The Bebop Scene in London's Soho, 1945-1950 Ray Kinsella,2022-11-23 This is the first book to tell the story of the bebop subculture in London s Soho a subculture that emerged in 1945 and reached its pinnacle in 1950 In an exploration via the intersections of race class and gender it shows how bebop identities were constructed and articulated Combining a wide range of archival research and theory the book evocatively demonstrates how the scene evolved in Soho s clubs the fashion that formed around the music drug usage amongst a contingent of the group and the moral panic which led to the police raids on the clubs between 1947 and 1950 Thereafter it maps the changes in popular culture in Soho during the 1950s and argues that the bebop story is an important precedent to the institutional harassment of black related spaces and culture that continued in the twentieth and twenty first centuries This book therefore rewrites the first chapter of the classic subcultural canon and resets the subcultural clock requiring us to rethink the periodization and social make up of British post war youth subcultures

History, Memory, and the Literary Left John Lowney,2006-10 In this nuanced revisionist history of modern American poetry John Lowney investigates the Depression era s impact on late modernist American poetry from the socioeconomic crisis of the 1930s through the emergence of the new social movements of the 1960s Informed by an ongoing scholarly reconsideration of 1930s American culture and concentrating on Left writers whose historical consciousness was profoundly shaped by the Depression World War II and the Cold War Lowney articulates the Left s

challenges to national collective memory and redefines the importance of late modernism in American literary history The late modernist writers Lowmyer studies most closely Muriel Rukeyser Elizabeth Bishop Langston Hughes Gwendolyn Brooks Thomas McGrath and George Oppen are not all customarily associated with the 1930s nor are they commonly seen as literary peers By examining these late modernist writers comparatively Lowmyer foregrounds differences of gender and sexuality race and ethnicity and social class and region while emphasizing how each writer developed poetic forms that responded to the cultural politics and socioaesthetic debates of the 1930s In so doing he calls into question the boundaries that have limited the scholarly dialogue about modern poetry No other study of American poetry has considered the particular gathering of careers that Lowmyer considers As poets whose collective historical consciousness was profoundly shaped by the turmoil of the Depression and war years and the Cold War's repression or rewriting of history their diverse talents represent a distinct generational impact on U S and international literary history

The Drum Is a Wild Woman Patricia G. Lespinasse, 2022-01-04 In 1957 Duke Ellington released the influential album *A Drum Is a Woman*. This musical allegory revealed the implicit truth about the role of women in jazz discourse, jilted by the musician and replaced by the drum. Further, the album's cover displays an image of a woman sitting atop a drum, depicting the way in which the drum literally obscures the female body, turning the subject into an object. This objectification of women leads to a critical reading of the role of women in jazz music. If the drum can take the place of a woman, then a woman can also take the place of a drum. *The Drum Is a Wild Woman* challenges that image but also defines a counter tradition within women's writing that involves the reinvention and reclamation of a modern jazz discourse. Despite their alienation from bebop, women have found jazz music empowering and have demonstrated this power in various ways. *The Drum Is a Wild Woman* explores the complex relationship between women and jazz music in recent African diasporic literature. The book examines how women writers from the African diaspora have challenged and revised major tropes and concerns of jazz literature since the bebop era in the mid-1940s. Black women writers create dissonant sounds that broaden our understanding of jazz literature. By underscoring the extent to which gender is already embedded in jazz discourse, author Patricia G. Lespinasse responds to and corrects narratives that tell the story of jazz through a male-centered lens. She concentrates on how the Wild Woman, the female vocalist in classic blues, used blues and jazz to push the boundaries of Black womanhood outside of the confines of respectability. In texts that refer to jazz in form or content, the Wild Woman constitutes a figure of resistance who uses language, image, and improvisation to refashion herself from object to subject. This book breaks new ground by comparing the politics of resistance alongside moments of improvisation by examining recurring literary motifs: cry and response, the Wild Woman and the jazz moment in jazz novels, short stories, and poetry, comparing works by Ann Petry, Gayl Jones, Toni Morrison, Paule Marshall, Edwidge Danticat, and Maya Angelou with pieces by Albert Murray, Ralph Ellison, James Baldwin, and Ellington. Within an interdisciplinary and transnational context, Lespinasse

foregrounds the vexed negotiations around gender and jazz discourse *Music and the sociological gaze* Peter J. Martin, 2013-01-18 In this important new book Peter J Martin explores the interface between musicological and sociological approaches to the analysis of music and in doing so reveals the differing foundations of cultural studies and sociological perspectives more generally Building on the arguments of his earlier book *Sounds and society* Dr Martin initially contrasts text based attempts to develop a social analysis of music with sociological studies of musical activities in real cultural and institutional contexts It is argued that the difficulties encountered by some of the new musicologists in their efforts to introduce a social dimension to their work are often a result of their unfamiliarity with contemporary sociological discourse Just as linguistic studies have moved from a concern with the meaning of words to a focus on how they are used a sociological perspective directs our attention towards the ways in which the production and reception of music inevitably involve the collaborative activities of real people in particular times and places *The Passion for Music: A Sociology of Mediation* Antoine Hennion, 2017-07-05 Music is an accumulation of mediators instruments languages sheets performers scenes media and so on There is no musical object in itself music must always be made again In this innovative book Hennion turns the elusiveness of music into a resource for a pragmatic analysis by which collective process do we make music appear among us Rather than offering a sociology of music *The Passion for Music* listens to the lesson provided by the case of music this art of infinite mediations Learning from music allows us to transform the paradigm to be offered by sociology by confronting it from Durkheim and Weber to Bourdieu with a different way of considering objects For this task Hennion draws on aesthetics Adorno and art history Haskell Baxandall as well as science and technology studies and popular music studies Latour Frith DeNora As part of that project *The Passion for Music* presents a wide ranging series of case studies restoring attention to the rich and varied intermediaries through which music is brought to life from the debate around the reinterpretation of baroque music to the classroom the rock scene the classical music concert Bach's social career in the nineteenth and twentieth centuries and the practices of music amateurs today This is the first English translation of one of the most important works of French scholarship on music and society **New Jazz Conceptions** Roger Fagge, Nicolas Pillai, 2017-06-26 *New Jazz Conceptions History Theory Practice* is an edited collection that captures the cutting edge of British jazz studies in the early twenty first century highlighting the developing methodologies and growing interdisciplinary nature of the field In particular the collection breaks down barriers previously maintained between jazz historians theorists and practitioners with an emphasis on interrogating binaries of national local and professional amateur Each of these essays questions popular narratives of jazz casting fresh light on the cultural processes and economic circumstances which create the music Subjects covered include Duke Ellington's relationship with the BBC the impact of social media on jazz a new view of the ban on visiting jazz musicians in interwar Britain a study of Dave Brubeck as a transitional figure in the pages of *Melody Maker* and BBC2's *Jazz 625* the issue of liveness in Columbia's Ellington at Newport album a musician and promoter

s views of the relationship with audiences a reflection on Philip Larkin Kingsley Amis and Eric Hobsbawm as jazz critics a musician s perspective on the oral and generational tradition of jazz in a British context and a meditation on Alan Lomax s Mr Jelly Roll and what it tells us about cultural memory and historical narratives of jazz **The Jazz Image** K. Meadows,2013-10-23 Jazz Research and Pedagogy is the third edition of an annotated bibliography to books recordings videos and websites in the field of jazz Since the publication of the 2nd edition in 1995 the quantity and quality of books on jazz research performance and teaching materials have increased Although the 1995 book was the most comprehensive annotated jazz bibliography published to that date several books on research performance and teaching materials were omitted In addition given the proliferation of new books in all jazz areas since 1995 the need for a new comprehensive and annotated reference book on jazz is apparent Multiply indexed this book will serve as an excellent tool for librarians researchers and scholars in sorting through the massive amount of new material that has appeared in the field over the last decade Victory Through Harmony Christina L.
