

~The outsiders~

Scene one:-

Narrator: The two gangs of Oklahoma have always been against one another. Ponyboy Curtis, third amongst his brothers belongs to the group “geasers” with his brothers, Darry and Sodapop, Dally and Johnny. On the other side are the “socs” known very well for their wealth or atleast their family’s. At the most critical time of the rumble, Dally manages to show up.

Paul: hold up, hold it-

Darry: (receives a punch from paul)

Dally: comes running and jumps on paul.

Ponyboy [to Dally]: I thought you were at the hospital!

Dally: well I ain’t now.

Domestic Democracy Jennifer Fish, 2005-11-16 This study examines the dialectic relationship between social inequality and change in the newly democratic South Africa through the lens of paid domestic labor The complexities of this institution provide an in depth analysis of the tension between the race and gender priorities of South Africa's new democracy and the lived realities of the majority of its population Because paid domestic work remains the largest sector of employment for women in South Africa it is critical to situating the scope of social change in this emergent democracy This book presents the first comprehensive study of paid domestic labor since South Africa's 1994 post apartheid transition Drawing upon 85 interviews with domestic workers employers Parliamentarians community activists and organizational leaders this research offers diverse perspectives on the race class and gender divides that remain integral to social relations in the context of national transition In contrast this study also details women's collective agency through the exploration of a critical social policy change shaped by the activism of a new union of domestic workers Drawing upon extensive fieldwork this book demonstrates that transformation of social relations remains one of the greatest obstacles to engendering democracy in South Africa

Getting the Holy Ghost Peter Marina, 2013-01-30 This book carries an ethnographic signature in approach and style and is an examination of a small Brooklyn New York African American Pentecostal church congregation and is based on ethnographic notes taken over the course of four years The Pentecostal Church is known to outsiders almost exclusively for its members bizarre habit of speaking in tongues This ethnography however puts those outsiders inside the church pews as it paints a portrait of piety compassion caring love all embraced through an embodiment perspective as the church's members experience these forces in the most personal ways through religious conversion Central themes include concerns with the notion of spectacle because of the grand bodily display that is highlighted by spiritual struggle social aspiration punishment and spontaneous explosions of a variety of emotions in the public sphere The approach to sociology throughout this work incorporates the striking dialectic of history and biography to penetrate and interact with religiously inspired residents of the inner city in a quest to make sense both empirically and theoretically of this rapidly changing surprising and highly contradictory late modern church scene The focus

on the individual process of becoming Pentecostal provides a road map into the church and canvasses an intimate view into the lives of its members capturing their stories as they proceed in their Pentecostal careers This book challenges important sociological concepts like crisis to explain religious seekership and conversion while developing new concepts such as God Hunting and Holy Ghost Capital to explain the process through which individuals become tongue speaking Pentecostals Church members acquire Holy Ghost Capital and construct a Pentecostal identity through a relationship narrative to establish personal status and power through conflicting tongue speaking ideas Finally this book examines the futures of the small and large institutionally affiliated Pentecostal Church and argues that the small Pentecostal Church is better able to resist modern rationalizing forces retaining the charisma that sparked the initial religious movement The power of charisma in the small church has far reaching consequences and implications for the future of Pentecostalism and its followers **The Empire Strikes Back** Arthur D. Austin, 1998-09 Once dismissed as plodding and superfluous legal scholarship is increasingly challenging the liberal white male establishment that currently dominates legal education and practice The most significant development since the emergence of the casebook at the turn of the century this trend has unleashed a fierce political struggle At stake is nothing less than the entire enterprise of law and education and thus a powerful platform from which to shape society The result here vividly recounted by Arthur Austin has been an uncompromising take no prisoners fight for dominance The challenge comes from Outsiders a collection of feminists critical race theorists and critical legal studies scholars who rely on unconventional methods such as storytelling to give voice to the underrepresented In the other demographically larger camp resides the monolithic Empire consisting of traditionalists who having developed an effective form of scholarship now circle the wagons against the outsider heathens Neither partisan nor objective Austin is both respectful and critical of each faction The Empire he believes is imperious closed minded and self perpetuating the Outsiders are too often paranoid anti pragmatic and overly tolerant of fringe work Is the new scholarship a vacuous overpoliticized soon to be vanquished trend or the harbinger of an important new paradigm Is reconciliation possible Anyone with a vested interest in the answer to these questions and in the future of law cannot afford to miss Arthur Austin's invaluable volume

How Ottawa Spends, 2009-2010 Maslove Allan, 2009-10-01 This is the thirtieth volume in the series *How Ottawa Spends* It is arguable that never in these years have Canadians faced such serious economic upheaval and political dysfunction as the current climate The dramatic and seemingly sudden changes in the economy occurred simultaneously with a political drama one that was largely disassociated from the real and pressing economic challenge Early Harper budgets delivered lower taxes for all Canadians partly through highly targeted but politically noticeable small tax breaks on textbooks for students tools for apprentices in skilled trades and public transit costs The needs of the beleaguered average Canadian and the swing voter in the swing constituencies of an already strategized next election were a key part of Conservative agenda setting In the 2007 budget alone there were twenty nine separate tax reductions and federal spending was projected to increase by 10 billion including a 5.7 percent increase in program spending A small surplus of 3.3 billion was planned almost all of which would go to debt reduction As Harper savoured his 14 October 2008 re-election with a strengthened minority government although without his desired majority he and his minister of Finance already knew that his surpluses were likely gone in the face of the crashing financial sector and a looming recession Future deficits were firmly back on the agenda Contributors include Malcolm G Bird Carleton University Chris Brown Carleton University G Bruce Doern Carleton University and University of Exeter Melissa Haussman Carleton University Robert Hilton Carleton University Ruth Hubbard University of Ottawa Edward T Jackson Carleton University Kirsten Kozolanka Carleton University Evert Lindquist University of Victoria Allan M Maslove Carleton University Peter Nares Social and Enterprise Development Innovations Gilles Paquet University of Ottawa L Pauline Rankin Carleton University Jennifer Robson Carleton University Robert P Shepherd Carleton University Richard Shillington Informetrica Limited and Chris Stoney Carleton University

Europeans colonial national and individual enterprises in the Levant and in these processes Oriental language teachers as they were termed prior to the Second World War were fundamental European state nationalisms influenced and increasingly competed with each other by promoting their languages and cultures abroad by means of both private and governmental actors At the same time learning Arabic became more prominent around the Mediterranean The first half of the twentieth century corresponded with the emergence of new media language was thought of as a cultural product to be exported into new cultural spaces However many blind spots remain in the history of linguistic thought and practices including the forgotten and neglected voices of those involved in learning and teaching Arabic This volume aims to revisit aspects of this linguistic encounter including its vision profile priorities trajectories and practices A discussion of Arabic teaching across a wide geographical and temporal range Engaging case studies which add intriguing detail and colour to historical study Siting of language study within highly topical colonial and postcolonial contexts and debates

Borges, the Jew Ilan

Stavans, 2016-05-18 Explores Borges's infatuation with Jewish history and culture In this volume award winning cultural critic and controversial public intellectual Ilan Stavans focuses his attention on Jorge Luis Borges's fascination with Jewish culture Despite not being Jewish himself Borges wrote essays poems and stories dealing with various aspects of Jewish history and culture from the Holocaust to Kabbalah and from Franz Kafka to the creation of the State of Israel In periods when anti-Semitism in Argentina was on the rise Borges was clear in his refutation of such xenophobia and when Jewish writers were hardly available in Spanish he was among the first to translate them Throughout Stavans's discussion of these topics he weaves in personal anecdotes on reading Borges for the first time hearing him read in Mexico and looking for him in Buenos Aires No fan of Borges's classic oeuvre will ever see his legacy in the same way after reading this book At long last our magisterial Jorge Luis Borges is given his full due as Jewish creator With a prose that sings Stavans invites us on a spectacular intellectual odyssey into the mind of Borges as honorary Jew as outsider whose poetry prose and philosophical mediation has swept so many of us to the very edges of reason the self culture and the world Frederick Luis Aldama author of *Why the Humanities Matter A Commonsense Approach* This deeply personal playful and unexpected meditation on the Jewishness of Jorge Luis Borges illuminates not just Borges's Jewish sensibilities but also Ilan Stavans's somewhat contrary approach to his own Jewishness It is also an affectionate love letter to a literary lion whose love for Jewish ideas literature and culture was not always returned Imagining Borges as the luminary writer imagined himself opens a wonderful new window onto Borges's rich and beautiful soul Can a non-Jewish writer like Borges write Jewish literature In this case as Stavans suggests so convincingly the answer is a resounding Si James E Young University of Massachusetts Amherst

International Entrepreneurship Sue Birley, 1995 This edited collection presents the latest research on the international aspects of entrepreneurship The volume is divided into two sections Part One looks at conceptual issues in entrepreneurship including discussion on trust and the entrepreneur the importance of technology management and the facets of new business

growth In Part Two the discussion centres around a wide range of international case studies including the role of networking in Japan foreign direct investment in research and development as entrepreneurship and the brewing industry in the UK The contributions illustrate the evolution of focus from the study of individual entrepreneurs firms and countries to the embedding of such players in the wider context of organizational regional and global environments and the interactions between them *Endeavors*, 2007 *Utopia in Performance* Jill Dolan, 2010-02-05 Jill Dolan is the theatre's most astute critic and this new book is perhaps her most important *Utopia in Performance* argues with eloquence and insight how theatre makes a difference and in the process demonstrates that scholarship matters too It is a book that readers will cherish and hold close as a personal favorite and that scholars will cite for years to come David Román University of Southern California What is it about performance that draws people to sit and listen attentively in a theater hoping to be moved and provoked challenged and comforted In *Utopia in Performance* Jill Dolan traces the sense of visceral emotional and social connection that we experience at such times connections that allow us to feel for a moment not what a better world might look like but what it might feel like and how that hopeful utopic sentiment might become motivation for social change She traces these utopian performatives in a range of performances including the solo performances of feminist artists Holly Hughes Deb Margolin and Peggy Shaw multicharacter solo performances by Lily Tomlin Danny Hoch and Anna Deavere Smith the slam poetry event Def Poetry Jam The Laramie Project Blanket a performance by postmodern choreographer Ann Carlson *Metamorphoses* by Mary Zimmerman and Deborah Warner's production of *Medea* starring Fiona Shaw While the book richly captures moments of feeling utopia found within specific performances it also celebrates the broad potential that performance has to provide a forum for being human together for feeling love hope and commonality in particular and historical rather than universal and transcendent ways *Cosmo-Modernism and Theater in India* Aparna Bhargava Dharwadker, 2025-08-05 Urban theater took shape in postindependence India as a large and complex field produced in more than sixteen major languages including Bengali Marathi Hindi Gujarati and Kannada The cosmopolitan engagement of leading playwrights with modernist and postcolonial literary movements around the world created distinctly new aesthetic and political approaches to Indian myth history and sociocultural experience which had become the most prominent subjects in modern Indian drama Yet even as critics and scholars of global modernism have increasingly turned their attention beyond North America and Europe they continue to focus on dominant world languages at the expense of multilingual cultures such as India's Despite their originality and significance modernist works written in Indian languages other than English remain neglected In *Cosmo Modernism and Theater in India* Aparna Bhargava Dharwadker develops a new framework for understanding non Anglophone Indian modernisms by recovering crucial theoretical concepts and using them to analyze the writing staging and reception of major plays in multiple languages She argues that the output of prominent mid to late twentieth century playwrights such as Dharamvir Bharati Mohan Rakesh Badal Sircar Vijay Tendulkar Girish Karnad and

Habib Tanvir registers a decisive rupture from nineteenth century forms of colonial modernity. In representing the ancient Indian past, the postcolonial urban present and the rich repertoire of precolonial performance traditions, these authors' works became highly inventive expressions of modernist classicism, realism and traditionalism. Dharwadkar shows how a decommercialized performance economy and the incessant activity of translation further enhanced modernist production, and she connects Indian modernisms to regional, national and transnational networks. Offering bold new insights into the theory and practice of modernist drama, this book delivers a radical remapping of global modernisms.
