The Of Eulogies:

A Selection of Eulogies ,1826 *The Book Of Eulogies* Phyllis Theroux,1997-05-30 A collection of memorial tributes poetry essays and letters of condolence **A Selection of Eulogies Pronounced in the Several States** ,1826 Biblical Theology of prayer in the New Testament Francois P. Viljoen,Albert J. Coetsee,2023-08-31 This publication deals with a biblical theology of prayer based on the New Testament It forms the second of a two volume publication on a biblical theology of prayer dealing with the concept of prayer in the Old and New Testament respectively This New Testament volume begins with an introduction on prayer and worship in early Jewish tradition followed by eleven chapters dealing with New Testament corpora It concludes with a final chapter synthesising the findings of the respective investigations of the Old and New Testament corpora to provide a summative theological perspective of the development of the concept of prayer through scripture Prayer forms a major and continuous theme throughout the biblical text Prayer was an integral part of the religious existence of God s people in both the Old and New Testament It underwent its greatest developments during after and as a result of the Exile and was deepened and transformed in the New Testament In both the Old and the New Testament God is the sole addressee of his people s prayer This conviction continued into the New Testament but was broadened with Trinitarian elements of worship adoration and intercession A biblical theological investigation is chosen as methodology Since all the biblical books form part of one canonical text the assumption is that the various theologies about prayer being displayed in these books can be synthesised into a developing meta theology about prayer As the Old and New Testament form part of the canonical text the results about prayer in the Old Testament can be brought into play with the results about prayer in the New Testament This eventually leads toward an overarching biblical theology of prayer *The Uses of Poetry* Denys Thompson,1978-07-20 This is an account of the part played by poetry in the life of man from earliest times to the present Older than prose it was the vehicle for his technology history philosophy and science it helped him feel at home in his environment it was the social element between him and his fellows Mr Thompson explores these many facets in the earlier chapters of his book and then goes on to consider the impact of printing when in his view poetry became subtler but ceased to be a popular possession However as Mr Thompson shows poetry could still be of value in helping people to cope with the strains of living in assimilating the implications of vast new fields of knowledge and in keeping alive the idea of humanity in a dehumanising age *Encyclopaedia Britannica, Or a Dictionary of Arts, Sciences, and Miscellaneous Literature* ,1810

Eulogy for Burying a Crane and the Art of Chinese Calligraphy Lei Xue, 2019-12-06 Eulogy for Burying a Crane Yi he ming is perhaps the most eccentric piece in China s calligraphic canon Apparently marking the burial of a crane the large inscription datable to 514 CE was once carved into a cliff on Jiaoshan Island in the Yangzi River Since the discovery of its ruins in the early eleventh century it has fascinated generations of scholars and calligraphers and been enshrined as a calligraphic masterpiece Nonetheless skeptics have questioned the quality of the calligraphy and complained that its fragmentary state and worn characters make assessment of its artistic value impossible Moreover historians have trouble fitting it into the storyline of Chinese calligraphy Such controversies illuminate moments of discontinuity in the history of the art form that complicate the mechanism of canon formation In this volume Lei Xue examines previous epigraphic studies and recent archaeological finds to consider the origin of the work in the sixth century and then trace its history after the eleventh century He suggests that formation of the canon of Chinese calligraphy over two millennia has been an ongoing process embedded in the sociopolitical realities of particular historical moments This biography of the stone monument Eulogy for Burying a Crane reveals Chinese calligraphy to be a contested field of cultural and political forces that have constantly reconfigured the practice theory and historiography of this unique art form Art History Publication Initiative A McLellan Book

Rabbinic Scholarship in the Context of Late Antique Scholasticism Catherine Hezser, 2024-12-12 Based on an understanding of scholasticism as a cross cultural phenomenon undertaken by rabbinic Graeco Roman and Christian scholars in late antiquity this book examines the development of Palestinian rabbinic compilations from social historical and literary historical perspectives The book focuses on the compilation of the Talmud Yerushalmi in the context of late antique scholarly practice aimed at preserving past knowledge for future generations This book provides insight into

how rabbinic scholarship in the Land of Israel participated in the wider intellectual practices of Roman Byzantine times Beginning with the social educational and legal contexts that generated rabbinic knowledge Catherine Hezser goes on to investigate the oral and written transmission of rabbinic traditions to eventually examine the compilation of the Talmud Yerushalmi with a comparative and redaction historical approach Integrating Palestinian rabbinic education and scholarship into the context of late antique Graeco Roman and Byzantine Christian scholarly practices Catherine Hezser demonstrates how rabbinic compilatory techniques resembled but also differed from those of Hellenistic Roman and Christian scholars The book highlights how rabbinic compilations are idiosyncratic and create a distinct rabbinic identity Overall Hezser argues that rabbinic scholarship was an integral part of late antique intellectual life in the Near Middle East and should be recognized as an Eastern equivalent to Western paideia based forms of scholarship in the Roman Byzantine period and beyond
