## **The Misadventures Of Bob The Zombie:**

*The Misadventures of Bob the Zombie* Jaime Johnesee, Leigh Lane, Jeffrey Kosh, 2014-11-01 Bob is an ordinary guy He likes classic rock a good party and tacos It s too bad that he is dead Well technically speaking Bob is undead After an accident claimed his life his mother couldn t bear to bury him A quick call to a necromancer fixed that problem and voila he was reborn Armed with a quick wit a sharp intellect some good friends and his trusty stapler Bob embarks on some crazy adventures that will make you laugh make you cringe and most importantly make you cheer for Bob to have a happy ending Get the three previously released Bob novellas a new never before seen novella and a BONUS short story Featuring Bob the Zombie Bob the Spy Bob the Valentine Bob the Mentor and Bob the Hero      **The Zombie Cat** Mark Binder, 2017-09-16 Witches Tsunami Toxic Chemicals and Tossed Cookies Seven stories and a novella about a bunch of ordinary kids getting into extraordinary trouble after school on Halloween and on vacation Fun funny disgusting and exciting for young people and adults with a sense of humor      **The Encyclopedia of Fantastic Film** R. G. Young, 2000-04 Thirty five years in the making and destined to be the last word in fanta film references This incredible 1 017 page resource provides vital credits on over 9 000 films 1896 1999 of horror fantasy mystery science fiction heavy melodrama and film noir Comprehensive cast lists include directors writers cinematographers and composers Also includes plot synopses critiques re title translation information running times photographs and several cross referenced indexes by artist year song etc Paperback

**Encyclopedia of Weird Westerns** Paul Green, 2016-03-10 From automatons to zombies many elements of fantasy and science fiction have been cross pollinated with the Western movie genre In its second edition this encyclopedia of the Weird Western includes many new entries covering film television animation novels pulp fiction short stories comic books graphic novels and video and role playing games Categories include Weird Weird Menace Science Fiction Space Steampunk and Romance Westerns      **Vampira and Her Daughters** Robert Michael "Bobb" Cotter, 2017-01-12 From Vampira to Elvira Mistress of the Dark female horror movie hosts have long been a staple of late night television Broadcast on local stations and cable access channels characters such as Moona Lisa Stella Crematia Mortem and Tarantula Ghoul brought an entertaining blend of macabre camp and after prime time sexuality to American living rooms in the 1950s through 1990s Despite a near total lack of local programming today the tradition continues on the Internet and Roku and other modern media Featuring exclusive interviews and rare photographs this book covers dozens of dream ghouls with alphabetical entries from Aunt Gertie to Veronique Von Venom      **Audiobooks as Artifacts** David Seinberg, 2024-06-19 Their ever evolving popularity notwithstanding audiobooks remain a rather undertheorized phenomenon The prevailing handful of existing studies seem to have adopted an inherently historicist approach which fails to identify and scrutinize their aesthetic importance Thus rather than regarding them as mere recorded versions of existing literary works this book explores them as the unique products of a hitherto undefined artistic genre As performance based aural artefacts the very act of listening to

them is rendered an aesthetic experience in its own right By effectively embracing an interdisciplinary approach and introducing a set of aesthetic questions and philosophical conundrums ignited by a paradigmatic application of the New Institutional Theory of Art this study establishes a new aesthetic category which in turn not only classifies audiobooks as artworks to all intents and purposes but also generates the criteria and parameters for evaluating their merit Since the proof of the proverbial pudding is purportedly in the eating in surveying a series of concrete case studies each highlighting different degrees of complexities this study mainly examines first person narratives as the most natural medium for the aesthetics of the audiobook As such the investigation herein provides one with comparative close listenings appropriately analyzing and debating their aesthetic properties Finally in exploring what this study identifies as one s informed intuition and its role in the craft of casting audiobooks this study also proposes a new understating of how aesthetic appreciation works in action

**Character-Based Film Series Part 3** Terry Rowan,2016-08-31 The Character based film series each complete on its own but sharing a common cast of main characters with continuing traits and a similar fituation format and stars include Abbott Costello Alan Ladd Batman Calamity Jane Elvis Presley Harry Callahan Harry Palmer Hercules Indiana Jones James Bond John Wayne Laurel Hardy Martin Lewis Matt Helm Nick Carter Red Ryder The Saint Sinbad the Sailor Spider Man Star Trek Texas Rangers The Thin Man The Three Stooges and Tony Rome plus so many more character based series The third book in the series of 3 See the other Books in the series

**Imagining Transmedia** Ed Finn,Bob Beard,Joey Eschrich,Ruth Wylie,2024-04-23 How the blurring of media forms transmedia became the default for how we experience narratives and how that cultural transformation has redefined the worlds of education entertainment and our increasingly polarized public discourse Over the past decade the power of narrative has been unleashed with awesome and terrifying consequences and it has been consumed in its blurred media forms by millions of people as news entertainment and education Imagining Transmedia edited by Ed Finn Bob Beard Joey Eschrich and Ruth Wylie explores the surprising ways that narratives working across media forms became the default grammar for both media consumption and personal expression and how multiplatform storytelling creates new media literacies and modes of civil discourse Understanding this shift reveals transmedia as an essential building block of media literacy today Transmedia is how we create interpret and participate in our increasingly mediated society It extends beyond popular culture into professional and public spheres while at the same time it fuels the misinformation and polarization that have contributed to America s fraying civic discourse Reaching beyond traditional academic analyses this probing collection of essays and conversations features transmedia practitioners sharing their experiences and inviting readers to imagine the types of multimodal stories and experiences they might create Prioritizing conversation over a single unified theory each section of this volume pairs thematically linked essays from international contributors with a dialogue between authors to create an accessible practical synthesis of ideas
