

The Adventures of ULYSSES

Passage from Chapter 13 ("Calypso")

"You are not unlike Circe in some ways," said Ulysses. "You island goddesses are apt to be abrupt with your former friends. I've noticed this."

"It's a depressing topic, dear. Let's talk about me. Do you find me beautiful today?"

"More beautiful than yesterday, if that is possible. And no doubt will find you even lovelier tomorrow, since you have shown me the penalty of any inattention."

"Do not fear," said Calypso. "You are not like the others. You are bolder and have more imagination. You are a hero."

"Perhaps you could persuade your feathered friends to nest elsewhere. They make me nervous."

"Nothing easier. I shall simply tell them to depart. If they do not, I shall change them all to grasshoppers, all save one, who will eat the rest and then die of overeating."

"Truly, you are wise and powerful, and fair beyond all women, mortal or immortal."

"You have such an apt way of putting things," she said.

So Ulysses made himself at home on the island and passed the time hunting game, fishing the sea, and reveling with the beautiful Calypso. He was happy. Thoughts of home grew dim. The nymph taught him how to poke the magic log upon her hearth so that it would cast up fire pictures. And he sat by the hour on the great hearth, reading the flickering tapestry of days gone by and days to come. But she had instructed the log never to show him scenes of Ithaca, for she wished him not to be reminded of his home in any way, lest he be tempted to depart. But Ulysses was as crafty as she was, and after he poked the log many times, asking it to show him what was happening on his island, and the log had cast up pictures of other times, other places, he realized that Calypso had laid a magic veto upon scenes of home. And this, instead of making him forget, made him more eager than ever to know what was happening to Telemachus and Penelope.

One day he went into the wood, snared a sea crow, and asked, "Can you speak?"

"Yes," said the crow.

"Were you once a man?"

The Baltic Origins of Homer's Epic Tales Felice Vinci,2005-12-20 Compelling evidence that the events of Homer s Iliad and Odyssey took place in the Baltic and not the Mediterranean Reveals how a climate change forced the migration of a people and their myth to ancient Greece Identifies the true geographic sites of Troy and Ithaca in the Baltic Sea and Calypso s Isle in the North Atlantic Ocean For years scholars have debated the incongruities in Homer s Iliad and Odyssey given that his descriptions are at odds with the geography of the areas he purportedly describes Inspired by Plutarch s remark that Calypso s Isle was only five days sailing from Britain Felice Vinci convincingly argues that Homer s epic tales originated not in the Mediterranean but in the northern Baltic Sea Using meticulous geographical analysis Vinci shows that many Homeric places such as Troy and Ithaca can still be identified in the geographic landscape of the Baltic He explains how the dense foggy weather described by Ulysses befits northern not Mediterranean climes and how battles lasting through the night would easily have been possible in the long days of the Baltic summer Vinci s meteorological analysis reveals how a decline of the climatic optimum caused the blond seafarers to migrate south to warmer climates where they rebuilt their original world in the Mediterranean Through many generations the memory of the heroic age and the feats performed by their ancestors in their lost homeland was preserved and handed down to the following ages only later to be codified by Homer in the Iliad and the Odyssey Felice Vinci offers a key to open many doors that allow us to consider the age old question of the Indo European diaspora and the origin of the Greek civilization from a new perspective *The Works of Charles and Mary Lamb (Complete)* Vol 1-5 Charles Lamb,2019-05-09 Excerpt This edition is the same as that in seven large volumes published between 1903 and 1905 except that it has been revised and amended and arranged in more companionable shape Some new matter is included some doubtful matter has been removed and the notes although occasionally enriched have been reduced in number and often condensed For completer annotation as well as for portraits and accessory illustrations the old edition must be consulted The present volume contains all Lamb s prose with the exception of his work for children his full notes in the Dramatic Specimens and Garrick Extracts his prose plays and the Elia essays The contents have been arranged in their order of publication the earliest dating from 1798 when Lamb was twenty three and the latest belonging to 1834 the year of his death thus covering the whole of his literary life **The Life, Letters, and Writings of Charles Lamb** Charles Lamb,2025-07-13 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Irish Ecclesiastical Record** ,1894 **The Life, Letters and Writings of Charles Lamb** Charles Lamb,1876 **The Educational Times, and Journal of the College of Preceptors** ,1906 The
