You can also preview excerpts from the book there Purchasers are also entitled to a free trial membership in the General Books Club where they can select from more than a million books without charge Volume 1 Original Published by J Murray in 1877 in 541 pages Subjects Art General Art History General Art European Art Individual Artist Biography Juvenile Nonfiction Biography Five Great Painters Lady Elizabeth Rigby Eastlake,1883 *Despatches, Correspondence, and Memoranda of Field Marshall Arthur, Duke of Wellington, K.G.: 1830-1831* Arthur Wellesley Duke of Wellington,1878 **Finding List of Books in the Classes of Biography, History and Travels, Belonging to the Indianapolis Public Library** Indianapolis Public Library,1904 **Dissertations on Early Law and Custom; Chiefly Selected from Lectures Delivered at Oxford** Henry Sumner Maine,2025-10-03 Reprint of the original first published in 1883 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *A Companion to Pietro Aretino* Marco Faini,Paola Ugolini,2021-08-16 A

Companion to Pietro Aretino offers exhaustive yet accessible essays aimed at understanding this complex and fascinating author. Its scope extends beyond the field of Italian studies and includes references to other European literatures, visual arts, music, performance studies, gender studies, and social and religious history. It explores multiple areas of Aretino's literary and biographical identity, in particular his religious writings and their fortune, his relationships to visual arts and music, and his fashioning of a public persona. The essays here included support the current scholarly trend that no longer considers Aretino merely as a pornographer but interprets his work in the light of the contemporary religious debate and cultural crisis. Contributors include Lise Boillet, Maria Cristina Cabani, Eleonora Carinci, Philip Cottrell, Giuseppe Crimi, Cathy Ann Elias, Marco Faini, Augusto Gentili, Harald Hendrix, Paul Larivaille, Chiara Lastraioli, Paolo Marini, Ian F. Moulton, Paolo Procaccioli, Brian Richardson, Angelo Romano, Deanna Shemek, Jane Tylus, Paola Ugolini, and Raymond B. Waddington.

The Artist Grows Old Philip Lindsay Sohm, 2007-01-01

How does the artist's self-conception change in old age? How does old age affect artistic practice? In this intriguing study, art historian Philip Sohm considers some of the greatest artists of Renaissance and Baroque Italy and their experiences of aging. Sohm investigates how art critics, collectors, biographers, and fellow artists dealt with old painters, what mental landscapes preconditioned responses to art by the elderly, and how biology and psychology were co-opted to explain the imprint that artists left on their art. He also looks carefully at the impact of prejudices, stereotypes, and other imaginary truths about old age. For some artists, the problems of old age were related to physical decline: Poussin's hands became shaky; Titian's eyesight dimmed. For others, psychological symptoms emerged. The book's cast of characters includes Michelangelo the hypochondriac, young fogey Titian, the shrewd marketer of old age the multiphobic Pontormo, and others. With sensitivity and insight, Sohm uncovers what it meant to be an old artist and how successive generations have looked at the art of an old master.
