*The Case for Scottish Independence* Ben Jackson,2020-07-09 Scottish nationalism is a powerful movement in contemporary politics yet the goal of Scottish independence emerged surprisingly recently into public debate The origins of Scottish nationalism lie not in the medieval battles for Scottish statehood the Acts of Union the Scottish Enlightenment or any other traditional historical milestone Instead an influential separatist Scottish nationalism began to take shape only in the 1970s and achieved its present ideological maturity in the course of the 1980s and 1990s The nationalism that emerged from this testing period of Scottish history was unusual in that it demanded independence not to defend a threatened ancestral culture but as the most effective way to promote the agenda of the left This accessible and engaging account of the political thought of Scottish nationalism explores how the arguments for Scottish independence were crafted over some fifty years by intellectuals politicians and activists and why these ideas had such a seismic impact on Scottish and British politics in the 2014 independence referendum [Minorities and Populism – Critical Perspectives from South Asia and Europe](#) Volker Kaul,Ananya Vajpeyi,2020-02-28 This volume assembles renowned scholars to address for the first time the

relationship between minorities and populism in South Asia and Europe from a critical perspective Despite the very different and to some extent opposite historical and political trajectories there is today a convergence on nationalist affirmation and on majoritarian politics between South Asia and Europe In India the Hindu majority rebels against wide ranging minority rights anchored in the Constitution In Europe the refugee crisis and Islamic radicalization bring to the forefront the postcolonial legacy Despite all rhetoric there are obvious dangers of majoritarianism Populist parties are divisive partisan disregard minority rights engage in lynching social division stigmatization and exclusion turning minorities into second class citizens There is a profound structural connection between minorities and the current rise of populism in India and Europe But there remains a deep perplexity and also anxiety Does the presence of minorities necessarily have to trigger majoritarian policies Are there no solutions to this dilemma Many observers considered multicultural policies and affirmative action programs in India as a possible model for Europe to adopt in order to achieve greater integration But eventually they seem to have failed Why so Are multiculturalism and the recognition of differences still options today On the other hand most scholars in India typically reject the European model of liberal democracy and secularism as impracticable in India and locate the reason for the current malaise in the west But is liberal democracy really so bad in dealing with pluralism This volume collecting a selection of the Reset DOC Venice Padua Delhi dialogue series is going to answer two fundamental questions First what precisely is the nexus between minorities and populism in South Asia and Europe Starting from those case studies the authors will also draw some general theoretical inferences about the nature of populism Secondly given the dangers of populism for minorities the volume will look for the most adequate and feasible solutions Understanding Terrorism ,
