The Baseball Defense English Edition:

The Prehistories of Baseball Seelochan Beharry, 2016-03-24 Baseball's roots lie deep in our ancestral past. The ancient arts of throwing, distance warfare, hitting, close quarters combat, and running, attack and retreat were woven into the earliest forms of baseball. Early humans recognized the importance of the sun and sought to placate it with sacrificial offerings, imitating its movements and deifying it. Myths and relics of these foundational practices and beliefs were carried westward across the Old World by Indo-European peoples. Games for the early British and Continental Europeans, notably the Celts and Druids, served military, religious, social, and educational needs. As the Celts and Druids came under the control of the Roman Empire, and later the Christian Church, their customs and practices, including games, fell out of favor. Despite persecution, some folk games survived the millennia under such names as stool ball, tut ball, and base ball. Descendants of these peoples brought their variant games to the New World, where the standardization of various informal rules led to their rapid spread. Baseball, with its underlying beliefs, superstitions, and practices, still brings us together with familiar and comforting rituals as we assemble under the sun.

the Relationship Guide to make Him or Her commit Julius F. Rafael, 2013-07 The Master Love Collection the Relationship Guide to make him or her commit is a collection of short poems followed by a complete explanation that truly explains how to get him or her to commit. Each poem is a unique piece of work that has been recited throughout the United States, and each poetic piece can be used to help gain commitment points. This book covers but is not limited to the cheating man, how to approach a woman, and how to sexually satisfy her. This book is not intended to be read in chronological order because it touches on several different relational topics. For example, the reader can skip to the end of the book and visit the Woman's Sport Cheat Sheet. This Cheat Sheet explains why men love sports, and it also explains how a woman can use sports to gain commitment points from the man she is dating. The Woman's Sport Cheat Sheet explains his sport in plain English. Upon dating several women, Julius has decided to write this book and introduce strategies and methods that can be used to make a relationship flourish. After being with a woman for more than a decade and never fully committing, he finally figured out why he did not commit to her. In his book, he mentions several reasons why he and other men, such as himself, don't want to fully commit. Before changing his ways, Julius dated 100's of women, and upon dating them, he discovered what they want. These women have been either single or married. In his book, he also lists several ways to sexually satisfy a woman by using his Top Ten Sex positions that's guaranteed to make her have an orgasm. Upon reading this book, the reader will discover that this book is unlike any other because not only does he speak to men, he also speaks to women by telling them how to get the opposite sex to commit.
