undergone major changes and all of the rest have been clarified and sharpened The result is a symbol system of unparalleled accuracy and an indispensable tool for both amateur and practicing astrologers The Zodiac by Degrees gave me serious goose bumps on several occasions Inside of half an hour the text had cleared up my ambivalence about the exact degree of my Ascendant and given me a new understanding of my Sun degree 8212One vastly more evocative than the traditional Sabian interpretation Martin Goldsmith is a poet in the old sense of the word he s on fi re with imagery and the fire is contagious 8212Steven Forrest author of The Inner Sky At last An astrologer who has undertaken the huge workload of intensive research into the individual degrees of the zodiac Thanks to his years of work Goldsmith has finally taken this area of astrology out of the misty intuitive channeled area of the Sabian symbols onto the firmer and more reliable footing of good grounded research This long needed book is therefore an essential reference work for any serious astrologer
