

The Bogota Conspiracy

Jane M. Rausch

The Bogota Conspiracy:

Conspiracy Theories and Latin American History Luis Roniger, Leonardo Senkman, 2021-09-09 This book is a systematic inquiry of conspiracy theories across Latin America Conspiracy theories project not only an interpretive logic of reality that leads people to believe in sinister machinations but also imply a theory of power that requires mobilizing and taking action Through history many have fallen for the allure of conspiratorial narratives even the most unsubstantiated and bizarre This book traces the main conspiracy theories developing in Latin America since late colonial times and into the present and identifies the geopolitical socioeconomic and cultural scenarios of their diffusion and mobilization Students and scholars of Latin American history and politics as well as comparatists will find in this book penetrating analyses of major conspiratorial designs in this multi state region of the Americas

Conspiracy Theories in American History Peter Knight, 2003-12-11 The first comprehensive history of conspiracies and conspiracy theories in the United States Conspiracy Theories in American History An Encyclopedia is the first comprehensive research based scholarly study of the pervasiveness of our deeply ingrained culture of conspiracy From the Puritan witch trials to the Masons from the Red Scare to Watergate Whitewater and the War on Terror this encyclopedia covers conspiracy theories across the breadth of U S history examining the individuals organizations and ideas behind them Its over 300 alphabetical entries cover both the documented records of actual conspiracies and the cultural and political significance of specific conspiracy speculations Neither promoting nor dismissing any theory the entries move beyond the usual biased rhetoric to provide a clear sighted dispassionate look at each conspiracy real or imagined Readers will come to understand the political and social contexts in which these theories arose the mindsets and motivations of the people promoting them the real impact of society s reactions to conspiracy fears warranted or not and the verdict when verifiable that history has passed on each case

The Vast Right-Wing Conspiracy's Dossier on Hillary Clinton Amanda B. Carpenter, 2016-05-03 Written in the style and format of the New York Times bestseller *The Official Handbook of the Vast Right Wing Conspiracy* this expose is full of fresh reporting devastating quotes scandalous stories funny sidebars and forgotten but telling incidents from Hillary s past

The Encyclopedia of Moon Mysteries Constance Victoria Briggs, 2019-03-19 Our moon is an enigma The ancients viewed it as a light to guide them in the darkness and a god to be worshipped In modern times it has been taught that the Moon is simply a dead rock that is caught in Earth s gravity with no activity As a researcher of metaphysical paranormal and cosmic subjects I have come across stories and information about the Moon that tell us that indeed there is activity there and there has been for generations Just who or what is causing the commotion is a mystery There are stories that suggest that the Moon is home to extraterrestrials theories that it is not a natural satellite tales of anomalous lights and tales that NASA astronauts saw extraterrestrial ships and ruins of an ancient civilization there There is a rumor that Apollo 13 was saved by extraterrestrials Another story states that there are extraterrestrial bases on the Moon There is even a tale that states that a part of the kingdom of Atlantis was once located

there Some even believe that there are cities beneath the surface of the Moon There is an interesting account of a government employee using remote viewing as a means of seeing what is on the Moon His experience is eye opening This is just a sample of the information that will be in *The Encyclopedia of Moon Mysteries Secrets Conspiracy Theories Anomalies Extraterrestrials and More* For example did you know that Aristotle and Plato wrote about a time when there was no Moon They even gave a name of an ancient tribe of people that lived during that moonless period several of the NASA astronauts reported seeing UFOs while traveling to the Moon the Moon might be hollow Apollo 10 astronauts heard strange space music when traveling on the far side of the Moon strange and unexplained lights have been seen on the Moon for centuries there are said to be ruins of structures on the Moon there is an ancient tale that suggests that the first human was created on the Moon that radio signals have been detected coming from the Moon that famed astronomer Sir John Herschel saw unidentified lights above the Moon during an eclipse that ancient Bolivian symbols tell us that the Moon came into Earth's orbit around 12 000 years ago a psychic was used by the government to relay information about the Moon The book is separated into A to Z sections for easy reference and reading *American Annual Register* Joseph Blunt, 1828 **Myths of Harmony** Marixa Lasso, 2007-08-12 This book centers on a foundational moment for Latin American racial constructs While most contemporary scholarship has focused the explanation for racial tolerance or its lack in the colonial period Marixa Lasso argues that the key to understanding the origins of modern race relations are to be found later in the Age of Revolution Lasso rejects the common assumption that subalterns were passive and alienated from Creole led patriot movements and instead demonstrates that during Colombia's revolution free blacks and mulattos pardos actively joined and occasionally even led the cause to overthrow the Spanish colonial government As part of their platform patriots declared legal racial equality for all citizens and promulgated an ideology of harmony and fraternity for Colombians of all colors The fact that blacks were mentioned as equals in the discourse of the revolution and later served in republican government posts was a radical political departure These factors were instrumental in constructing a powerful myth of racial equality a myth that would fuel revolutionary activity throughout Latin America Thus emerged a historical paradox central to Latin American nation building the coexistence of the principle of racial equality with actual racism at the very inception of the republic Ironically the discourse of equality meant that grievances of racial discrimination were construed as unpatriotic and divisive acts in its most extreme form blacks were accused of preparing a race war Lasso's work brings much needed attention to the important role of the anticolonial struggles in shaping the nature of contemporary race relations and racial identities in Latin America

Latin American Dictators of the 20th Century Javier A. Galván, 2013-01-01 Throughout the 20th century the emergence of authoritarian dictatorships in Latin America coincided with periods of social convulsion and economic uncertainty This book covers 15 dictators representing every decade of the century and geographically from the Caribbean and North and Central and South America Each chapter covers their personal information childhood education marriage family assumption of power

relationship with the United States oppression of civilians and collapse of their regimes The book also investigates inherent contradictions in U S foreign policy promoting democracy abroad while supporting brutal dictatorships in Latin America Such analysis requires multiple perspectives and this work embraces an evaluation of the influence of military dictatorships on cultural elements such as art literature journalism music and cinema while drawing on data from documentary archives court case files investigative reports international treaties witness testimonies and personal letters from survivors The dramatic experiences of courageous individuals who challenged these 15 oppressors are also recounted Neighborly Adversaries Michael J. LaRosa, Frank O. Mora, 2015-03-19 The history of U S Latin American relations has been characterized by a complex fusion of tensions collaboration misperceptions and intervention Offering a balanced and interdisciplinary interpretation this comprehensive reader traces the often troubled relationship from the beginnings of the nineteenth century to the presidency of Barack Obama Completely revised and updated this third edition includes original essays on critically important issues such as immigration the environment and the Obama administration s policy toward the region In addition to this added policy section another new section explores cultural issues such as tourism soccer and the media The readings are framed by the editors opening chapter on the history of the relationship introductory essays for each of the seven parts and abstracts for each selection Students who use this book will learn that U S Latin American relations have been deeply influenced by dynamic continuously evolving scholarly interpretations in both hemispheres Sixteen years after the first edition was published the editors are more optimistic as the hemisphere unites around trade culture tourism and an evolving mutual appreciation Methodologically interdisciplinary yet comparative and historical in organization and structure this text will benefit all readers interested in the rich historical social and political American relationship *South America* H. Micheal Tarver, Carlos E. Márquez Petit, 2025-03-20 Discover the people events milestones and landmarks in the history of South America from European contact to their independence This two volume encyclopedia provides entries on many of the key people places and events essential to the last 500 years of South American history from the Cajamarca Encounter of 1532 to the independence of Suriname in 1975 With entries on the indigenous peoples of countries such as Argentina and Uruguay the major geographic landmarks from the Andes Mountains to the Amazon River and on cities from Buenos Aires to Quito this encyclopedia provides students and researchers alike a valuable guide to South American history geography and culture The volumes comprise entries on various South American colonies and countries events and places groups organizations and industries independence movements individuals objects and artifacts and organizations and administrations Primary source document excerpts a timeline and original maps provide readers with a direct connection to the past and inspire historical inquiry This comprehensive encyclopedia offers a window to the past showing how the South America of the present came to be **Honorable Lives** Victor Uribe-Uran, 2010-11-23 The first work in English to discuss the social and political history of lawyers in a Latin American country Honorable Lives presents a portrait of lawyers in late colonial and early modern

Colombia Uribe Uran focuses on the social origins education and careers of those qualified to practice law before the highest colonial courts Audiencias and the republican courts after the 1820s In the course of his study Uribe Uran answers many questions about this elite group of professionals What were the social origins and families of lawyers Their relation to the state Their participation in political movements and parties revolutions civil wars and other political processes Their ideas education and training By exploring the lives of lawyers Uribe Uran is also able to present a general history of Latin America while examining the key social and political changes and continuities from 1780 to 1850 particularly the elites and state managers Honorable Lives features three genealogical charts detailing bureaucratic networks established by families of lawyers in different historical periods The text also contains an abundant series of statistical tables and charts and concise biographical information on approximately 150 Latin American lawyers This book will appeal to Latin Americanists students of law and anyone interested in the lives and histories of lawyers

Territorial Rule in Colombia and the Transformation of the Llanos Orientales Jane M. Rausch, 2013-09-03 Until the 1980s Colombia's Llanos Orientales was a frontier a vast tropical grassland plain east of the Andes Populated mainly by indigenous people it was considered primitive by much of the rest of Colombia All of that changed when exploitable petroleum deposits were discovered and the Llanos was transformed into the fastest growing region in the country Rausch surveys sixty years of the area's history from La Violencia the civil war that rocked the country from 1948 to 1958 and the presidency of Rojas Pinilla who helped pacify the Llanos in the late 1950s to the National Front agreement between the Conservative and Liberal parties during the 1960s its aftermath and the rapid changes during the last half of the twentieth century Using archival research and her own first hand experiences Jane Rausch examines the Colombian government's Llanos policies and the political economic and social changes they have brought about This book brings to a strong conclusion Rausch's large scale historical survey of a region one sharing much in common with other South American frontiers and critical to Colombia's present and future

Bolivar, the Passionate Warrior Thomas Russell Ybarra, 1929 *Colombia Before Independence* Anthony McFarlane, 2002-05-16 This book describes and analyzes economic and political developments in Colombia during the final century of Spanish rule Its purpose is threefold first to provide a general portrait of Colombian society during the late colonial period showing the character of economic social and political life in the territory's principal regions second to assess the impact on the region of European imperialist expansion during the eighteenth century and third to provide a context for understanding the causes of independence The book offers the only available survey of Colombian history and historiography for this period

American Annual Register of Public Events, 1828 *American Annual Register of Public Events* Joseph Blunt, 1828

Exploitation, Inequality, and Resistance Mark A. Burkholder, Lyman L. Johnson, Monica A. Rankin, 2018 In this compelling text authors Mark A Burkholder Lyman L Johnson and Monica A Rankin tell the story of more than 500 years of Latin American history through the themes of exploitation inequality and resistance Balancing an examination of different

forms of exploitation with discussions of active and passive resistance Exploitation Inequality and Resistance emphasizes these themes and analyzes the ways in which events throughout Latin America s history continue to resonate today **The American Annual Register for the Years ..., Or, the ... Year of American Independence** ,1828 The American Annual Register Joseph Blunt,1828 **the american annual register for the years 1826-7, or, the fifty year of american independence** e. & g.w. blunt,1828 **Selected Writings: 1823-1830** Simón Bolívar,1951
