**Exploring Positive Psychology** Erik M. Gregory,Pamela B. Rutledge,2016-10-03 Looking for an introduction to positive psychology that offers real life examples This overview of the science of happiness supplies case studies from some of the

world's most successful organizations and describes ways to experience the personal impact of this exciting scientific field. Rather than focusing on treating what is wrong with a person, positive psychology seeks to understand and foster the things that drive happiness, creativity, and emotional fulfillment. This is a relatively new area of psychological study, and this reference book presents the research and practice of positive psychology in an informative and accessible format. Readers are given a history of the field, its current applications, and the future implications of this psychological discipline. Case studies from companies such as The Body Shop, Volvo, Zappos, and Google highlight the impact of positive psychology when it is applied in a modern business setting. These case studies, along with biographies of leaders in the field, highlight each chapter and connect the dots between the empirical theory of positive psychology and its practice. Readers also receive tools to apply the practices to their own lives.

*The Librarian's Nitty-Gritty Guide to Content Marketing* Laura Solomon, 2016-06-10. What is content marketing? Simply put, it's the most effective way to increase your value to customers. When you deliver content that library users find useful and relevant, you give a compelling answer to their question, "What's in it for me?" Author of the best-selling book *The Librarian's Nitty-Gritty Guide to Social Media*, Solomon speaks directly to public relations personnel, web librarians, and other staff responsible for the library's online presence. Filled with nuts and bolts advice on how to increase the library's value to its users, her guide defines the essential characteristics of effective content marketing, explores methods of audience assessment, demonstrates how to optimize content for sharing, explains the elements of an editorial calendar for sustainable content, and shows how to create once and reuse many times. Describes meaningful metrics for the library context, points out 5 common mistakes and how to avoid them, provides a template for creating personas, and includes first-hand accounts from library marketers. Making content marketing concepts bite-sized and easily digestible, this guide shows libraries how to market effectively by focusing on what library users find useful and relevant.

Expelling Public Schools John Arena, 2023-06-20. Exploring the role of identitarian politics in the privatization of Newark's public school system. In *Expelling Public Schools*, John Arena explores the more than two-decade struggle to privatize public schools in Newark, New Jersey, a conflict that is raging in cities across the country from the vantage point of elites advancing the pro-privatization agenda and their grassroots challengers. Analyzing the unsuccessful effort of Cory Booker, Newark's leading pro-privatization activist and mayor, to generate popular support for the agenda, and Booker's rival and ultimate successor Ras Baraka's eventual galvanization of the charter movement, Arena argues that Baraka's black radical politics cloaked a revanchist agenda of privatization. *Expelling Public Schools* reveals the political rise of Booker and Baraka, their one-time rivalry and subsequent alliance, and what this particular case study illuminates about contemporary post-civil rights Black politics. Ultimately, *Expelling Public Schools* is a critique of Black urban regime politics and the way in which antiracist messaging obscures real class divisions, interests, and ideological diversity.

**IT Project Management: A**

**Geek's Guide to Leadership** Byron A. Love, 2016-10-04 This book's author Byron Love admits proudly to being an IT geek. However, he had found that being an IT geek was limiting his career path and his effectiveness. During a career of more than 31 years, he has made the transition from geek to geek leader. He hopes this book helps other geeks do the same. This book addresses leadership issues in the IT industry to help IT practitioners lead from the lowest level. Unlike other leadership books that provide a one-size-fits-all approach to leadership, this book focuses on the unique challenges that IT practitioners face. IT project managers may manage processes and technologies, but people must be led. The IT industry attracts people who think in logical ways, analytical types who have a propensity to place more emphasis on tasks and technology than on people. This has led to leadership challenges such as poor communication, poor relationship management, and poor stakeholder engagement. Critical IT projects and programs have failed because IT leaders neglect the people component of people, process, and technology. Communications skills are key to leadership. This book features an in-depth discussion of the communications cycle and emotional intelligence, providing geek leaders with tools to improve their understanding of others and to help others understand them. To transform a geek into a geek leader, this book also discusses self-leadership skills so geek leaders know how to lead others by leading themselves first. Followership and how to cultivate it among team members. How a geek leader's ability to navigate disparate social styles leads to greater credibility and influence. Integrating leadership into project management processes. The book concludes with a case study to show how to put leadership principles and practices into action and how an IT geek can transform into an effective IT geek leader. **The Lines**

**Between Us** Lawrence Lanahan, 2019-05-21 A masterful narrative with echoes of *Evicted* and *The Color of Law* that brings to life the structures, policies, and beliefs that divide us. Mark Lange and Nicole Smith have never met, but if they make the moves, they are contemplating Mark, a white suburbanite to West Baltimore, and Nicole, a black woman from a poor city neighborhood to a prosperous suburb. It will defy the way the Baltimore region has been programmed for a century. It is one region but separate worlds. And it was designed to be that way. In this deeply reported, revelatory story, duPont Award-winning journalist Lawrence Lanahan chronicles how the region became so highly segregated and why its fault lines persist today. Mark and Nicole personify the enormous disparities in access to safe housing, educational opportunities, and decent jobs. As they eventually pack up their lives and change places, bold advocates and activists in the courts and in the streets struggle to figure out what it will take to save our cities and communities. Put money into poor segregated neighborhoods. Make it possible for families to move into areas with more opportunity. *The Lines Between Us* is a riveting narrative that compels reflection on America's entrenched inequality and on where the rubber meets the road, not in the abstract but in our own backyards. Taking readers from church sermons to community meetings to public hearings to protests to the Supreme Court to the death of Freddie Gray, Lanahan deftly exposes the intricacy of Baltimore's hypersegregation through the stories of ordinary people living it, shaping it, and fighting it day in and day out. This eye-opening account of how a city creates its black

and white places its rich and poor spaces reveals that these problems are not intractable but they are designed to endure until each of us despite living in separate worlds understands we have something at stake     *U.S. Army Campaigns of the Civil War: The Civil War in the West, 1863* Andrew N. Morris, *The Civil War in the West 1863* by Andrew N Morris is the latest addition to the Center of Military History's U S Army Campaigns of the Civil War series In 1863 Union and Confederate forces fought for control of Chattanooga a key rail center The Confederates were victorious at nearby Chickamauga in September However renewed fighting in Chattanooga that November provided Union troops a victory control of the city and drove the Confederates south into Georgia The Union success left its armies poised to invade the Deep South the following year     **Report to Congress of the U.S.-China Economic and Security Review Commission** U.S.-China Economic and Security Review Commission,2016     **The Retirement Rescue Plan** Melissa Phipps,2016-06-01 fresh realistic and comprehensive solutions for the millions of Americans who haven't saved enough for retirement NANCY COLLAMER Public Speaker Career Coach and Author of *Second Act Careers 50 Ways to Profit Your Passions During Semi Retirement* When financial planning expert Melissa Phipps decided to quit her 9 to 5 and start her own business she told herself the time is now It wasn't retirement but it was the first step Not long after she found herself in the middle of a large and unanticipated financial dilemma And in order to survive it she had to make some major changes that ultimately came down to one thing redefining retirement The Retirement Rescue Plan will prepare you for retirement in a way that takes you into account allowing you to define retirement in a new realistic and exciting way The goals are simple work less earn enough and be happier than ever Are you ready to get planning Assess what makes you happy it sounds obvious but when was the last time you took an honest look at what you really wanted Gain control of your finances by reviewing your savings expenses and budget with sample worksheets and exercises Generate ideas for continued earnings by considering your unique skills and interests and find extra inspiration by reading real life retirement success stories Ensure your security with five methods to avoid common retirement planning mistakes Nothing compares to the joy and relief you will feel when you find your way from financial despair to a fulfilling future as you start to enjoy retirement in a way that works for YOU     **Environmental Politics and Policy** Walter A. Rosenbaum,2019-07-17 Walter A Rosenbaum's classic *Environmental Politics and Policy* provides definitive coverage of environmental politics and policy lively case material and a balanced assessment of current environmental issues The first half of the book sets needed context and describes the policy process while the second half covers specific environmental issues such as air and water toxic and hazardous substances energy and a global policymaking chapter focused on climate change and trans boundary politics The eleventh edition includes updates on the Trump administration's initiatives and controversies with regard to environmental policy offering the currency and relevancy needed for any environmental politics course     **Social Media for Fashion Marketing** Wendy K. Bendon,2020-08-06 *Social Media for Fashion Marketing* uses cutting edge case studies and detailed interviews to show how the business of fashion is changing in

the digital landscape Bandoni BandoniStyle also considers the psychological impact of being a hyper connected consumer and the generational gaps in social media communication Using academic research alongside her 25 years of fashion marketing experience Bandoni offers a clear picture of the changing narrative of storytelling social confirmation digital nesting and how to use data to shape a brand s online presence With practical and critical thinking activities to hone your skills into professional practice this is the ultimate guide to social marketing promotion SEO branding and communication Featured topics Rules of Digital Storytelling Rethinking Gamification Strategic Digital Marketing The Role of Citizen Journalists The Social Media Looking Glass World of Influencer Marketing Visual Consumption Economy Global Perspective of Social Media

*The City Is the Factory* Miriam Greenberg,Penny Lewis,2017-06-06 Urban public spaces from the streets and squares of Buenos Aires to Zuccotti Park in New York City have become the emblematic sites of contentious politics in the twenty first century As the contributors to *The City Is the Factory* argue this resurgent politics of the square is itself part of a broader shift in the primary locations and targets of popular protest from the workplace to the city This shift is due to an array of intersecting developments the concentration of people profit and social inequality in growing urban areas the attacks on and precarity faced by unions and workers movements and the sense of possibility and actual leverage afforded by local politics and the tactical use of urban space Thus the city from the town square to the banlieu is becoming like the factory of old a site of production and profit making as well as new forms of solidarity resistance and social reimagining We see examples of the city as factory in new place based political alliances as workers and the unemployed find common cause with right to the city struggles Demands for jobs with justice are linked with demands for the urban commons from affordable housing to a healthy environment from immigrant rights to urban citizenship and the right to streets free from both violence and racially biased policing The case studies and essays in *The City Is the Factory* provide descriptions and analysis of the form substance limits and possibilities of these timely struggles Contributors Melissa Checker Queens College and the Graduate Center of the City University of New York Daniel Aldana Cohen University of Pennsylvania Els de Graauw Baruch College City University of New York Kathleen Dunn Loyola University Chicago Shannon Gleeson Cornell University Miriam Greenberg University of California Santa Cruz Alejandro Grimson Universidad de San Mart n Argentina Andrew Herod University of Georgia Penny Lewis Joseph S Murphy Institute for Worker Education and Labor Studies City University of New York Stephanie Luce Joseph S Murphy Institute for Worker Education and Labor Studies City University of New York Lize Mogel artist and coeditor of *An Atlas of Radical Cartography* Gretchen Purser Maxwell School of Citizenship and Public Affairs Syracuse University

The Divine Plan: The New Jerusalem and the Two Witnesses A Soul,2017-07-09 This book provides an overview of The Divine Plan of Our Heavenly Father as discerned by the author through Marian apparitions and heavenly messages of modern times It walks the reader through the Creation of mankind the Gospels and the presently unfolding period The End Times It also reveals further information on the Two Witnesses of the Book of Revelation Apocalypse The common theme throughout the book is the United Hearts of Jesus Christ and the Blessed Virgin Mary the Sacred Heart and the Immaculate Heart the Two Hearts of Holy Love and Divine Love Although this book is written by a Catholic Christian the intended audience is for all peoples of all faiths and non believers It is the sincere hope of the author that all readers will be inspired by the spirituality contained within the book s pages which the author believes comes directly from God s Own Paternal Heart Series Mary Refuge Of Holy Love Volume 1

Dream Hoarders Richard V. Reeves,2018-05-08 Dream Hoarders sparked a national conversation on the dangerous separation between the upper middle class and everyone else Now in paperback and newly updated for the age of Trump Brookings Institution senior fellow Richard Reeves is continuing to challenge the class system in America In America everyone knows that the top 1 percent are the villains The rest of us the 99 percent we are the good guys Not so argues Reeves The real class divide is not between the upper class and the upper middle class it is between the upper middle

class and everyone else The separation of the upper middle class from everyone else is both economic and social and the practice of opportunity hoarding gaining exclusive access to scarce resources is especially prevalent among parents who want to perpetuate privilege to the benefit of their children While many families believe this is just good parenting it is actually hurting others by reducing their chances of securing these opportunities There is a glass floor created for each affluent child helped by his or her wealthy stable family That glass floor is a glass ceiling for another child Throughout *Dream Hoarders* Reeves explores the creation and perpetuation of opportunity hoarding and what should be done to stop it including controversial solutions such as ending legacy admissions to school He offers specific steps toward reducing inequality and asks the upper middle class to pay for it Convinced of their merit members of the upper middle class believes they are entitled to those tax breaks and hoarded opportunities After all they aren't the 1 percent The national obsession with the super rich allows the upper middle class to convince themselves that they are just like the rest of America In *Dream Hoarders* Reeves argues that in many ways they are worse and that changes in policy and social conscience are the only way to fix the broken system

**U.S. Security Cooperation with Africa** Robert J. Griffiths, 2016-04-14 As Africa's strategic importance has increased over the past decade and a half United States security cooperation with the continent has expanded The most visible dimension of this increased engagement was the establishment of the U S Military Command for Africa AFRICOM Some critics are skeptical of AFRICOM's purpose and see the militarization of U S Africa policy while others question its effectiveness Recognizing the link between development and security AFRICOM represents a departure from the traditional organization of military commands because of its holistic approach and the involvement of the Department of State as well as other U S government stakeholders Nevertheless AFRICOM's effort to combine security and development faces formidable conceptual and operational challenges in trying to ensure both American and African security interests The human security perspective's emphasis on issues that go beyond traditional state centered security to include protecting individuals from threats of hunger disease crime environmental degradation and political repression as well as focusing on social and economic justice is an important component of security policy At the same time the threat of violent extremism heavily influences U S security cooperation with Africa In this examination of the context of U S African security relations Robert J Griffiths outlines the nature of the African state traces the contours of African conflict surveys the post independence history of U S involvement on the continent and discusses policy organization and implementation and the impact of U S experiences in Iraq and Afghanistan on the U S Africa security relationship Africa's continuing geostrategic significance the influence of China and other emerging markets in the region and America's other global engagements especially in light of U S fiscal realities demonstrate the complexity of U S African security cooperation

## Embracing the Song of Appearance: An Psychological Symphony within **The Blog Planner 2015**

In a global taken by monitors and the ceaseless chatter of immediate connection, the melodic beauty and mental symphony developed by the prepared term frequently fade in to the back ground, eclipsed by the constant sound and distractions that permeate our lives. Nevertheless, nestled within the pages of **The Blog Planner 2015** a marvelous fictional treasure overflowing with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this captivating masterpiece conducts visitors on a psychological journey, skillfully unraveling the concealed melodies and profound impact resonating within each cautiously crafted phrase. Within the depths of the moving assessment, we will explore the book is main harmonies, analyze its enthralling publishing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
