Buddhism typically involves a stereotyped image of isolated individuals in meditation contemplating nothingness. This book presents the other side of Zen by examining the movement's explosive growth during the Tokugawa period 1600-1867 in Japan and by shedding light on the broader Japanese religious landscape during the era. Using newly discovered manuscripts, Duncan Ryuken Williams argues that the success of Soto Zen was due neither to what is most often associated with the sect, Zen meditation, nor to the teachings of its medieval founder Dogen, but rather to the social benefits it conveyed. Williams's work is based on careful examination of archival sources including temple logbooks, prayer and funerary manuals, death registries, miracle tales of popular Buddhist deities, secret initiation papers, villagers' diaries, and fundraising donor lists. Treston, 2004-12-22 Journey into the life of a renegade American who decided to defect to the most reclusive and oppressive nation in modern history, North Korea. An American idealist defects to North Korea in the 1970s only to discover the true horrors of this Stalinist state. What happens next would shock even those familiar with authoritarian regimes. The author, an American Foreign Service worker in China, meets a man by the name of David. David entrusts the author with his diary and makes the author promise him that the diary will be shown to the world as evidence of what North Korea is really like. Following this encounter, the author never sees David again. The author discovers that within the pages of this diary lies an incredible story of defection, survival, and an eventual escape by the man he knows only as David. After staying up and reading the entire diary, the author is convinced that David's story must be told to the world. The diary details David's life from his fairly comfortable upbringings through his rebellious youth and into his extraordinary decision to defect to North Korea. At first, David enjoys an elevated status in North Korea as a hero and a patriot of the socialist cause. During two decades as an English professor at the most prestigious North Korean University, David experiences love, seduction, betrayal, and violence. *The British National Bibliography* Arthur James Wells, 2009 **The Other Side** Judy Botello, 1998 This memoir reads like a novel, a love story told in a series of travel adventures spanning more than twenty years on the Baja peninsula. *Managing the Drug Discovery Process* Susan Miller, Walter Moos, Barbara Munk, Stephen Munk, Charles Hart, David Spellmeyer, 2023-03-09 Managing the Drug Discovery Process, Second Edition, thoroughly examines the current state of pharmaceutical research and development by providing experienced perspectives on biomedical research, drug hunting, and innovation, including the requisite educational paths that enable students to chart a career path in this field.
