The Meaning Of Sanctorum Communio:

The Meaning of Sanctorum Communio Stephen Benko, 1964 **The Meaning of the Doctrine of the Communion of Saints** John Corsham Vawdrey, 1904 Towards a Christian Theology of African Ancestors Thomas Ochieng Otanga, 2023-04-21 This book examines the similarities and relationship between Christian saints and African ancestors. Further, it analyzes the deep cultural roots of African peoples and the ancestral frame as a point of departure for developing an indigenous African theology. Questions dealt with include: Does the conversion of Africans to Christianity require a break with their African cultural heritage? Who is an African ancestor? Is syncretism a good thing for an African Christian? What contribution can the African church make to the universal church? The author argues that rather than being antithetical to formal Christianity, an African Christian theology of ancestors is an example of how an indigenous African tradition can best express Christianity as well as make considerable impact on world Christianity.

The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide ranging in its scope, *The Oxford Dictionary of the Christian Church* is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology, churches, and denominations, patristic scholarship, and the Bible, to the church calendar and its organization, popes, archbishops, other church leaders, saints, and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations, for example, non-Western European Christianity, as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCC has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

The Apse Mosaic in Early Medieval Rome Erik Thunø, 2015-04-20 This book focuses on apse mosaics in Rome and engages topics including time, intercession, materiality, repetition, and vision.

The Bride of Christ - A Metaphor for the Church Norbert Schnell, 2021-11-30 *Lumen gentium*, the Dogmatic Constitution on the Church of the Second Vatican Council, uses various images to speak about the Church. This study is about the Church as the Bride of Christ. Unlike the great images of the Church as the People of God and the Body of Christ, the image of the Church as the Bride of Christ has never been extensively examined since the Second Vatican Council. The current research is a biblical and systematic theological study of this image. Its main question is what this metaphor can tell us about the essence of the Church and what its consequences are for the life of the Church today.

A Political Theology of Nature Peter Scott, 2003-03-06 This book argues that the modern separation of humanity from nature can be traced to the displacement of the triune God Locating the source of our current ecological crisis in this separation Peter Scott argues that it can only be healed within theology through a revival of a Trinitarian doctrine of creation interacting with political philosophies of ecology Drawing insights from deep ecology ecofeminism and social and socialist ecologies Scott proposes a common realm of God nature and humanity Both Trinitarian and political the theology of this common realm is worked out by reference to Christ and Spirit Christ's resurrection is presented as the liberation and renewal of ecological relations in nature and society the movement of the Holy Spirit is understood as the renewal of fellowship between humanity and nature through ecological democracy and the Eucharist is proposed as the principal political resource Christianity offers for an ecological age
