Exploring the Conditions that Impact Local Administration Responsiveness work to Migrants in selected Metropolitan Municipalities of South Africa Kibreab Habtemichael Gebereselassie, 2022-01-03 Research on local administration responsiveness towards migrant s and non citizens revealed that demographic characteristics in local municipalities have often caused challenges for local administrations to be responsive to the diverse needs of their communities Lucio et al 2013 Lucio 2016 The objective of this study was to explore the conditions that impact on the local administration s responsiveness work to migrants in Durban Cape Town Johannesburg metropolitan municipalities of South Africa The study s goal is met by identifying five major conditions that impact the local administration s responsiveness work to migrants in the study areas Conducted in two rounds field research the study used qualitative research design methods Semistructured interviews group discussions field memos and observations were used to collect data Thematic analysis method was implemented to investigate and analyze the collected raw data This dissertation also used relevant theory as framework and guide to uncover elements of local administrative responsiveness which are associated with migrants The study identified and demonstrated that five major conditions impact the local administration s responsiveness work to migrants in the study areas Local administration work environment administration organizational structure and professionalism external control from elected officials and local politics migrant s community association and economic contribution of migrants are the main conditions that impact on the responsiveness work of the local administration The findings also showed that anchored in the above five conditions administrative responsiveness also varies across the selected study areas This study also contributed by adding new insights about the mechanisms on how the local administration can address the issues of migrants who do not have a direct representation in the local government structure Accordingly for a better responsiveness work to migrants and to support the inclusion of migrants who do not have a direct political representation the study proposes recommendation for policy practice and research that targets on local

administration responsiveness work to migrants *Ten Years of Boko Haram in Nigeria* J. Tochukwu Omenma,Ike E. Onyishi,Aloysius-Michaels Okolie,2023-01-27 This book provides a contemporary overview of Boko Haram s activities Since Boko Haram emerged in 2002 media driven narratives as well as social scientific methodologies have been increasingly applied to draw generalisable conclusions on what goals the groups have pursued what strategies it has used for these purposes and the counter campaign strategies authorities have pursued But from 2009 to 2018 Boko Haram has pursued high intensity violence assassinations bombing kidnappings beheading or threats of violence conscriptions and territorial occupation This makes it imperative to deepen and broaden our understanding of the groups activities toward a problem solving and policy relevant analysis Previously published in Security Journal Volume 33 issue 3 September 2020 **South Sudans Injustice System** Rachel Ibreck,2019-08-30 An outstanding feat based on in depth research in a difficult setting this book uncovers the dysfunctions of law and the bravery of South Sudan s activists struggling for justice Mark Fathi Massoud University of California Santa Cruz *Searching for Boko Haram* Scott MacEachern,2018-01-02 For the past decade Boko Haram has relentlessly terrorized northeastern Nigeria Few if any explanations for the rise of this violent insurgent group look beyond its roots in worldwide jihadism and recent political conflicts in central Africa Searching for Boko Haram is the first book to examine the insurgency within the context of centuries millennia even of cultural change in the region The book surveys the deep history of the lands south of Lake Chad richly documented in archaeology and texts to show how ancient natural and cultural events can aid in our understanding of Boko Haram s present agenda The land s historical narrative stretches back five centuries with cultural origins that plunge even deeper into the past One important feature of this past is the phenomenon of frontiers and borderlands In striking ways Boko Haram resembles the frontier slave raiders and warlords who figure in precolonial and colonial writings on the southern Lake Chad Basin Presently these accounts are paralleled by the activity of smugglers bandits coupeurs de route road cutters and tax evaders The borderlands of these countries are today places where the state often refuses to exercise its full authority because of the profits and opportunities illicit relationships afford state officials and bureaucrats For the local community Boko Haram s actions are readily understandable in terms of slave raids and borderlands They are not mysterious and unprecedented eruptions of violence and savagery but as the book argues recognizable phenomena within the contexts of local politics and history Written from the perspective of an author who has worked in this part of Africa for more than thirty years Searching for Boko Haram provides vital historical context to the recent rise of this terroristic force and counters misperceptions of their activities and of the region as a whole

Sex and Nation in Transatlantic Literatures Agata Szczeszak-Brewer,2025-06-12 Nationalist and tribal cohesion in Ireland South Africa the US and elsewhere often relies on an absence of female and gender nonconforming bodies in the public life Staging a vital counter narrative to global nationalist discourses this book explores how 20th and 21st century postcolonial literatures criticize hetero normative definitions of nationhood across different geopolitical and cultural contexts

Szczeszak Brewer delves into the metaphorical currency of male impotence and sexual aggression in nationalist narratives She examines the place of gender nonconforming characters in literature from Ireland the US Poland France Britain South Africa and Senegal in the work of writers including James Joyce Witold Gombrowicz Jean Toomer Bessie Head Zo Wicomb J M Coetzee Andrea Levy Patrick McCabe and David Diop Aligning queer and gender perspectives with discussions of white supremacy this book examines the urgency for contemporary geopolitics to imagine new discourses of community against the backdrop of a rise in neo nationalisms steeped in homophobic and misogynistic rhetoric **Africa and Urban**

Anthropology Deborah Pellow, Suzanne Scheld, 2023-03-08 This volume offers valuable anthropological insight into urban Africa covering a range of cities across a continent that has become one of the fastest urbanizing geographic areas of the globe Consideration is given to the structures social formations and rhythms that constitute the definition of an African city town or urban space and to current concepts for thinking about African cities in the twenty first century The contributors examine topics including notions of belonging the effects of globalization colonialism and transnationalism on African urban life the cultural dimensions of infrastructure and public resources mobility labor issues spatial organization language and popular culture trends among other themes The book reflects on how the ethnography of urban Africa fits within anthropology and urban studies and on new theoretical concepts and methodologies that can be created through anthropological fieldwork in African cities It will be of particular interest to scholars and students from anthropology African studies and urban studies as well as sociology and geography **White Mythic Space** Stefan Aguirre Quiroga, 2022-01-19

The fall of 2016 saw the release of the widely popular First World War video game Battlefield 1 Upon the game s initial announcement and following its subsequent release Battlefield 1 became the target of an online racist backlash that targeted the game s inclusion of soldiers of color Across social media and online communities players loudly proclaimed the historical inaccuracy of black soldiers in the game and called for changes to be made that correct what they considered to be a mistake that was influenced by a supposed political agenda Through the introduction of the theoretical framework of the White Mythic Space this book seeks to investigate the reasons behind the racist rejection of soldiers of color by Battlefield 1 players in order to answer the question Why do individuals reject the presence of people of African descent in popular representations of history **Army History** , 2018 **Choreographies of 21st Century Wars** Gay Morris, Jens Richard Giersdorf, 2016

Choreographies of 21st Century Wars is the first book to analyze the interface between choreography and contemporary warfare a pertinent inquiry since choreography has long been linked to war and military training Authors from a range of disciplines reconceptualize choreography in the face of this century s never ending wars **Political Handbook of the World 2016-2017** Tom Lansford, 2017-03-31 Published since 1928 the Political Handbook of the World provides timely thorough and accurate political information with more in depth coverage of current political controversies and political parties than any other reference guide The updated 2016 2017 Edition continues this legacy as the most

authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Political science and international relations scholars have revised this edition and made understanding complex foreign affairs and political situations easy and accessible. With more than 200 entries on countries and territories throughout the world housed in one place, these volumes are renowned for their extensive coverage of all major and minor political parties and groups in each political system. They also provide names of key ambassadors and international memberships of each country plus detailed profiles of more than 30 intergovernmental organizations and United Nations agencies. This comprehensive update will include coverage of current events, issues, crises, and controversies from the course of the last two years, including the closely watched U.S. presidential election, the effect of the Brexit referendum and installment of a new British prime minister, the extensive investigation and subsequent impeachment of Brazil's president, the far-reaching impact of the Panama Papers scandal, changes in U.S.-Cuba diplomatic relations and the reopening of their embassies, the unconstitutional declaration of Gambia as an Islamic State, sentiments about the migrant and refugee crisis across Europe and the influence on policy. Also, the new 'For Further Reference' feature included for every country entry directs readers to additional resources to continue their research.

Peace and Conflict 2017 David Backer, Ravinder Bhavnani, Paul Huth, 2017-11-08

An authoritative source of information on violent conflicts and peacebuilding processes around the world, *Peace and Conflict* is an annual publication of the University of Maryland's Center for International Development and Conflict Management and the Graduate Institute of International and Development Studies, Geneva. The contents of the 2017 edition are divided into three sections. 'Global Patterns and Trends' provides an overview of recent advances in scholarly research on various aspects of conflict and peace, as well as chapters on armed conflict, violence against civilians, characteristics of rebel and state forces, sexual violence, democracy and civil war, terrorism, human rights conditions, and the results of the updated Peace Conflict Instability Ledger, which ranks the status and progress of more than 160 countries based on their forecasted risk of future instability, adverse regime change, internal war, state mass killing, non-state mass killing. 'Special Feature' spotlights work on the relationship between refugees and the diffusion of armed conflict. 'Profiles' surveys developments in instances of civil wars, peacekeeping missions, and international criminal justice proceedings that were active around the world during 2015. Frequent visualizations of data in full color, large format tables, graphs, and maps bring the analysis to life and amplify crucial developments in real-world events and the latest findings in research. The contributors include many leading scholars in the field from the US and Europe.

Civil Wars in Africa Kelechi A. Kalu, George Klay Kieh Jr., 2022-05-05

Civil Wars in Africa, edited by Kelechi A. Kalu and George Klay Kieh Jr., examines civil conflicts throughout various African countries. They argue that civil wars in Africa are byproducts of the contradictions and crises engendered by the post-colonial state building and nation building projects in Africa. With few exceptions, the post-colonial states in Africa have failed to build societies that invest in the material well-being of their citizens, protect their political, civil, and other rights, promote accountability,

transparency the rule of law judicial independence and the holding of free and fair elections and promote ethnic pluralism tolerance mutual respect and peaceful co existence among others In addition the contributors show that the post colonial states in Africa have been ruled by corrupt and autocratic leaders who are obsessed with the maintenance of state power as the pathway to ensuring the private accumulation of wealth through sundry illegal means including bribery extortion and theft of public funds In sum this volume addresses how the failure of the post colonial African state to shepherd the process of building democratic societies based on the centrality of human security has led to the erosion of the legitimacy of the state and its custodians Thus once the contradictions and crises reached their crescendo these post colonial societies than implode into civil wars even at the micro level

A Dictionary of African Politics Nicholas Cheeseman,Eloïse Bertrand,Sa'eed Husaini,2019-02-21 With over 400 A Z entries this new dictionary provides clear and authoritative definitions of terms within the fast growing field of African Politics It includes coverage on elections parties and judiciaries but also popular protest gender relations the politics of development and Africa s international relations Entries comprise of major events and figures within African Politics including the East African Community and independence as well as covering key terms of particular relevance to Africa such as neopatrimonialism queue voting and post conflict power sharing Written by a world leading political scientist working on the area of African politics this dictionary is an essential guide for both undergraduate and postgraduate students as well as academics journalists and researchers working on African politics alike *Africa Uprising* Adam Branch,Zachariah Mampilly,2015-03-12 From Egypt to South Africa Nigeria to Ethiopia a new force for political change is emerging across Africa popular protest Widespread urban uprisings by youth the unemployed trade unions activists writers artists and religious groups are challenging injustice and inequality What is driving this new wave of protest Is it the key to substantive political change Drawing on interviews and in depth analysis Adam Branch and Zachariah Mampilly offer a penetrating assessment of contemporary African protests situating the current popular activism within its historical and regional contexts

The Handbook of African Defence and Armed Forces Evert Kleynhans,Marco Wyss,2025-03-01 The Handbook of African Defence and Armed Forces provides the first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of African states and their armed forces Geographically these aspects are investigated at the national sub regional and regional levels Chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called New Scramble for Africa which has seen a crescendo of renewed great power interest in the continent s resources as well as its strategic role location and relevance since the 2000s The book takes a bottom up and African centric approach and is organized around five key themes i the differing security outlooks and defence policies of African powers within the region and the different sub regions ii the strategies doctrines transformation and employment of African armed forces iii the relationship between African armed forces with sub regional regional and international

organizations in the challenges that African states and their armed forces have been facing and their strategic responses and the position of African perspectives and agency in the context of continental and international security and defence. Understanding African security and defence especially in terms of each individual nation's ability to contribute to peacekeeping operations, counterterrorism, border security and internal security requires a focus on the national level of armed forces and defence policies. This in turn sheds light on sub-regional and regional divergences, challenges and cooperation. Based on this framework, the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent's countries and armed forces in International Security and Relations.

Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following two case studies: Civil rights movement in the United States 1954-1965 and Apartheid South Africa 1948-1964.

Introduction to Geopolitics Colin Flint, 2016-10-06. This new updated edition of Introduction to Geopolitics presents the overarching themes of geopolitical structures and agents in an engaging and accessible manner which requires no previous knowledge of theory or current affairs. Using new pertinent case studies and guided exercises, the title explains the contemporary global power of the United States and the challenges it is facing: the persistence of nationalist conflicts, migration, cyberwar, terrorism and environmental geopolitics. Case studies of the rise of the so-called Islamic State, the South China Sea disputes, the Syrian civil war, the Korean conflict and Israel-Palestine emphasize the multi-faceted nature of conflict. The book raises questions by incorporating international and long-term historical perspectives and introduces readers to different theoretical viewpoints including feminist contributions. The new edition features expanded sections on network geopolitics and non-state actors, a new section on geopolitics of transnational business, cyberwar, an interpretation of ISIS within historical geopolitical trends as well as expanded discussion of the relevance of Boserup and neo-Malthusians to environmental geopolitics. Introduction to Geopolitics will provide its readers with a set of critical analytical tools for understanding the actions of states as well as non-state actors acting in competition over resources and power. Both students and general readers will find this book an essential stepping stone to a deeper and critical understanding of contemporary conflicts.

Capitalism and Economic Crime in Africa Jörg Wiegatz, 2024-06-21. This book offers a comprehensive analysis of economic crimes and market irregularities including matters of trickery, parallel economy, illicit trade, economies of violence and criminalisation of the poor in neoliberal Africa. It investigates economic crime as a phenomenon of neoliberal reform and transformation and unpacks crime as a societal and particularly as a political-economic phenomenon under capitalism. The book brings together a collection of
