COMMUNIQUÉ 23 MARS TRACTAGE JOP

JOP : zone de non-droit syndical !

Samedi 23 mars, dans le cadre de la journée de formation des volontaires des Jeux Olympiques et Paralympiques (JOP) à l'Arena de la Défense, des militant·es de nos organisations ont distribué un tract informant les participant·es de l'état du droit du travail quant à leurs conditions d'intervention aux JOP : le travail fourni va s'effectuer dans des conditions de subordination, y compris pour certain·es au bénéfice d'une société commerciale, il devrait donc relever du salariat et des droits qui y sont attachés .

Alors qu'une quinzaine de militant·es, signalé·es par des chasubles, distribuaient tranquillement les informations syndicales à l'extérieur du périmètre de l'événement, ils ont été approché·es au bout de vingt minutes de tractage par différents services de police. Les policier·ères ont d'abord pris leurs informations puis les ont interpellé·es de nouveau pour leur demander de partir et d'enlever leurs chasubles. Lors de cette interpellation, nos militant·es ont fait l'objet d'un contrôle d'identité et leurs sacs ont été fouillés sans qu'aucun motif légitime ne soit invoqué. Des tracts ont été saisis. Certain·es policier·ères ont intimidé les militant·es, notamment en menaçant de les emmener au commissariat et de poursuites judiciaires. L'un des policiers s'est vanté de ne « pas avoir peur de faire des erreurs judiciaires » et de « s'en foutre de la loi, on verra devant le juge ».

Les volontaires ont par ailleurs réagi avec bienveillance à la diffusion de nos tracts, certain·es s'arrêtant pour discuter avec nous et nous remerciant de notre présence. Nous dénonçons la démesure du dispositif de sécurité et le comportement des policier·ères contre une action d'information sur les droits des « bénévoles ».

Le gouvernement prétend que les JOP sont une fête populaire mais s'en sert pour bafouer nos droits fondamentaux, à commencer par celui de la libre expression pourtant garantie constitutionnellement. Il est inadmissible que les organisations syndicales, associatives ou politiques soient intimidées et ne puissent exercer leur droit à communiquer et informer dans l'espace public.

Hominescence Michel Serres, 2019-06-13 According to Michel Serres a process of hominescence has taken place throughout human history Hominescence can be described as a type of adolescence humanity in a state of growing a state of constant change on the threshold of something unpredictable We are destined never to be the same again but what does the future hold In this innovative and passionately original work of philosophy Serres describes the future of man as an adolescence transitioning from childhood to adulthood or luminescence when a dark body becomes light After considering the radical changes that humanity has experienced over the last fifty years Serres analyzes the new relationship that man has with diverse concepts like the dead his own body agriculture and new communication networks He alerts us to the consequences of these changes particularly on the danger of growing inequalities between rich and poor countries Should we rejoice in the future ignore it

or even dread it Unlike other philosophies that preach doom and gloom Hominescence calls for us to anticipate the uncertain light of the future Public Participation in African Constitutionalism Tania Abbiate, Markus Böckenförde, Veronica Federico, 2017-11-22 During the last decade of the 20th century Africa has been marked by a constitutional wind which has blown across the continent giving impetus to constitutional reforms designed to introduce constitutionalism and good governance One of the main features of these processes has been the promotion of public participation encouraged by both civil society and the international community This book aims to provide a systematic overview of participation forms and mechanisms across Africa and a critical understanding of the impact of public participation in constitution making processes digging beneath the rhetoric of public participation as being at the heart of any successful transition towards democracy and constitutionalism Using case studies from Central African Republic Egypt Kenya Libya Malawi Morocco Senegal Somalia South Africa South Sudan Tanzania Tunisia Zambia and Zimbabwe the book investigates various aspects of participatory constitution making from conception to processes and specific contents that trigger ambivalent dynamics in such processes The abstract glorification of public participation is questioned as theoretical and empirical perspectives are used to explain what public participation does in concrete terms and to identify what lessons might be drawn from those experiences This is a valuable resource for academics researchers and students with an interest in politics and constitution building in Africa as well as experts working in national offices international organizations or in national and international NGOs Youth between Participation and Exclusion Johannes Frische, 2025-03-06 While the role of youth in the Arab Spring is acknowledged their living conditions remain critical Johannes Frische offers a fresh perspective on Tunisia's post revolutionary transition by examining employment and income strategies in disadvantaged urban areas He reveals a grim reality young people face structural unemployment informality and precariousness Focusing on the low income suburb of Ettadhamen in Greater Tunis he highlights the impact of sociospatial segregation economic stagnation and social marginalization This close up on youth's everyday life challenges the notion of youth as a simple transitional phase instead exposing their ongoing struggle with precarity and exclusion *African Human Rights Yearbook / Annuaire africain des droits de l'homme 3 (2019)*, 2019-01-01 About the publication The African Charter on the Rights and Welfare of the Child African Children's Rights Charter is the continental instrument for protecting and promoting the rights and welfare of the Child The Children's Charter adopted in 1990 forms part of the salient features of the African human rights system complementing the parent human rights instrument the African Charter on Human and Peoples Rights African Charter To give meaning and effect to its provisions the African Children's Rights Charter in article 34 establishes an organ namely the African Committee of Experts on the Rights and Welfare of the Child African Children's Rights Committee or Committee to monitor implementation by member states to advocate for children's rights and to hold state parties accountable to their obligations as state parties Working collaboratively on the continent's human rights system the organs comprising the

African human rights namely the African Commission on Human and Peoples Rights Commission the African Court on Human and Peoples Rights Court and the African Children s Rights Committee have undertaken to publish the African Human Rights Yearbook This is an instrumental platform to highlight the mandate of the organs to foster collaboration and to illustrate Africa s commitment to uphold human rights It is an important initiative that highlights various aspects of the norms and institutions relevant for human rights on the continent This is the third volume of the Yearbook It includes a focus on the 2019 theme of the African Union Refugees Returnees and Internally Displaced Persons Towards Durable Solutions to Forced Displacement in Africa The African Children s Committee has at the same time undertaken and published a study on Children on the Move 2019 focusing not only on refugees detainees and internally displaced persons but also drawing inspiration from the protective mandate of the African Children s Rights Charter to draw the continent s attention to the protection and promotion of the rights and welfare of children who are on the move The focus on themes of the African Union enables a critical analysis of the extent of their implementation and relevance to the human rights discourse in the continent Furthermore the special focus of the Yearbook on various groups of people in vulnerable situation such as children and women signals the need to enhance their protection and prioritise their plight The role of academic writing in advancement of human rights deserves due notice and appreciation by human rights implementing bodies Peer reviewed academic research provides credible and independent knowledge about human rights in a specific country or region as well as in various contexts and thematic areas Academia plays a major role in the development of a human rights resource base that enables sustainable enhancement of human rights protection and promotion The African Human Rights Yearbook is an excellent example of the important role played by academia in strengthening human rights protection and promotion in Africa The breadth of knowledge enveloped in the Yearbook is evidenced by the long list of highly established scholars that informed it By questioning and analysing the institutional architecture and the work of the three human rights bodies the Yearbook has an invaluable role of ameliorating their functioning as a collective system For this reason it is critical that the Committee Commission and Court take note of the various recommendations stemming from the research and apply them when relevant for better protection and promotion of human rights in Africa Mrs Goitseone Nanikie Nkwe Chairperson of the African Committee of Experts on the Rights and Welfare of the Child La Charte africaine des droits et du bien tre de l enfant Charte des droits de l enfant est l instrument central en mati re de protection et de promotion des droits et du bien tre de l enfant en Afrique Adopt e en 1990 elle fait partie int grante des instruments cl s du syst me africain des droits de l homme et compl te cet effet la Charte africaine des droits de l homme et des peuples le trait fondateur du syst me africain des droits de l homme Pour mieux prot ger les droits des enfants le Comit africain d experts sur les droits et le bien tre de l enfant Comit fut cr travers l article 34 de la Charte des droits de l enfant Cet organe a pour mission de surveiller et de contr ler l application et la mise en oeuvre de la Charte Il veille que les Etats respectent et rendent compte de la mise en oeuvre des

spectrum from extermination and concentration to detention migration deportation and refugee camps And while the geographic range covered by contributors is hardly global it is broad Chile Rwanda Canada the US Central Europe Morocco Algeria South Africa France and Spain And yet is to so characterize the camp to run the risk of diffusing what in origin is a concentration into a paratactical series of identity particularisms While The Camp does not seek to antithetically promulgate a universalist vision it does aim to explore the imbrication of the particular and the universal to analyze the structure of a camp or camps and to call attention the role of the listener in the construction of the testimony For by naming what cannot be said is not every narrative of internment and exclusion a potential site of agency articulating the inner splitting of language that Giorgio Agamben defines as the locus of testimony to bear witness is to place oneself in one's own language in the position of those who have lost it to establish oneself in a living language as if it were dead or in a dead language as if it were living

The International Legal System in Quest of Equity and Universality Laurence Boisson de Chazournes, Vera Gowlland-Debbas, 2021-10-18 Georges Abi Saab began his writing and teaching at a time when the process of decolonization and thereafter the quest for emancipation began to make its far reaching impact on the international scene producing significant changes in the international environment both quantitatively in increasing the number of nation States and qualitatively in changing patterns of interests and claims This was bound to result in new pressures on the international legal system itself and in a questioning of the traditional Eurocentric content of international law In his work and teaching Professor Abi Saab viewed the dynamics of international law as a function of two driving forces the emergence of the third world and the sense of injustice In his view the first driving force the emergence of the third world raised the problem of exclusion exclusion from participation in the elaboration of international law and the decision making process and exclusion as beneficiaries of the resulting rules of international law At the same time this new force introduced diversity into the international scene reflecting the richness of the international community in its different facets This process remains relevant today reflecting the contemporary problem of exclusion of new actors as well as their quest for participation The second driving force the sense of injustice posed a teleological problem for him that of defining community values in order that they capture the different facets of justice whether formal or distributive So long as there is no effective organic structure international law in his view will continue to remain effectiveness oriented reflecting rather than impacting on the structures of power Nevertheless it is undeniable that there is an on going process of development of community values and interests as Georges Abi Saab wrote with reference to international crimes law like all social phenomena is a continuous unfolding a continuous process of elaboration He has also considered that the dynamics of the international legal process itself can be captured from the perspective of international organizations as vehicles for change in the international system From his early writings Georges Abi Saab approached the United Nations Charter as a blueprint both normative and institutional for a certain type of international society International institutions with all their imperfections continue for him to be the means of

realization of the law of cooperation which lies at the heart of his concept of the international system The themes selected for this volume in honour of Professor Georges Abi Saab are intended to reflect his unique and pioneering contribution to the field of international law The contributors are drawn from what he has always considered to be his large family of former students in his forty years of teaching Georges Abi Saab has acted as mentor to generations of students from all over the world who have benefited from his vision insights originality and creative and stimulating use of language The contributors also include colleagues and friends who share a similar vision of the international legal system

Locally Led

Peacebuilding Stacey L. Connaughton,Jessica Berns,2019-09-09 The authors of this edited volume present a case for why locally led peacebuilding matters and how it can have measurable and meaningful impact even beyond preventing political violence This book contributes a set of local voices to a global problem how to prevent armed conflict and lead to lasting peace The authors argue that locally led peacebuilding by community based organizations both formal and informal plays a crucial role in preventing violence and cultivating peace one that is complementary to peacebuilding work done by local state and national governments within countries and between nation states Through the case studies presented Locally Led Peacebuilding presents evidence for how and why locally led peacebuilding can prevent violence and invites practitioners and scholars to critically examine the implications of locally led initiatives From these examples we all have an opportunity to learn about creating implementing researching and funding locally led peacebuilding

Non seulement elle est toujours là mais de l'Ukraine au Moyen-Orient en passant par la péninsule coréenne et le droit de Taiwan le risque de guerre majeure potentiellement nucléaire n'a jamais été aussi grand. Ingénieries subversives cyberattaques terrorisme prenant des formes de plus en plus variables souvent ambiguës la guerre est devenue permanente. Elle est présente partout tout le temps et peut frapper tout le monde. L'information le droit à l'énergie la santé les réfugiés comptent parmi ses nouveaux leviers. C'est la fin de la naïveté et des illusions. De ce constat lucide et informé merge la nécessité d'anticiper la guerre pour ne pas la subir. Si tu veux la paix prépare la guerre telle est la maxime qui appelle aujourd'hui un véritable rôle stratégique selon Jean-Baptiste Jeangène Vilmer. Anatomie de la guerre contemporaine cet essai est discuté et prolongé par une contribution invitée du chef d'état-major des armées le général Thierry Burkhard et par les regards de quelques uns des meilleurs spécialistes du sujet Michel Goya, Béatrice Heuser, Olivier Schmitt et Alexandre Jubelin. Docteur en science politique et en philosophie chercheur et diplomate Jean-Baptiste Jeangène Vilmer a notamment tenu poste au Centre d'analyse de prévision et de stratégie CAPS du ministère des Affaires étrangères et il a dirigé l'Institut de recherche stratégique de l'École militaire IRSEM au ministère des Armées. *Les acteurs non étatiques dans les conflits armés*, 2011-02-02 La Revue ASPECTS est une revue multisupports qui publie les travaux des chercheurs de recherches ou favorisés par les réseaux de chercheurs du Programme Aspects de l'Etat de droit et de démocratie en association avec la Conférence internationale des facultés de droit ayant en commun l'utilisation du français CIFDUF.
