Facets of Power ,2023-01-10 The diamond fields of Chiadzwa among the world s largest sources of rough diamonds have been at the centre of struggles for power in Zimbabwe since their discovery in 2006 Against the backdrop of a turbulent political economy control of Chiadzwa s diamonds was hotly contested By 2007 a new case of blood diamonds had emerged in which the country s security forces engaged with informal miners and black market dealers in the exploitation of rough diamonds violently disrupting local communities and looting a key national resource The formalisation of diamond mining in 2010 introduced new forms of large scale theft displacement and rights abuses *Facets of Power* is the first comprehensive account of the emergence meaning and profound impact of Chiadzwa s diamonds Drawing on new fieldwork and published sources the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those

who have suffered at the hands of the mineral's secretive and violent beneficiaries. If the lessons of resistance have been mostly disheartening ones, they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them. *Facets of Power* Richard Saunders, Tinashe Nyamunda, 2016-04-18. The diamond fields of Chiadzwa among the world's largest sources of rough diamonds have been at the centre of struggles for power in Zimbabwe since their discovery in 2006. Against the backdrop of a turbulent political economy, control of Chiadzwa's diamonds was hotly contested. By 2007, a new case of blood diamonds had emerged in which the country's security forces engaged with informal miners and black market dealers in the exploitation of rough diamonds, violently disrupting local communities and looting a key national resource. The formalisation of diamond mining in 2010 introduced new forms of large-scale theft, displacement and rights abuses. *Facets of Power* is the first comprehensive account of the emergence, meaning and profound impact of Chiadzwa's diamonds. Drawing on new fieldwork and published sources, the contributors present a graphic and accessibly written narrative of corruption and greed as well as resistance by those who have suffered at the hands of the minerals' secretive and violent beneficiaries. If the lessons of resistance have been mostly disheartening ones, they also point towards more effective strategies for managing public resources and mounting democratic challenges to elites whose power is sustained by preying on them. **Parliamentary Debates** Zimbabwe. Parliament, 2004. *Validating Technological Innovation* David Coniam, Peter Falvey, 2016-04-02. This book discusses Hong Kong's use of onscreen marking (OSM) in public examinations. Given that Hong Kong leads the way in OSM innovation, this book has arisen from a recognised need to provide a comprehensive, coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong. The authors discuss their experience of the validation process, demonstrating how high-stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders. THE WEAK CAN ALSO CLIMB Sabastian Mutyambizi, 2024-03-27. This book is a true story of the author and his siblings who were orphaned when they were very young. However, their father Leon, on his deathbed, prayed his last prayer: Lord God, I want my children to go to school. After that prayer, he turned and faced the wall and died. It was that fervent prayer that directly reached Heaven, and the writer strongly believes that The Mighty God of Israel swiftly dispatched an Angel to guard, guide, protect and nurture Leon's orphans, and they excelled. Leon had two wives, and after his death, whilst the widows were still moaning, they were subjected to more intense trauma exerted by some extended family members over inheritance. This led to sharp differences, and culturally, the widows were left with no option except to go back to their original families, leaving their children behind. The Lord of Turnaround, the Most Merciful and the Most Gracious God of Israel threw the garment of grace on Leon's children, particularly Memory and Sabastian, as they climbed up the ladder of success, academically, spiritually and economically. They both reside happily with their families in Australia. They completely fulfilled their father, the late Leon's dream as they traversed through university corridors in Zimbabwe, U.K., Australia and USA. Over a

relatively long time they accrued several academic and professional qualifications Conclusively if the Grace of God locates you and submerge you honestly one can do extra ordinary things that will surprise relatives friends and even enemies This book is a clear testimony that shows that WITH THE GRACE OF GOD THE WEAK CAN ALSO CLIMB **Past Year Exam Papers** ,2001 **Junior Certificate Exam Papers** Mentor Books,2000-07-01 Junior Certificate Exam Papers English Ordinary Level Mentor Books,2000-07-01 **Junior Certificate Exam Papers** Mentor Books,2000-07-01 **Junior Certificate Exam Papers Irish Ordinary Level** Mentor Books,2000-07-01 Past Examination Papers 1979-1983 ,1985
