It saps your organization's strength directly affecting your organization's ability to achieve the levels of customer satisfaction productivity and profitability you know you could achieve. Keith Ayers presents a compelling argument that the focus on engagement has failed because leaders think engagement can be bought through bonuses benefits and share options. That is like trying to cure cancer with an aspirin or band aid. The cure for the cancer of disengagement is for leaders to look in the mirror at the leadership they provide. In this in depth exploration of the leadership skills needed to get every employee to want to perform at their best Ayers challenges leaders to stop focusing on engagement and set their sights on igniting the fire of passion in their employees
