

Sonnet 73: That time of year thou mayst in me behold

BY WILLIAM SHAKESPEARE

That time of year thou mayst in me behold
When yellow leaves, or none, or few, do hang
Upon those boughs which shake against the cold,
Bare ruin'd choirs, where late the sweet birds sang.

→ imagery of
leaves that are
yellow, scarce or absent.
Branches shaking against
the cold. Symbolism for
Autumn.

In me thou see'st the twilight of such day
As after sunset fadeth in the west,
Which by and by black night doth take away,
Death's second self, that seals up all in rest.

→ "fading sunsets" transition
into the "twilight of the day"

In me thou see'st the glowing of such fire
That on the ashes of his youth doth lie,

→ the "fire" within the
narrator is dwindling
into the "ashes" of his youth.

As the death-bed whereon it must expire,
Consum'd with that which it was nourish'd by.
This thou perceiv'st, which makes thy love more strong,
To love that well which thou must leave ere long.

→ The fire is fueled by the love
but is also put out by the love

→ This perspective
makes the narrator
love / appreciate like
more & "love more
strong." To love like
is to leave it as well.

Kinney,2012 Contains forty original essays The End of Learning Thomas Festa,2013-09-13 This book shows that education constitutes the central metaphor of John Milton's political as well as his poetic writing Demonstrating how Milton's theory of education emerged from his own practices as a reader and teacher this book analyzes for the first time the relationship between Milton's own material habits as a reader and his theory of the power of books Milton's instincts for pedagogy and the habits of inculcation everywhere visible in his writings take on a larger political function in his use of education as a trope for the transmission of intellectual history The book therefore analyzes *Paradise Lost* in the complementary contexts of its outright educational claims and more subversive countervailing measures in order to show how Milton dramatizes the end of learning which is to say both its objective and its failure The thesis emphasizes the argumentative resourcefulness of Milton's efforts to liberate readers from the tyrannical bonds of their political innocence most immediately in the context of the failure of Cromwell's regime to establish lasting republican institutions More philosophically the book explores the ways in which Milton's works investigate the humane and intellectual yearning for justice in response to the problem of evil , **The Art of Shakespeare's Sonnets** Helen Vendler,1999-11 Analyzes all of Shakespeare's sonnets in terms of their poetic structure semantics and use of sounds and images **27 English** Mocktime Publication,101-01-01 generated by python docx **Who Will Believe My Verse?** James Leyland,James Goding,2018-03-30 The small volume of 154 short poems entitled Shakespeare's Sonnets published in 1609 has mystified readers for centuries Why are they so cryptic Some scholars have felt that they are in some way autobiographical while others have viewed them as abstract poetical exercises Part of the problem is that we know so little about the life of the writer **The Meditations of the Emperor Marcus Antoninus** Marcus Aurelius (Emperor of Rome),1944

Identity, Otherness and Empire in Shakespeare's Rome Maria Del Sapio Garbero,2016-12-14 Contributors to this collection delve into the relationship between Rome and Shakespeare They view the presence of Rome in Shakespeare s plays not simply as an unquestioned model of imperial culture or a routine chapter in the history of literary influence but rather as the problematic link with a distant and foreign ancestry which is both revered and ravaged in its translation into the terms of the Bard s own cultural moment During a time

when England was engaged in constructing a rhetoric of imperial nationhood the contributors demonstrate that Englishmen used Roman history and the classical heritage to mediate a complex range of issues from notions of cultural identity and gender to the representation of systems of exchange with Otherness in the expanding ethnic space of the nation This volume addresses matters of concern not only for Shakespeare scholars but also for students interested in issues connected with gender postcolonialism and globalization Drawing implicitly or explicitly on recent criticism intertextual studies postcolonial theory Derrida s conceptualization of hospitality gender studies global studies the essayists explore how the Roman Shakespeare of an emerging early modern empire asks questions of our present as well as of our past **The Canadian**
