John A. Strong,2022-09-01 Although the Montaukett were among the first tribes to establish relations with the English in the seventeenth century until now very little has been written about the evolution of their interaction with the settlers John A Strong a noted authority on the Indians of New York State s Long Island has written a concise history that focuses on the issue of land tenure in the relations between the English and the Montaukett This study covers the period from the earliest contacts to the New York Appellate Court decision in 1917 which declared the tribe to be extinct to their current battle for the federal recognition necessary to reclaim portions of their land Strong also looks at related issues such as cultural assimilation political and social tensions and patterns of economic dependency among the Montaukett **The Living Age** ,1847 Living with Long Island's South Shore Larry McCormick,1984 The south shore of Long Island one of New York s greatest recreational assets is receding at the rate of up to six feet per year In many cases efforts to halt this erosion actually have increased it Buildings cone thought safely constructed back from high tidemarks today protrude far into the water Even more the number of homes an facilities built too close to the sea s edge has dramatically increased making the south shore probably less ready to withstand a major storm than at the time of the cataclysmic hurricane of 1938 Thus the question of what to do now to overcome and avoid these hazards takes on real urgency Pointing to past mistakes many Long Islanders insist that only by acting in an informed reasonable way can safe and environmentally sound development be possible for everyone **The Power of Positive Living** Norman Vincent Peale,2015-09-29 The 1 New York Times bestselling author of The Power of Positive Thinking shows readers how to put his philosophy of optimism into action Millions of people around the world have changed their lives for the better thanks to Norman Vincent Peale and his Positive Thinking philosophy Dr Peale s groundbreaking program of affirmation and positive visualization is an amazingly effective way to overcome any obstacles that may stand between you and success happiness and your mental emotional physical and spiritual health and well being Positive Thinking works and in The Power of Positive Living Dr Peale demonstrates how to use these techniques to conquer the fears and crippling adversity that may be holding you back from realizing your true potential in life Self confidence is the key and this book shows us how we can do it With the get it done twins patience and perseverance any believer can be an achiever Dr Peale provides inspiring success stories from his own extensive experience as a counselor such as a department store executive who turned his store into one of the chain s most profitable by focusing on his past successes rather than his failures and a woman who recovered her self confidence and joy and purpose in living when she started volunteering with cancer survivors after her own breast cancer diagnosis cut short her modeling career The wisdom guidance and practical advice provided in The Power of Positive Living will give you faith in yourself and in your power to achieve absolutely anything The Environment of the United States Living Marine Resources, 1974 ,1976 **The Living Church** ,1894 **Castles in the Sand** MARK S. FOSTER,2023-05-09 This is the definitive biography of a famous developer and fascinating entrepreneur Born in Indiana Carl Fisher helped build the Indianapolis Motor Speedway and headed promotion

for the Indy 500 But these feats were only prologue to his grandest adventure as primary developer and promoter of Miami Beach Littell's Living Age ,1902 **The Living Age** ,1847 **Weekend Utopia** Alastair Gordon,2001-05 The Hamptons are hot Gordon who grew up there traces the invention of the idea of the Hamptons as a resort for the elite of New York City and shows how various forces including artists real estate developers and media professionals transformed what had been a quiet rural place into a modern and worldwide phenomenon 175 illustrations **Living My Dreams** Steven A. Scolari,2007 Imagining the Past ,1996-02-01 How we make history and what we then make of it is engagingly dramatized in T H Breen s portrait of a 350 year old American community faced with the costs of its progress In the particulars of one town s struggle to check development and save its natural environment Breen shows how our sense of history reflects our ever changing self perceptions and hopes for the future Breen first went to East Hampton the celebrated Long Island resort town to write about the Mulford Farmstead a picturesque saltbox dating from the 1680s Through his research he came across a fascinating cast of local characters past and present who contributed to invented and reinvented the town s history Breen s work also drew him into contemporary local affairs factionalism among residents zoning disputes and debates over resource management Driving these heated issues Breen found were some dearly held notions about a harmonious agrarian past that conflicted with what he had come to know about the divisiveness and opportunism of East Hampton s early days Imagining the Past is about the interplay between some of the East Hampton histories Breen encountered the official histories of many generations the myths and oral traditions and the curious stories that Breen as an outsider discerned in the town s rich holdings of artifacts and documents With a warm yet wry regard for human nature Breen obliges us to confront our pasts in all their complexities and ironies no matter how unsettling or inconvenient the experience
