The Caribbean Affair An Interracial Romance:

Travel and Colonialism in 21st Century Romantic Historical Fiction Paloma Fresno-Calleja, Hsu-Ming Teo, 2024-12-16

Romantic fiction has often involved stories of travel. In narratives of the journey towards love, romance often involves encounters with exotic places and peoples. When history is invoked in such stories, the past itself is exoticised and treated as other to the present to serve the purposes of romanticisation, a narrative strategy by which all manner of things, settings, characters, costumes, customs, consumables are made to perform a luxuriant otherness that amplifies the experience of love. This volume questions the reparative function of Anglophone romantic historical fiction to ask: can plots of travel and discourses of tourism empower women while narrating stories of healing for the wounds of the past? This is the first volume to consider how romanticised and exoticised women's historical fiction not only serves the purposes of armchair travel but may also replicate colonial discourse unintentionally positioning readers as neocolonial, neo-Orientalist cultural voyeurs as well as voyagers.

Sex, Love, Race Martha Hodes, 1999

Since the colonial era, North America has been defined and continually redefined by the intersections of sex, violence and love across racial boundaries. Motivated by conquest, economics, desire and romance, such crossings have profoundly affected American society by disturbing dominant ideas about race and sexuality. *Sex Love Race* provides a historical foundation for contemporary discussions of sex across racial lines which, despite the numbers of interracial marriages and multi-racial children, remains a controversial issue today. The first historical anthology to focus solely and widely on the subject, *Sex Love Race* gathers new essays by both younger and well-known scholars which probe why and how sex across racial boundaries has so threatened Americans of all colors and classes. Traversing the whole of American history from liaisons among Indians, Europeans and Africans to twentieth-century social scientists' fascination with sex between Asian Americans and whites, the essays cover a range of regions and of racial, ethnic and sexual identities in North America. Becoming Belafonte Judith E. Smith, 2014-09-15

This biography of the singer, actor and fearless anti-racism activist is so engaging that readers will crave a sequel. *Kirkus Reviews*

A son of poor Jamaican immigrants who grew up in Depression-era Harlem, Harry Belafonte became the first black performer to gain artistic control over the representation of African Americans in commercial television and film. Forging connections with an astonishing array of consequential players on the American scene in the decades following World War II, from Paul Robeson to Ed Sullivan, John Kennedy to Stokely Carmichael, Belafonte established his place in American culture as a hugely popular singer, matinee idol, internationalist and champion of civil rights, black pride and black power. In *Becoming Belafonte*, Judith E. Smith presents the first full-length interpretive study of this multitalented artist. She sets Belafonte's compelling story within a history of American race relations, black theater and film history, McCarthy-era hysteria and the challenges of introducing multifaceted black culture in a moment of expanding media possibilities and constrained political expression. Smith traces Belafonte's roots in the radical politics of the 1940s, his careful negotiation of the complex challenges of the

Cold War 1950s and his full flowering as a civil rights advocate and internationally acclaimed performer in the 1960s In Smith s account Belafonte emerges as a relentless activist a questing intellectual and a tireless organizer and a performer who never shied away from the dangerous crossroads where art and politics meet **The Devil's Lane** Catherine Clinton,Michele Gillespie,1997-06-26 When Europeans settled in the early South they quarreled over many things but few imbroglios were so fierce as battles over land Landowners wrangled bitterly over boundaries with neighbors and contested areas became known as the devil s lane Violence and bloodshed were but some of the consequences to befall those who ventured into these disputed territories The Devil s Lane highlights important new work on sexuality race and gender in the South from the seventeenth to the nineteenth centuries Contributors explore legal history by examining race crime and punishment sex across the color line and slander Emerging stars and established scholars such as Peter Wood and Carol Berkin weave together the fascinating story of competing agendas and clashing cultures on the southern frontier One chapter focuses on a community s resistance to a hermaphrodite where the town court conducted a series of examinations to determine the individual s gender Other pieces address topics ranging from resistance to sexual exploitation on the part of slave women to spousal murders from interpreting women s expressions of religious ecstasy to a pastor s sermons about depraved sinners and graphic depictions of carnage all in the name of exposing evil and from a case of infanticide to the practice of state mandated castration Several of the authors pay close attention to the social and personal dynamics of interracial women s networks and relationships across place and time The Devil s Lane illuminates early forms of sexual oppression inviting comparative questions about authority and violence social attitudes and sexual tensions the impact of slavery as well as the twisted course of race relations among blacks whites and Indians Several scholars look particularly at the Gulf South myopically neglected in traditional literature and an outstanding feature of this collection These eighteen original essays reveal why the intersection of sex and race marks an essential point of departure for understanding southern social relations and a turning point for the field of colonial history The rich varied and distinctive experiences showcased in The Devil s Lane provides an extraordinary opportunity for readers interested in women s history African American history southern history and especially colonial history to explore a wide range of exciting issues **The Novel in Africa and the Caribbean Since 1950** Simon Gikandi,2016 The Novel in Africa and the Caribbean since 1950 examines the institutional and social peculiarities that make fiction produced in Africa and the Atlantic World since 1950 important to the history of the novel in English "Toubab La!" Adapting Chekhov J. Douglas Clayton, Yana Meerzon, 2013 This book considers the hundred years of rewrites of Anton Chekhov's work presenting a wide geographical landscape of Chekhovian influences in drama The volume examines the elusive quality of Chekhov's dramatic universe as an intricate mechanism an engine in which his enigmatic characters exist as the dramatic and psychological ciphers we have been decoding for a century and continue to do so Examining the practice and the theory of dramatic adaptation both as intermedial transformation from page to stage and as intramedial mutation from page to page the book presents adaptation as the emerging genre of drama theatre and film This trend marks the performative and social practices of the new millennium highlighting our epoch's need to engage with the history of dramatic forms and their evolution The collection demonstrates that adaptation as the practice of transformation and as a rethinking of habitual dramatic norms and genre

definitions leads to the rejuvenation of existing dramatic and performative standards pioneering the creation of new traditions and expectations As the major mode of the storytelling imagination adaptation can build upon and drive the audience s horizons of expectations in theatre aesthetics Hence this volume investigates the original and transformative knowledge that the story of Chekhov s drama in mutations offers to scholars of drama and performance to students of modern literatures and cultures and to theatre practitioners worldwide

Mixed Race Britain in The Twentieth Century Chamion Caballero,Peter J. Aspinall,2018-05-07 This book explores the overlooked history of racial mixing in Britain during the course of the twentieth century a period in which there was considerable and influential public debate on the meanings and implications of intimately crossing racial boundaries Based on research that formed the foundations of the British television series *Mixed Britannia* the authors draw on a range of firsthand accounts and archival material to compare official accounts of racial mixing and mixedness with those told by mixed race people couples and families themselves *Mixed Race Britain in The Twentieth Century* shows that alongside the more familiarly recognised experiences of social bigotry and racial prejudice there can also be glimpsed constant threads of tolerance acceptance inclusion and ordinariness It presents a more complex and multifaceted history of mixed race Britain than is typically assumed one that adds to the growing picture of the longstanding diversity and difference that is and always has been an ordinary and everyday feature of British life
