 ,1973-12 Developing Science Literacy in the 21st Century Keri-Anne Croce,Jonah Firestone,2020-02-01 The development
 of science literacy has the potential to have an enormous impact on real world outcomes Specifically developing science
 literacy may persuade individuals to act We hope that this book will influence scientists science journalists sociologists
 anthropologists communication specialists political leaders media outlets educational institutions and individual science
 content consumers The chapters in this book describe a definition of science literacy that draws on the emotional cognitive
 and social The authors strive to help prepare individuals to read write and speak science in a continuously evolving
 information landscape In order to meet these objectives the chapters examine both qualitative and quantitative research It is
 within these frameworks that we can begin to address science literacy in the 21st century **Competition Science Vision**
