Cases in the Sheriff Courts of Scotland ,1909 **Snow and Steel** Peter Caddick-Adams,2014-10-31 Between December
16 1944 and January 15 1945 American forces found themselves entrenched in the heavily forested Ardennes region of
Belgium France and Luxembourg defending against an advancing German army amid freezing temperatures deep snow and
dense fog Operation Herbstnebel Autumn Mist was a massive German counter offensive that stunned the Allies in its scope
and intensity In the end the 40 day long Battle of the Bulge as it has come to be called was the bloodiest battle fought by U S
forces in World War II and indeed the largest land battle in American history Before effectively halting the German advance
some 89 000 of the 610 000 American servicemen committed to the campaign had become casualties including 19 000 killed
The engagement saw the taking of thousands of Americans as prisoners of war some of whom were massacred by the SS but
it also witnessed the storied stand by U S forces at Bastogne as German forces besieged the region and culminated in a
decisive if costly American victory Ordered and directed by Hitler himself against the advice of his generals the Ardennes
offensive was the last major German offensive on the Western Front In the wake of the defeat many experienced German
units were left severely depleted of men and equipment Its last reserve squandered these irreplaceable losses would hasten
the end of the war In *Snow and Steel* Peter Caddick Adams draws on interviews with over 100 participants of the campaign
as well as archival material from both German and US sources to offer an engagingly written and thorough reassessment of
the historic battle Exploring the failings of intelligence that were rife on both sides the effects of weather and the influence of
terrain on the battle s outcome Caddick Adams deftly details the differences in weaponry and doctrine between the US and

German forces while offering new insights into the origins of the battle the characters of those involved on both the American and German sides from the general staff to the foot soldiers the preparedness of troops and the decisions and tactics that precipitated the German retreat and the American victory Re examining the SS and German infantry units in the Bulge he shows that far from being deadly military units they were nearly all under strength short on equipment and poorly trained kept in the dark about the attack until the last minute they fought in total ignorance of their opponents or the terrain Ultimately Caddick Adams concludes that the German assault was doomed to failure from the start Aided by an intimate knowledge of the battlefield itself and over twenty years of personal battlefield experience Caddick Adams has produced the most compelling and complete account of the Bulge yet written
