*Oak Anthology of Blues Guitar: Delta Blues* Stefan Grossman, 1969-06-01 There are many intellectual curiosities about the blues It has always seemed a phenomenon that the guitar styles that came out of the South during the twenties and thirties could be differentiated by their regional characteristics On hearing a strange new artist one can almost pinpoint his city of origin through his guitar technique The Mississippi Delta produced a sound distinct from that of Texas Atlanta had a very popular style that seems to have been confined to that city The music of Louisiana has a weird voodoo texture while the Carolinas produced another totally different sound Music is quite a powerful tool Words of explanation can never express the impact of a musical experience I am going to attempt to teach the music of some great guitar bluesmen It is not going to be isolated and picked apart but presented with its historical value as well as personal and emotional value Words will not be my tools for this venture instead I will incorporate photographs and interview to describe these feelings **Joe Satriani - What Happens Next Songbook** Joe Satriani, 2018-05-01 Guitar Recorded Versions A dozen guitar transcriptions with notes and tab are included in this collection matching the 16th studio album released by Satch This 2018 album also features Deep Purple bassist Glenn Hughes and Red Hot Chili Peppers drummer Chad Smith Includes Catbot Cherry Blossoms Energy
