Somethingawful Guide To:

It Came from Something Awful Dale Beran, 2025-06-25 How 4chan and 8chan fuel white nationalism inspire violence and infect politics The internet has transformed the ways we think and act and by consequence our politics The most impactful recent political movements on the far left and right started with massive online collectives of teenagers Strangely both movements began on the same website an anime imageboard called 4chan.org It Came from Something Awful is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect on youth counterculture Dale Beran has observed the anonymous messageboard community's shifting activities and interests since the beginning Sites like 4chan and 8chan are microcosms of the internet itself simultaneously at the vanguard of contemporary culture politics comedy and language and a new low for all of the above They were the original meme machines mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together During the recession of the late 2000s the memes became political 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement But within a few short years the site's ideology spun on its axis it became the birthplace and breeding ground of the alt right In It Came from Something Awful Beran uses his insider's knowledge and natural storytelling ability to chronicle 4chan's strange journey from creating rage comics to inciting riots to according to some memeing Donald Trump into the White House

Connecticut,1916 The series includes Biennial report of the commissioners of the State Geological and Natural History Survey of Connecticut *Bulletins of the State Geological and Natural History Survey of Connecticut* ,1916 Journal of Rehabilitation R & D ,2005 **Dictionary of Librarianship** Eberhard Sauppe,2011-10-25 No detailed description available for Dictionary of Librarianship Scientific and Technical Aerospace Reports ,1967 **Monuments, Objects, Histories** Tapati Guha-Thakurta,2004-08-05 Art history as it is largely practiced in Asia as well as in the West is a western invention In India works of art sculptures monuments paintings were first viewed under colonial rule as archaeological antiquities later as architectural relics and by the mid 20th century as works of art within an elaborate art historical classification Tied to these views were narratives in which the works figured respectively as sources from which to recover India s history markers of a lost antique civilization and symbols of a nation s unique aesthetic reflecting the progression from colonialism to nationalism The nationalist canon continues to dominate the image of Indian art in India and abroad and yet its uncritical acceptance of the discipline s western orthodoxies remains unquestioned the original motives and means of creation unexplored The book examines the role of art and art history from both an insider and outsider point of view always revealing how the demands of nationalism have shaped the concept and meaning of art in India The author shows how western custodianship of Indian antiquities structured a historical interpretation of art how indigenous Bengali scholarship in the late 19th and early 20th centuries attempted to bring Indian art into the nationalist sphere how the importance of art as a representation of national culture crystallized in the period after Independence and how cultural and religious clashes in modern India have resulted in conflicting histories and interpretations of Indian art In particular the author uses the depiction of Hindu goddesses to elicit conflicting scenarios of condemnation and celebration both of which have at their core the threat and lure of the female form which has been constructed and narrativized in art history *Monuments Objects Histories* is a critical survey of the practices of archaeology art history and museums in nineteenth and twentieth century India The essays gathered here look at the processes of the production of lost pasts in modern India pasts that come to be imagined around a growing corpus of monuments archaeological relics and art objects They map the scholarly and institutional authority that emerged around such structures and artifacts making of them not only the chosen objects of art and archaeology but also the prime signifiers of the nation s civilization and antiquity The close imbrication of the colonial and the national in the making of India s archaeological and art historical pasts and their combined legacy for the postcolonial present form one of the key themes of the book *Monuments Objects Histories* offers both an insider s and an outsider s perspective on the growth of these scholarly fields and their institutional apparatus analyzing the ways they have constituted and recast their objects of study The book moves from a period that saw the consolidation of western expertise and custodianship of India s antiquities to the projection over the twentieth century of varying regional nativist and national claims around the country s architectural and artistic inheritance into a current period that has pitched these objects and fields within a highly contentious politics of nationhood

Monuments Objects Histories traces the framing of an official national canon of Indian art through these different periods showing how the workings of disciplines and institutions have been tied to the pervasive authority of the nation At the same time it addresses the radical reconfiguration in recent times of the meaning and scope of the national leading to the kinds of exclusions and chauvinisms that lie at the root of the current endangerment of these disciplines and the monuments and art objects they encompass
