The Body Fat

BREAKTHROUGH

**Tap the Muscle-Building Power of
Negative Training and Lose Up to**

30 in **30**
Pounds Days

Ellington Darden, PhD

The Body Fat Breakthrough

Ellington Darden

The Body Fat Breakthrough:

The Body Fat Breakthrough Ellington Darden, PhD, 2014-04-01 Anyone who desperately wants to lose 10 to 50 or more pounds but just can't find the time to exercise three or four times a week will love The Body Fat Breakthrough. It requires just one or two 20 minute resistance training workouts using negative or eccentric training the little known weight lifting technique that shrinks fat cells and triggers fast muscle growth. Legendary fitness researcher Ellington Darden PhD put 118 overweight men and women on this workout program and achieved remarkable results which are illustrated in the book through 35 inspiring before and after photographs. Some test subjects lost 30, 40 or even more than 50 pounds in as many days and transformed their bodies and their health. Negative training is just one of 10 Fat Bombs demonstrated in the book. Others include a unique meal plan in which the bulk of calories comes from carbohydrates 50% carbs 25% protein 25% fat offering readers an appealing new way to lose weight without sacrifice. Drinking a gallon of cold water a day to stay full and burn calories through thermogenesis. Evening after dinner walks to accelerate body heat triggering increased fat loss. Dr Darden's Breakthrough program sheds pounds fast while building and toning muscle in just 6 weeks. Men's Health Killing Fat Ellington Darden, PhD, Editors of Men's Health Magazine, 2019-01-29 Renowned fitness and health researcher Ellington Darden teaches you how to burn fat and keep it off using the science of thermodynamics. Exercise researcher and author Ellington Darden has studied exercise and fat loss for more than 40 years. His most recent program combines his previous findings on fat loss and muscle gain with new research on the principles of thermodynamics and heat transfer for a 6 or 12 week plan that will eliminate belly bloat, destroy flab and boost metabolism. Integrating his many years of research, the program has had more than 1,137 participants who shed an average of 29.5 pounds of fat and lost 6 inches off their waist or belly. The program consists of four main components: a descending calorie eating plan, strength training workouts, superhydration of the body and rest inactivity and rejuvenating sleep. Men's Health Killing Fat takes you step by step through Darden's super effective strategy. Interspersed with success stories and before and after photos of previous participants, Killing Fat will teach you a revolutionary new way to lose weight and keep it off. **Tighten Your Tummy in 2 Weeks** Ellington Darden, 2015-08-18 Tighten Your Tummy in 2 Weeks is a revolutionary new program that triggers hormones to burn more fat and melt pounds and inches primarily from the belly. A woman's tummy has now replaced her thighs as the most troublesome body part. Seventy-six percent of women surveyed in 2014 admitted that they were unhappy with their midsection. And a large tummy is a warning sign of significant potential health issues. QUESTION: How would you like to lose 14 inches from your waist and 14 pounds of body fat in only 14 days? The proof is in the pictures. 41 women at Gainesville Health Fitness in Florida tested the Tighten Your Tummy in 2 Weeks program under the direction of fitness expert Ellington Darden PhD who documented success stories with remarkable before and after photographs. Readers can expect results similar to Dr Darden's test panel. For example, in just 2 weeks Roxanne Dybevick 54 lost 15.08 pounds. Angela Choate 68 lost

14 8 pounds Katie Fellows Smith 60 lost 14 51 pounds Denise Rodriguez 34 lost 14 49 pounds Brianna Kramer 23 lost 14 26 pounds What causes such rapid loss of midsection flab The answer is Dr Darden s remarkable 5 step formula 1 A special at home resistance exercise technique called 15 15 15 plus 8 to 12 triggers fat cells to burn and release fat effectively spot reducing the belly 2 A carbohydrate rich eating plan of five or six small meals a day Yes carbs are okay A bagel for breakfast is on the daily meal plan 3 Extra sleep at night and a nap during the day to turbo charge the shrinking of pounds and inches 4 A tummy tightening trick called the inner abs vacuum that s performed before every meal 5 Sipping ice cold water all day long which synergizes the loss of fat and the strengthening of muscle What Women Like You Are Saying About the Tighten Your Tummy Program I ve rediscovered my hour glass figure My jeans fit again they feel like an old friend The Power Start Diet made me feel powerful and I like that feeling I love the person I now see in the mirror

The Body Fat Solution Tom Venuto, 2009-01-08 The national bestseller with the ultimate program to lose body fat and build muscle and keep the weight off for good By now we all know that we gain fat when we take in more calories than we burn But we re not always rational creatures when it comes to food and exercise Tom Venuto provides a sound plan that will help us put the brakes on overeating by pinpointing the mental roadblocks and emotional eating patterns that are preventing us from losing weight for good Guiding readers to dig deeper The Body Fat Solution explores Why it is so difficult to balance calorie output with input What prevents people from eating appropriately and exercising more The emotional and psychological factors that sabotage success The Body Fat Solution shows how to personalize an eating plan that takes into account your unique metabolism and calorie needs while offering delicious new menus Tapping into his years of training expertise and personal experience Venuto helps readers change their relationship with food empowers them to take charge of their lives and delivers a program that promises dramatic and permanent results
