Basic Business Communication , Reports and Documents United States. Congress, **ADVANCED TECHNICAL COMMUNICATION** KAVITA TYAGI, PADMA MISRA, 2011-02-04. Businesses use technical writing extensively to communicate both within and outside the organization. And so it is essential for an individual aspiring to be an executive to master the art of communication. This accessible and compact book on Advanced Technical Communication discusses how students can learn and master not only the basic skills of communication but also complex skills such as soft skills and skills required for preparing technical documents. The book begins with a discussion on the concept of technical communication and then it goes on to describe the differences between technical writing and general writing and layout and format of business letters and resumes. What is more, it elaborates on technical documents such as technical proposals, reports and specialized documents like theses, research papers and dissertations, differentiating them adequately. Finally, the text covers many of the soft skills required today, for example, presentation skills, interpersonal skills and group discussion (GD) skills. This student-friendly book, suffused with practical examples, is primarily intended as a text for the first-year students of Engineering B.Tech of Uttarakhand Technical University for their course on Advanced Technical Communication. It will also be of immense benefit to undergraduate students in other universities and engineering colleges/institutes as well as technical professionals. **KEY**
