

INTRODUCTION

- The following presentation showcases the different types of organizational tasks that were undertaken by the management of World Bank.
- The management of World Bank concentrated on the improvement of the Knowledge Management to ensure the creation of “**Knowledge Bank**”.
- The creation of the knowledge Bank was necessary as because it could help in the bank to reach out different new areas and help the people of these distant areas with effective and innovative solutions from a vast range of stored knowledge (Lord and Washington 2018).
- The stored knowledge of the organization had always a greater impact than any instant idea of poverty reduction or any other kind of developmental activities being undertaken by the management of the organization.
- The Knowledge Management of the organization helped them to decentralize their operations and reduce their dependency on Washington D.C.
- The reduction of dependency helped the organization to be more effective in nature.
- The main change of the organization was brought in the strategy. The strategy of the company helped them to achieve their goals and objectives.
