*Your Guide To Reach Innovation* Munther Al Dawood, 2022-09-16 Why does this book matter I have spent months thinking about innovation and how to reach it finding this task challenging to get references that are easy to understand and practice to make innovation For many people there is a lot of misconception about innovation and how to develop it making this book a valuable resource to guide you to reach innovation and specifically answer the following questions

1 What is the concept of innovation Innovation is creative thinking and practical creativity to make novel ideas that bring significant value to customers and companies Innovation comes in a variety of outcomes as new or improved products invented or upgraded processes enhancement of customer experience marketing activities or breakthrough technology Besides innovation is vital to both customers and businesses as it enhances the value propositions improves product design and usability reduces costs and increases customer experience yet it leads to business profitability and sustainability

2 What

is the framework of innovation One of the book's merits is designing a comprehensive framework for innovation explaining four key subjects of innovation inputs processes outputs and control This framework enables readers to understand innovation flows and requirements Innovation inputs include vision strategy leadership resources system and disciplined culture Innovation processes include inspiration synthesis ideating and experimenting and implementation Innovation outputs cover three spaces relevant to customers businesses and technology Innovation control involves aligning monitoring and controlling quality checks testing and assessment

3 What are the types of innovation There are many types of innovation although they all share the same concept of innovation attributed to novelty and value advantages Innovation comes in different types like lifecycle categories disruptive incremental product process business model configuration customer experience and open and closed model of innovation

4 How do you diffuse a business innovation The diffusion of technological innovation explains how innovation rollouts in the market In the technology lifecycle an innovation product begins as a breakthrough technology developed by techies then diffused to the market as technology products and applications by early adopters Then these technology products are transformed into innovation platforms by the early majority followed by slowing down the growth rate of revenues and reaching maturity encouraging late majorities to involve sustainable innovation to improve customer experience and operational excellence Last the cycle reaches a maturity where laggards involve in renewal activities of innovation

5 How can you design a business model for innovation A business model explains how a firm creates delivers and captures values A business model typically identifies three elements value creation transaction and resources The book discusses various kinds of business models and proposes criteria for the assessment of business models The book also draws a new business model for innovation that comprises eight business elements

- 1 customer segment
- 2 customer value fit
- 3 commercializing
- 4 activities
- 5 resources
- 6 partnership
- 7 profitability and
- 8 measurement

6 What are the best practices and models of innovation The book illustrates 29 best practices and models of innovation like lean start up thinking blue ocean strategy business model Canvas good to great thinking design thinking job to do thinking SPRINT open innovation and more
