*The Medieval Chronicle* V Erik Kooper,2008 There are several reasons why the chronicle is particularly suited as the topic of a yearbook In the first place there is its ubiquity all over Europe and throughout the Middle Ages chronicles were written both in Latin and in the vernacular and not only in Europe but also in the countries neighbouring on it like those of the Arabic world Secondly all chronicles raise such questions as by whom for whom or for what purpose were they written how do they reconstruct the past what determined the choice of verse or prose or what kind of literary influences are discernable in them Finally many chronicles have been beautifully illuminated and the relation between text and image leads to a wholly different set of questions The yearbook *The Medieval Chronicle* aims to provide a representative survey of the on going research in the field of chronicle studies illustrated by examples from specific chronicles from a wide variety of countries periods and cultural backgrounds The *Medieval Chronicle* is published in cooperation with the Medieval Chronicle Society

*Beasts of the Forest* Jon Hackett, Seán Harrington, 2019-12-02 An interdisciplinary engagement with the forest and its monsters through critical readings of folklore, fiction, film, music, video, and animation. Within the text, there are a multitude of convergent critical perspectives used to engage and explore fictional and real monsters of the forest in media and folklore. The collection features chapters from a variety of academic perspectives: film and media studies, cultural studies, queer theory, Tolkien studies, mythology, and popular music are featured. Under examination are a wide range of narratives and media forms that represent, reimagine, and create the werewolves, witches, and weird apparitions that inhabit the forest along with the forest as a monstrous entity in itself. Whether they be our shelter and safe haven or the domain of malevolent spirits and sprites, forests have the capacity to horrify and threaten those that venture into them without permission. Human interference has continually threatened forests across the world, yet this threat is reversed in myth, folklore, and more recent cultural forms. This collection ranges widely to analyze how forests figure in contemporary culture as well as the wider contexts in which such representations are inserted.
