While a lot of the rubber we use today is made with chemicals by scientists, people originally used rubber from certain plants. The white, milky material is called latex. Several plants produce latex, including dandelions. The next time you break off the flower of a dandelion, look closely. The sticky white liquid in the plant is natural latex.

pp. 26-27

People find solutions to problems. Since the reinforced rooms often flood, people engineered a great solution to build their houses on stilts. People who live next to the ocean sometimes do this, too. Does your house have a basement? Some places do not have basements because water will seep in from the ground in flooded cities. People build taller buildings so there's more space for people.

**To Discuss After the Read**

- Where do you live, and what solutions have people engineered in your area?
- Open places have windstorms, snowy places have deeper roads, etc.

pp. 28-29

Some words use multiple spellings. Gargantuan is spelled in at least four different ways. As we use words, we "vote" for which version we would like to see used more often. Over time, language changes to match what people say.

Conservation is important, and losing animal species is not good. But food and resources are also helpful to us. This is a great opportunity to begin to talk about this important topic and comparing needs and wants. Where do you stand on all this, and what do you do to help make the world a better place? If your children are interested, this is a great opportunity to learn more.
