Gerald Campano, University of Pennsylvania **The ETS Test Collection Catalog** Educational Testing Service. Test Collection, 1993. The major source of information on the availability of standardized tests. Wilson Library Bulletin. Covers commercially available standardized tests and hard to locate research instruments. Basque and Romance Ane Berro, Fernández Beatriz, Jon Ortiz de Urbina, 2019-05-07. This is a collection of articles describing and analyzing several of the most important morphosyntactic features for which the formal comparison between Basque and its surrounding Romance languages is relevant, such as word order, inflection, case, argument structure, and causatives. In the context of a language virtually all of whose speakers are bilingual in either Spanish or French, the theoretically informed in-depth description offered in this volume focuses on the fine grain of linguistic structures from languages typologically quite apart but coexisting and probably interacting in the minds of speakers. It therefore aims at shedding some light on the types of interactions between different systems and on the systems themselves.

Sociopolitical Agenda for TESOL Teacher Education Peter De Costa, Özgehan Ustuk, 2023-10-05. Teaching English to Speakers of Other Languages (TESOL) sits at the nexus of constant change, which makes it vitally important for language teachers to engage in continuous development and keep abreast of the sociopolitical milieu in which they are embedded. However, most teacher education activities are often associated with what is perceived as best practices that are expected to be adopted often uncritically for classroom application and practice with the intention of training teachers to become technicians in their respective classrooms. In reality, TESOL practitioners often find themselves in situations that require them to be reflexive practitioners and to negotiate sites of political struggles and social injustice. Given that a socially situated understanding of TESOL teacher education is often overlooked, this volume highlights the sociopolitical dimensions of TESOL teacher education. In Part 1, the authors introduce the theoretical underpinnings of the sociopolitical agenda proposed by this volume. Building on these theories, Part 2 realizes the proposed agenda by situating it within actual TESOL teacher education.
