The Mourning After:

The Mourning After John Ibson, 2018-11-01 On the battlefields of World War II with their fellow soldiers as the only shield between life and death a generation of American men found themselves connecting with each other in new and profound ways Back home after the war however these intimacies faced both scorn and vicious homophobia *The Mourning After* makes sense of this cruel irony telling the story of the unmeasured toll exacted upon generations of male friendships John Ibson draws evidence from the contrasting views of male closeness depicted in WWII era fiction by Gore Vidal and John Horne Burns as well as from such wide ranging sources as psychiatry texts child development books the memoirs of veterans children and a slew of vernacular snapshots of happy male couples In this sweeping reinterpretation of the postwar years Ibson argues that a prolonged mourning for tenderness lost lay at the core of midcentury American masculinity leaving far too many men with an unspoken ache that continued long after the fighting stopped forever damaging their relationships with their wives their children and each other

The Mourning After Darcy Donovan, 2014-12-08 On January 29 2010 James Donovan went in to the hospital for a simple Day procedure it was supposed to be in and out just like that It didn't turn out that way His son Darcy Donovan walks you through a deeply personal and painful journey after witnessing his father succumb to the medical mistake He offers to walk you through his personal journey of the sudden loss of his father and how he successfully and unsuccessfully navigated the road of death grief and healing in its wake From dealing with bitterness and anger that followed to a hauntingly beautiful message at the end the tale is a raw and honest look at the nature of grief For when a loved one dies the event changes you as a person forever But you'll come to realize this isn't necessarily a bad thing

The Mourning After Neil Edward Brooks, Josh Toth, 2007 Have we moved beyond postmodernism Did postmodernism lose its oppositional value when it became a cultural dominant While focusing on questions such as these the articles in this collection consider the possibility that the death of a certain version of postmodernism marks a renewed attempt to re negotiate and perhaps re embrace many of the cultural literary and theoretical assumptions that postmodernism seemingly denied outright Including contributions from some of the leading scholars in the field N Katherine Hayles John D Caputo Paul Maltby Jane Flax among others this collection ultimately comes together to perform a certain work of mourning Through their explorations of this current epistemological shift in narrative and theoretical production these articles work to get over postmodernism while simultaneously celebrating a certain postmodern inheritance an inheritance that can offer us important avenues to understanding and affecting contemporary culture and society

C. Choo,2022-07-31 This nuanced study traces how Chinese came to view death as an opportunity to fashion and convey social identities and memories during the medieval period 200 1000 and the Tang dynasty 618 907 specifically As Chinese society became increasingly multicultural and multireligious to achieve these aims people selectively adopted portrayed and interpreted various acts of remembrance Included in these were new

and evolving burial mourning and commemorative practices joint burials of spouses extended family members and coreligionists relocation and reburial of bodies posthumous marriage and divorce interment of a summoned soul in the absence of a body and many changes to the classical mourning and commemorative rites that became the norm during the period Individuals independently constructed the socio religious meanings of a particular death and the handling of corpses by engaging in and reviewing acts of remembrance Drawing on a variety of sources including hundreds of newly excavated entombed epitaph inscriptions *Inscribing Death* illuminates the process through which the living and the dead negotiated this multiplicity of meanings and how they shaped their memories and identities both as individuals and as part of collectives In particular it details the growing emphasis on remembrance as an expression of filial piety and the grave as a focal point of ancestral sacrifice The work also identifies different modes of construction and representation of the self in life and death deepening our understanding of ancestral worship and its changing *modus operandi* and continuous shaping influence on the most intimate human relationships thus challenging the current monolithic representation of ancestral worship as an extension of families rather than individuals in medieval China
