Land Law Directions Sandra Clarke, Sarah Greer, 2022 A considered balance of depth detail context and critique Land Law Directions books offer the most student friendly guide to the subject empowering students to evaluate the law understand its practical application and approach assessments with confidence **An Expressive Theory of Possession** Michael JR Crawford, 2020-07-09 Possession is a foundational concept in property law Despite its undoubted importance it is poorly understood and a perennial source of confusion Indeed there is a widely held view amongst lawyers that possession is an irredeemably ambiguous and amorphous concept This book aims to challenge this conventional wisdom and to demonstrate that possession is in fact far simpler than generations of lawyers have been led to believe In viewing possession as a knotty problem for the philosopher or legal theoretician scholars are apt to overlook the important truth that possession is a concept that laymen routinely and for the most part effortlessly apply as they navigate through the countless property interactions that shape everyday life The key to understanding the nature and function of possession in the law is to appreciate that the possession rule is first and foremost a spontaneously emergent phenomenon Possession describes those acts that as a matter of an extra legal convention constitute the accepted way in which members of a given population stake their claims to tangible things Fusing traditional legal analysis with insights from philosophy and economics An Expressive Theory of Possession applies this central claim to both theoretical and doctrinal problems in property law and in doing so provides a coherent explanation of possession and its role in law and life *Thompson's Modern Land Law* Martin George, Antonia Layard, 2019 Thompson's Modern Land Law is a core textbook providing students with a clear understanding of the principles of the subject It analyses the social context of modern land law and the policy tensions to which it gives rise **Property** D. Barlow Burke, Joseph A. Snoe, 2001 In response to popular demand from students instructors and bookstore managers Aspen is proud to introduce this new entry the Examples Explanations Series Burke and Snoe's Property Examples and Explanations is a thorough student friendly review of the applications of property law in Aspen's popular E E format Unlike any other study resource available this book helps students optimize exam preparation time with An eminently clear and readable text that demystifies an often daunting field a proven effective Examples Explanations pedagogy that lets students apply their knowledge and test their understanding of laws and concepts a six part organization and topical coverage that matches the best selling casebook PROPERTY by Dukeminier and Krier As well as most first year property courses nationwide generous use of charts diagrams and other visual aids particularly in the coverage of common law estates a selection of cases that corresponds to most leading casebooks If you want your students to be ready for exams require or recommend the book that stresses applications of the law in a manner students can easily grasp PROPERTY Examples Explanations *Scottish Gold and Silver Work* Ian Finlay, 1999-04-01 The original edition published in 1956 was the first in its field and it remains the only comprehensive treatment of the subject *Modern Land Law* Mark P. Thompson, 2012-06-28

Modern Land Law is a core textbook providing students with a clear understanding of the principles of the subject It analyzes the social context of modern land law and the policy tensions to which it gives rise **The Ownership of Goods and Chattels** Stephen Hackett,2020-01-23 This book for the first time sets out in comprehensive and accessible fashion the law on acquiring surrendering and transferring ownership rights in goods and chattels These are issues that have the potential to present themselves in contentious and non contentious matters of various kinds for example in the contexts of testamentary and lifetime gifts and the law of mixtures finding and bailment It will therefore be of interest to a broad range of practitioners as well as academics with an interest in property **Australian Business Law 2012** Paul Latimer,2012 Cultural

Property in Cross-Border Litigation Mara Wantuch-Thole,2015-03-10 This thesis comparatively investigates into the cross border enforcement of claims to misappropriated cultural objects initiated by states It identifies and categorises sovereign rights in cultural property and discusses the legal mechanisms to successfully implement these rights in foreign courts The results may be used by government officials museum officials lawyers art historians archaeologists art dealers academics

Robin Hickey,2010-01-20 Are finders keepers This most simple of questions has long evaded a satisfactory legal answer Generally it seems to have been accepted that a finder acquires a property right in the object of her find and can protect it from subsequent interference but even this turns out to be the baldest statement of principle resting on obscure and confused authority This first full length treatment of finders sets them in their legal historical context and discovers a fascinating area of law lying at the crossroads of crime obligations and property That on the same facts a finder might be thief bailee and or property right holder has clouded our conceptual analysis and prevented us from stating simply our rules

about finding. Nonetheless, when the applicable doctrines and policies of our property law, particularly the central concept of possession, are explored and understood in the light of countervailing rules of crime and tort, we can argue confidently that, despite centuries of doubt and confusion, English law has succeeded in producing a body of law that is theoretically and practically coherent. Property and the Law of Finders makes this argument and will appeal to anyone specifically interested in the law of personal property and also to those with broader concerns about the evolution of common law concepts and their ability to yield workable practical solutions.

*The Illicit Trade in Art and Antiquities* Janet Ulph, Ian Smith, 2015-11-05 This new text provides practical guidance on the modern law relating to cultural objects which have been stolen, looted or illegally exported. It explains how English criminal law principles, including money laundering measures, apply to those who deal in cultural objects in a domestic or international setting. It discusses the recovery of works of art and antiquities in the English courts where there are competing claims between private individuals or between individuals and the UK Government or a foreign State. Significantly, this text also provides an exposition of the law where a British law enforcement agency or a foreign law enforcement agency is involved in the course of criminal or civil proceedings in an English court. The growth of relevant international instruments, which include not only those devoted to the protection of mankind's cultural heritage but also those concerned with money laundering and serious organised crime, provide a backdrop to this discussion. The UK's ratification of the UNESCO Convention on Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property 1970 in 2002 is considered. The problems posed in attempting to curb trafficking in art and antiquities are explored and the effectiveness of the current law is analysed.

*Land Law* Chris Bevan, 2022 Academically rigorous yet welcoming and fully attuned to the needs of the student reader, Chris Bevan's *Land Law* represents a new breed of textbook, blending traditional and contemporary teaching approaches to guide readers to a confident understanding of the subject. With its lively, engaging writing style, in which the author's enthusiasm is always apparent, and its distinctive way of speaking directly to students, anticipating their questions and areas of confusion, Bevan's book does not simply set out the law but actively teaches it. Clear explanations are complemented by carefully crafted visual aids conveying key concepts in ways that all students can understand, and topics are broken down into sections that are easy to digest. This book maintains a critical emphasis and encourages students to consider and understand the law in context, both within society and their degree. Key case boxes offer concise insights on leading cases that pique students' interest, spurring them to conduct their own reading of primary material, and although the book reflects on historical background in order to make sense of today's law, its overriding perspective is forward-looking, epitomized in the 'Future directions' conclusions for each chapter, which consider future implications and likely reforms. Balancing brevity with detail and rigour with accessibility, *Land Law* is a truly modern textbook that supports and motivates its readers, allowing them to reap the rewards of an understanding of this complex but fascinating subject. Digital formats and resources The third edition is available for students and institutions to

purchase in a variety of formats and is supported by online resources The e book offers a mobile experience and convenient access along with self assessment activities videos podcasts animated flowcharts example legal documentation and links that offer extra learning support [www.oxfordtextbooks.co.uk/ebooks](http://www.oxfordtextbooks.co.uk/ebooks) A comprehensive suite of additional resources to support the book are available online for all readers at [www.oup.com/he/bevan3e](http://www.oup.com/he/bevan3e) including Self test and scenario questions with feedback Videos from the author Animated flowcharts explaining cases and legislation Podcasts from the author Annotated examples of legal documents Visual land law scenarios with prompts and guidance Exclusive interviews between the author and lawyers on real life cases Downloadable figures from the book Flashcard glossary

*180 Day Rental Land Law* Chris Bevan, 2022

*Property: cases and materials* Matthew P. Harrington, Louis Brousseau, 2024-08-21 This casebook provides a basic introduction to the common law of property for students in Canadian law schools In addition to the classic cases from English and Canadian jurisprudence this book utilises materials from around the common law world in an attempt to show the interconnectedness of the common law tradition Topics include theories of property ownership the acquisition of property the doctrines of tenure and estates leases as well as a consideration of problems of marital property and co ownership In addition the text presents a basic introduction to the real estate sales transaction

**Land Law** Rebecca Kelly, Emma Hatfield, 2017-07-14 Problem Based Learning is a way of learning that presents a practical problem scenario in the context of which learning is conducted Normally students are taught law through the transmission of information about legal principles and not presented with problems until they have accumulated enough information to solve them In PBL discussion and analysis of the problem starts the process of learning rather than acting as an end point As a curriculum concept it is becoming increasingly common in law schools as the use of problem scenarios helps to trigger awareness of legal issues and to engage interest by highlighting the real world ramifications This new textbook creates a fresh approach to learning land law through the use of scenarios found in real life which bring what is often perceived to be a dry and difficult subject to life This helps both to engage the student and make the subject more accessible as well as demonstrating to students how land law actually operates in the real world Land Law is often seen as an esoteric subject with lots of technicalities and complex vocabulary and students often forget the context in which it operates With Land Law A Problem Based Approach context is placed at the heart of learning Students are learning through application rather than via an abstract set of rules and can therefore gain a deeper understanding of how land law works not just what it is Unlike other textbooks Land Law A Problem Based Approach integrates a thorough exposition of the law with practice facilitating a more active learning approach and helping students to engage directly with the key cases and statutes to develop key skills of analysis problem solving and application Written in a clear and concise style but without sacrificing detail or analysis the book guides the reader towards a deeper understanding of the land law curriculum Key features include An introductory chapter outlining the problem based learning approach and how to use the book Content overviews at the start of each chapter which provide a useful outline of

the chapter's content and the key principles PBL scenarios at the start of each chapter which provide the real life context to each topic and help to familiarise readers with the legal language and style they will encounter Together with the relevant supporting documents these scenarios are referenced and integrated throughout the chapter let's put this into context boxes which require students to apply the law that they have learnt back to the problem scenario and offer opportunities to reflect and consolidate on the content covered Essential Cases and Essential Statutes boxes reinforce the essential role of cases and legislation in the development and application of land law and help students identify key cases and legislation for revision purposes Understanding Terminology boxes and an online glossary help students to get to grips with the technical terms and vocabulary unique to land law Tables and diagrams explain difficult concepts and rules ideal for visual learners Tips and notes highlight key issues and make links between different aspects of the law without interrupting the flow of the text Specimen exam style questions are ideal for revision and help to provide opportunities to apply learning and practice exam technique

**Land Law** Ben Hopkins McFarlane (Nicholas Nield, Sarah), 2024 **Land Law** Ben McFarlane, Nicholas Hopkins, Sarah Nield, 2012-06-14 An authoritative course text designed to provide a standalone resource for students It contains a blend of carefully selected key cases legislation and academic debate linked by substantial author commentary

**Modern Studies in Property Law - Volume 4** Elizabeth Cooke, 2007-05-21 This book is a collection of papers given at the sixth biennial conference at the University of Reading held in March 2006 and is the fourth in the series Modern Studies in Property Law The Reading conference has become well known as a unique opportunity for property lawyers to meet and confer both formally and informally This volume is a refereed and revised selection of the papers given there It covers a broad range of topics of immediate importance not only in domestic law but also on a worldwide scale
