Thompson, Philippe Wajdenbaum, 2014-09-03 Did the Bible only take its definitive form after Alexander conquered the Near East after the Hellenisation of the Samaritans and Jews and after the founding of the great library of Alexandria The Bible and Hellenism takes up one of the most pressing and controversial questions of Bible Studies today the influence of classical literature on the writing and formation of the Bible Bringing together a wide range of international scholars The Bible and Hellenism explores the striking parallels between biblical and earlier Greek literature and examines the methodological issues raised by such comparative study The book argues that the oral traditions of historical memory are not the key factor in the creation of biblical narrative It demonstrates that Greek texts from such authors as Homer Hesiod Herodotus and Plato must be considered amongst the most important sources for the Bible *The Origins of Judaism* Yonatan Adler, 2022-11-15 A groundbreaking new study that utilizes archaeological discoveries and ancient texts to revolutionize our understanding of the beginnings of Judaism Throughout much of history the Jewish way of life has been characterized by strict adherence to the practices and prohibitions legislated by the Torah dietary laws ritual purity circumcision Sabbath regulations holidays and more But precisely when did this unique way of life first emerge and why specifically at that time In this revolutionary new study Yonatan Adler methodically engages ancient texts and archaeological discoveries to reveal the earliest evidence of Torah observance among ordinary Judeans He examines the species of animal bones in ancient rubbish heaps the prevalence of purification pools and chalk vessels in Judean settlements the dating of figural representations in decorative and functional arts evidence of such practices as tefillin and mezuzot and much more to reconstruct when ancient Judean society first adopted the Torah as authoritative law Focusing on the lived experience of the earliest Torah observers this investigative study transforms much of what we thought we knew about the

genesis and early development of Judaism      *The Biblical Truth about America's Death Penalty* Dale S. Recinella, 2015-12-01

While secular support for capital punishment in America seems to be waning religious conservatives particularly in the Bible belt remain staunch advocates of the death penalty citing biblical law and practice to defend government sanctioned killing Dale S Recinella compares biblical teaching about the death penalty including such passages as eye for eye tooth for tooth life for life with the nation s current system of capital punishment and offers persuasive arguments for a faith based moratorium on and eventual abolition of executions Framing his careful and incisive analysis as a legal brief to those who believe the Bible mandates the ultimate punishment the author addresses two critical areas of inquiry what do the scriptures tell us about who is deserving of death and who has the authority to kill and what do they tell us about the required standards for execution and the plight of victims families Recinella s examination of the Hebrew Torah or Christian Pentateuch and the Talmud reveals that the biblical death penalty was not a simple system of swift retribution but a complex and practical set of laws that guided capital courts established under the Sanhedrin His scrutiny of these texts the Christian doctrine of atonement and Romans 13 in the Pauline Epistles draws parallels between the traditional biblical arguments used in favor of capital punishment and those used as the basis for pro slavery positions in the nineteenth century Demonstrating that both approaches are unsubstantiated in biblical terms Recinella debunks the accepted religious reasoning for support of the death penalty and shows instead that the Bible s strict conditions for sanctioning execution are at odds with the arbitrary ways in which capital punishment is administered in the United States He provides convincing evidence that a sentence of death in today s criminal justice system in fact fails to meet both the Bible s exacting procedural requirements and its strict limitations on judicial authority By providing actual scriptural language and foundation to counter the position that biblical truth justifies a pro death penalty stance this thoughtful solidly researched and well reasoned work will give pause to religious fundamentalists and challenge them to rethink their strongly held views on capital punishment
