Yanev,2018-05-07 The proper construction of co perpetration responsibility in international criminal law has become one of the most enduring controversies in this field with the UN Tribunals endorsing the theory of joint criminal enterprise and the International Criminal Court adopting the alternative joint control over the crime theory to define this mode of liability This book seeks to reconcile the ICTY R s and ICC s jurisprudence by providing a definition of co perpetration that could be uniformly applied in the two justice models that these institutions represent the ad hoc and the treaty based model An evaluation framework is adopted pursuant to which the origins merits and deficiencies of the said competing theories are critically assessed and a refined legal framework of co perpetration responsibility is proposed

Peace Time Virginia Page Fortna, 2018-06-05 Why do cease fire agreements sometimes last for years while others flounder barely long enough to be announced How to maintain peace in the aftermath of war is arguably one of the most important questions of the post Cold War era And yet it is one of the least explored issues in the study of war and peace Here Page Fortna offers the first comprehensive analysis of why cease fires between states succeed or fail She develops cooperation theory to argue that mechanisms within these agreements can help maintain peace by altering the incentives for war and peace reducing uncertainty and helping to prevent or manage accidents that could lead to war To test this theory the book first explores factors such as decisive victory and prior history of conflict that affect the baseline prospects for peace It then considers whether stronger cease fires are likely to be implemented in the hardest or the easiest cases Next through both quantitative and qualitative testing of the effects of cease fire agreements firm evidence emerges that agreements do matter Durable peace is harder to achieve after some wars than others but when most difficult states usually invest more in peace building These efforts work Strong agreements markedly lessen the risk of further war Mechanisms such as demilitarized zones dispute resolution commissions peacekeeping and external guarantees can help maintain peace between even the deadliest of foes
