Reclaiming the Author Lucille Kerr, 1992 The recent fiction of Spanish America has been widely acclaimed for its experimental and revolutionary qualities In *Reclaiming the Author* Lucille Kerr studies the sources of power of this newly emergent literature in her detailed examination of the critical concept of the author Kerr considers how Spanish American narratives raise questions about authorial identity and activity through the different figures of the author they propose These author figures she maintains both complement and contradict notions of authority that exist outside of the world of fiction By focusing on works by well known Spanish American authors Cortazar Donoso Fuentes Poniadowska Puig and Vargas Llosa Kerr shows how the Spanish Americans have formed a radical poetics of the author Her readings demonstrate how

exemplary Spanish American texts such as *Rayuela* *Terra nostra* and *El hablador* call into question the author as a unitary or uniform and therefore unproblematical figure Individually and together Kerr's readings reclaim the author as a complex critical concept encompassing diverse conflicting even competitive roles Alejo Carpentier and His Early Works Frank Janney, 1981 Published by Boydell Brewer Inc **The Reception of Charles Dickens in Europe** Michael Hollington, 2013-08-29 The Reception of Charles Dickens in Europe offers a full historical survey of Dickens's reception in all the major European countries and many of the smaller ones filling a major gap in Dickens scholarship which has by and large neglected Dickens's fortunes in Europe and his impact on major European authors and movements Essays by leading international critics and translators give full attention to cultural changes and fashions such as the decline of Dickens's fortunes at the end of the nineteenth century in the period of Naturalism and Aestheticism and the subsequent upswing in the period of Modernism in part as a consequence of the rise of film in the era of Chaplin and Eisenstein It will also offer accounts of Dickens's reception in periods of political upheaval and revolution such as during the communist era in Eastern Europe or under fascism in Germany and Italy in particular Cassell's Weekly, 1923 A New English Dictionary on Historical Principles James Augustus Henry Murray, 1908 **Cyclopaedia of English Literature** Robert Chambers, 1875 The Novel of the Spanish Civil War (1936-1975) Gareth Thomas, 1990-05-25 This is a major English study of the novels of the Spanish Civil War The book is based on an analysis of some eighty Spanish novels written in Spain and abroad in exile during the Franco period 1936-1975 in which the Civil War is the major theme **Bridging the Gap between Theory and Practice in Translation and Gender Studies** Vanessa Leonardi, 2013-11-13 The aim of this work is to share information on two very interesting yet debatable issues within the field of Translation Studies namely gender and translation in an attempt to bridge the gap between theory and practice Given the important relationship between translation and gender since the beginning of the theoretical debate in Feminist Translation Studies the aim of this edited volume is to determine and analyse how this relationship has been approached in different countries not only in Europe but also worldwide Feminist translation is undoubtedly a very interesting and widespread phenomenon which includes and combines questions of language culture gender identity and sexual equality Feminist Translation Studies has established itself as a solid field of research and practice in many countries and its purpose is to reverse the subordinate role of both women and translators in society by challenging and fighting against what is perceived as patriarchal language There are still numerous issues that can be taken into account when focusing on translation and gender and this volume intends to be part of a wider discussion on Translation Studies The volume intends to outline how scholars in various contexts have approached the question of gender and translation the use/misuse of the term feminist translation the problematic issue of bridging the gap between theory and practice and to open a new discussion on this field of research which we believe is still a very interesting one to exploit **Adult Catalog: Authors** Los Angeles County Public Library, 1970 **Latin America and Existentialism** Edwin
