The Business Career in Its Public Relations Albert Shaw, 2018-08-15 The business career in its public relations by Albert Shaw THE FOUNDER'S PREFACE Despite all that can still be said against trade practices against the business lies that are told the false weights and measures that are used the trade frauds to which the public is subjected we are nearer a high commercial standard than ever before in the world's history Man's confidence in man is greater than ever before the commercial loss through fraud and dishonesty is constantly diminishing and standards are slowly but surely moving upward The honest man's chances for success in business are better than ever before and the dishonest man's chances for lasting commercial success are less than ever before To grow rich by failing in business is no longer regarded as an act of cleverness The professional bankrupt finds it more and more difficult to get credit He soon discovers that even his cash will not win for him the attention that his poorer neighbor commands simply by his character We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience

S. Schneck,2017-03-25 The purpose of this discourse

is to set forth some of the social and public aspects of trade and commerce in our modern life We have heard much in these recent times concerning the State in its relation to trade industry and the economic concerns of individuals and groups Rapidly changing conditions however make it fitting that more should be said from the opposite standpoint that is to say regarding the responsibilities of the business community as such toward the State in particular and toward the whole social organism in general Some of the thoughts to which I should like to give expression might perhaps too readily fall into abstract or philosophical terms They might on the other hand only too readily clothe themselves in cant phrases and assume the hortatory tone The Business Career in Its Public Relations (Classic Reprint) Albert Shaw,2016-10-22 **The**
